## Transcript

Because most of us follow Google all the time, and the little lady, and the lady in the little box in there tells you, turn left here, turn right here, go here, go there, and we just follow those instructions. And yet when God says, do this, do that, we don't follow the instructions, and we wonder why we get lost. We wonder why we don't end up where we're supposed to end up.

If only we'd listened to the voice of the Spirit, directing us step by step, moment by moment.
