Let's jump in and see where we end up. I had a few prophetic things to share, if that's okay. This is how I'm bent a little bit and hear God and just want to be obedient to that and let it land where it will and then we'll make room for hopefully the Holy Spirit to move and I'm excited.

We'll just see where it ends up. So I'll share this first. I had a, trying to think which one to share first.

I'll share this one first. So I saw in prayer, and many of you, I'll give a quick, but prophetic's unique. Okay, you see pictures and symbols often, you guys understand that? It's all in the Bible, but people that don't see it there often, you know, can kind of be strange sometimes.

But I saw myself in prayer regarding this event come up to a beaver dam and I knew I had to break it so that, it's just crazy. Eric's quoting all these verses that I was, you know, but I definitely feel they're in tandem and Daniel was real prophetic to put us together, but I knew one of the small part I was to play in this was to break this dam so water could flow. And, you know, that you just see things like this often, the prophetic symbols, they have meanings, you know, I just had to learn and it's very biblical.

You see in Judges chapter 7 where actually God gave a dream to the Philistine camp, the opposing Gideon, and of all things they go into a dream where they see a bread loaf rolling down the hill. You guys remember that? Judges chapter 7. I think they were keto or something because they thought the bread, they just knew the bread was their enemy. I don't know.

Philistines were low carb. I don't know how they interpreted that, but these are instances you see often in scripture where God uses these symbols to speak and sooner they, that's none other than Gideon, the carbohydrate of the Lord. He's coming to take us out and you see, you know, Pharaoh, he has a dream, seven healthy cows, seven skinny and sheaves of wheat.

Peter in Acts chapter 10, it's a sheep came down filled with bacon. That's my version. And anyway, so there's symbols like this.

So I knew this Beaver Dam, all of us know beavers, basically the dam up flowing water. So it stops and it's stagnant and they stopped the flow of the river. And so I knew at some point, hopefully here in a second, we're going to break that dam and let the Holy Spirit flow.

Is that okay? Yeah. Often if you see things like this or whatever, it's often religion, false ideologies, just things that happen in life to all of us, if we're honest. And, uh, it stops the flow of the spirit in nowhere in scripture.

Do you find Jesus like Derek just mentioned or the Holy spirit tied into still, uh, or stagnant dead water? It's always rivers always. And that we want the water to flow. Um, one of my favorites is Psalm 46 for the Bible says there's a river whose streams make glad the city of God.

You guys ever heard of that verse in Psalms chapter 46 verse four. Well, there's a river that I believe it's going to flow here shortly. And it's got streams even that come off of this river tributary.

So if you think you're in a safe place in here, you're not just, that's where I'm going with this. You might want to find an exit door here pretty quickly, but there's a river and it's already massive. Listen, Jesus.

Even it says he has a voice as of roaring waters. We're talking Niagara falls here, John seven. Yeah.

It'll start flowing too. If you receive, uh, John seven, Eric quoted it. Jesus says out of your belly will flow rivers.

So also if you just a little bit later, when we pray, if you see like somebody is being a stick in the mud, don't say anything, just kind of turn your belly out. I'm a little bit. You know what I'm saying? Those tributaries of the Holy spirit.

We'll take them out. It's a lot of fun. They won't know.

You can just like, act like you're looking at a neighbor, bam, just worship brass, Stein, a brand dogs. And, uh, and the river will flow. So anyway, Psalm 46 four, man, there's a river who's stream.

So streams take off from it and just start taking people out, um, that make glad the city of God. Isn't that awesome? How have you liked to be glad? Yeah. My likewise, you saw Eric, man.

He's one of the most giddy people. I mean, you can see it. He just can't help it.

It's because he's, he's, he's just been smoked by Jesus every minute of his life. And, uh, I don't know how far we're going to get, but Hey, I broke my new record though. I've miracles.

So, um, ah, Hebrews, this is another really good one. You can just receive, you know, Hebrews one nine. I love this one.

Psalms 45 seven. It's in both places. Bible went out of its way to make sure that it was mentioned twice.

It says this about Jesus Christ, the one you and I are filled with. If you're not born again, you've got to get born again. So anyway, it says Jesus Christ, because he loved righteousness.

He, he really is infatuated with righteousness. And also he hated wickedness, not the wicked. He loves sinners, but wickedness, no time for it.

But because of that, it says, God has got to look down and anointed him. She just fell out of the aisle. Wow.

That was awesome. It's like the Lord just thumped her, man. She rolled that out.

I saw, look just at the right time. That was awesome. That's those tributaries.

I'm telling you that snake off and just take people out. You don't want to get hungry right now. That's a bad move.

He, uh, he anointed Jesus. I said that part already. You can read it.

It's Hebrews one nine, 45 seven is in there twice, man. It's so good. It's in there twice.

Yeah. Yeah. Yeah.

Yeah. Why don't you do this? If you, uh, you could just lay your hand on your neighbor. It would be awesome.

Just let the Holy spirit flow. Go ahead and be filled. Yeah.

Yeah. There it is. Sometimes you can just kind of poke them in the ribs.

Yeah. All the way in the back. There it is.

The river whose streams make glad the city of God. And real quick while you're just in the presence, the, uh, I had a dream. I won't share all the details, but there was somebody crystal clear in this dream.

This you're going to be called to Australia. Um, God's going to pluck you out and call you to Australia is really powerful in the dream. I'll share it.

Actually. It's fun. I got a little time.

I kid you not the powers hitting this person. And I'm sitting there releasing an impartation in the dream for this meeting. And I'm going kangaroos didgeridoo.

See, I'm not kidding in the dream. And I'm here like a didgeridoo. It was powerful, man.

God's got a sense of humor, but whoever you are, listen to me. You're going to get rocked. And there's something with you going to Australia.

I also saw Cairo, Egypt. I think it's something with nations church as well. Man, there's nations.

It's these commissionings, these dreams and things that were coming a vision Cairo, Egypt, and John one 51 is going to be a key verse for you. Whereas Jesus says, you'll see angels of God ascending and descending upon the son of man. There's really something to do with angelic assistance, accompanying somebody being called to Cairo, Egypt.

You're going to be very familiar with the angelic realm. Hebrews one 14 says, aren't they ministering spirits sent to assist those who are to inherit salvation. And so Cairo, Egypt, and your infatuation for Jesus, the ladder, the angelic realm is going to really assist you.

And then just last night, I went into a, um, uh, a dream that many of you here, um, the Lord's going to move you out of your hometown. Uh, the, where the Lord came in the dream and you're going to notice favor is going to lift if it hasn't already. And he's moving you, um, you know, don't everybody's up and move now and put your house on the market, but here God, but I knew there was something to do with people still staying in their hometowns for practical reasons.

You know, my family's there. I, we have this, that, and the others already set up, but just be open to hear God. Cause he's going to start plucking people out.

I saw it in a dream and moving you for a great purpose with, with tribes and things that he's trying to do. So, so yeah, Australia, Cairo, Egypt, people being moved. So just pray right now, if you keep your hand on your neighbor, let's pray for that.

I want whoever that was to get taser gunned for Australia. It may be a live stream as well. Just receive, just begin to sing in the spirit.

How many of you are filled with the Holy spirit in here? Yeah. So as you release that river, just pray and sing in the spirit, like tongues of angels through this place. Let's just get lost.

Shall we? It's the last session last night. Yeah. Just let it out.

You don't have to sound real pretty. Okay. And as you sing in the spirit, be filled.

Let those rivers that, that Eric mentioned flow, let them flow and fill you and fill your neighbor. Just get lost in the glory of God. Now, right now, those being called to Australia receive it right now.

The Lord says, who may I send being sent to Australia, kangaroos and didgeridoos, Koala bears, everything in between Australia, Cairo, Egypt, angelic assistance in Jesus name minutes. As you continue to receive, I just want to read Philipians three eight to you. The Lord's really been on this.

Yes. Everything else is worthless. When compared with the infinite value of knowing Christ Jesus, my Lord, just Wednesday, I saw him in a way I'm not going to go there, but listen to me.

I just want you to know that it's really on his heart right now that we know him very, very intimately. We know we're in the last hour and you see in Matthew seven and 25, a company, I won't go there for the sake of time, but a company, they meet the Lord at the end. And all that mattered was, did they know him

or not intimately? And that word no, there means to know in a deep, intimate way by firsthand contact and knowledge.

If you look at the Greek, it's to experientially know to know by seeing. I just want to encourage you guys really to springboard off of what Eric said, that we've got to come into a place of deep, deep intimacy in this hour while we hit the gospel. Like, like Ben mentioned, both, you know, God's always, uh, both.

And he's never either, or you know that, and they're awesome. So the great commission, but deeply knowing the Lord in Jesus name. Awesome.

I'll get out of the way and let them, uh, I don't know who's doing communion, but just give God praise and continue to drink. Thank you for your time.
