

# It's All About Jesus - Part 1

by Brian Guerin

---

*Brian Guerin emphasizes the importance of being filled with the Holy Spirit and living a life centered on Jesus in these crucial times.*

**Duration:** 1:04:58

**Scripture:** Matthew 11:28, Acts 10:38

**Topics:** "The Power of the Holy Spirit", "Living a Pure Life"

---

## Description

Brian Guerin emphasizes that it's all about Jesus, encouraging the congregation to expect a powerful move of the Holy Spirit in their lives. He speaks about the importance of living a pure life, being filled with the Holy Spirit, and the necessity of aligning oneself with God's will in these times. Guerin highlights the urgency of being ready for God's special purposes and the need to turn away from distractions and sin. He reassures that the Lord is not surprised by current events and is actively preparing His people for a greater outpouring of His presence. The message calls for a deep infatuation with Jesus and a commitment to His word as the foundation of life.

Wow, it feels really good out here. Normally I say in here, but we're out here. How many of you feel the presence of God? Man, come on, Jesus, we have a tent.

This feels like old school Holy Ghost. You know, it may get dangerous in here. Out here.

It just feels really good. I like to call it saucy. I don't know if you know what that means, but it's a lot of the Holy Spirit, a little bit of the enemy.

That's what that is. Wow. Come on, Jesus.

If we can give a hand to the worship team, that was incredible. Oily, that's another one. That's another really good one.

Pastor Bob, want to give him a hand. Thank you so much for letting us be here. I love and honor Pastor Bob big time.

And Laura, if we can give Laura a hand. Love you dearly. Yeah, such an honor to be back with you guys.

It really is. Was it last year? Okay. Wow.

I was trying to figure that out. It's just so much has changed and it's been busy. And all I remember is we tried to come here last year and we did, and there was a bit, I don't know if you all remember, but there was a big circular rainbow over the property.

And, uh, I feel like heaven set us up and kind of foresaw this. I don't know. We'll just see what will happen.

But I was thinking about it, honestly. And this dear brother gave me a prophetic word too. And I feel like, um, I don't know.

We're just set up, you know, and especially in these times, listen to me, Holy Ghost comes strong. When you see the enemy starting to play cards that are strong, show a show of hand in the, in the world, the Holy Spirit always comes stronger. I don't know if you know that.

Yeah. So I just want to raise your expectancy. I think I'm with you all tonight and tomorrow morning.

And I say, we just kind of go fifth gear. If there's another gear past that and go to that one as well. And, uh, yeah.

And believe for how many need healing in your bodies. Come on. We're going to believe for the power of God to touch you.

And, um, and honestly, just, I'm, I'm super real. Is that okay? I'll just be real with you guys. I don't care if you wear a mask.

I think some of them are look pretty cool, so I don't care. I don't really wear them. But what I do know is if, if we lay hands on you also, I may breathe on you.

You don't have to, if you don't want prayer, you're going to get numb, but the Holy Ghost in here, I'm just telling you, um, the end of the book of John says that Jesus literally breathe the Ruach breath of God upon the disciples. And they got full of the Holy ghost. He said, be filled.

And, uh, man, I just, I keep hearing that even in worship, you're going to be healed, filled, and we just want the power of God to hit this place. So, um, but again, I'm good. I don't care what you do.

I just want to encourage you and build your faith. That's all the Bible says. Acts chapter 10, verse 38, I feel authority, man.

You can just feel it in this region. Um, acts 10 38. The Bible says, Jesus went about doing good, healing all that were oppressed of the devil.

How many of you yesterday, today and forever. And I'm telling you this power, I believe is going to come super strong. Um, we were just in Maine and they kind of blew the governmental restrictions there a little bit, but I thought it was awesome.

And, uh, Holy spirit moved powerfully. It was deliverance and, and the Holy spirit came through. And so I just want to encourage you guys, um, just really sense the presence.

And I say, we just go for it. We've got some super soft grass here too, in case bodies start flying. Um, I was checking it out, you know, as a preacher, you watch that type stuff.

I preach all over the world. And a lot of times you just got to be calculated. This is, this is wonderful.

So you can go anywhere. I mean, this is, this is beautiful to, this is like paradise. I'm going to go ahead and see if y'all can have me back next year, possibly, but, but, um, but no, I do want to say that like, like you said, this is only my second time.

Yeah. And it just feels really, uh, yeah, yeah. This, you guys feel really at home here.

You can sense it in the spirit and love and honor you guys big time. So, um, where are some of you from anybody outside of Indiana? Raise your hands. Wow.

Oh my goodness. Where, where are you all from Detroit? Nice man. Come on.

What's your name? Matt. Wow. I see you in the gym, bro.

I need to get on that diet. You're looking good. What's up? Where, what are you doing? You flew or drove? Oh, come on.

We should have been on the same flight. Monique, the one and only. Where are y'all from? Oh, Texas.

Nice. You know, I lived there. You did a little bit.

Yeah. And Conroe, where else? Michigan. Nice.

Michigan. Wow. Is Michigan close to here? Okay.

Okay. That's awesome. I'm super geographically challenged.

I don't know what's anyway. I just make sure I get on the right plane and I go to the right place. Uh, where else you can yell it all the way from the back.

Georgia. Come on. What part? Atlanta.

We followed each other. Come on Jesus. Hit them all the way in the back.

Any, anywhere else? South Carolina. Come on Jesus. That's amazing.

Awesome. What's going to get good? And, uh, do we have a time restraint? We're trying to watch. Okay.

You all want to do one, two in the morning or what? I'm teasing. I'm teasing. I think it isn't going to get dark on us.

We have to be like Holy Ghost hide and go seek or something in here. So I'll try and hurry. Oh yeah.

We've got cell phones. We can do the lights. So yeah.

But man, Oh, where? Come on. Give it up everybody. Wow.

Y'all need to come up front. Take my seat. That's amazing.

Honestly, you can totally come up. Um, wow. So welcome everybody.

Really excited to be with you guys again. I came from Georgia. I'm from Louisiana, but it's just a little hopper flight.

We didn't move too far and I just came from Georgia. Really, really excited for what the Lord is going to do. I'm telling you, man, you can feel it.

I get it. You know, I don't really watch a whole lot of news, but you know, I'm not in a cave either. So I'm not, I get it.

And man, heaven's up to something. I'm telling you y'all know the Lord is not taken by surprise at all. He's all, when you see the enemy playing strong, the enemy sits in the, the, the Lord, when the enemy, you know, is overplaying his hand.

Sorry. The Lord sits in the heavens and laughs. I'm telling you, he's, he's not surprised by anything.

He dominates this world. And, um, you can just hear the things in the spirit. I will say this and things I want to touch on prophetically if that's okay.

And that's super encouraging. The, uh, 23 prophetic things. I had no idea.

Usually never do just kind of just love Jesus and go for it. But, um, but I have noticed, which I'm excited about because how many of you love the fullness of God, the fullness of Jesus Christ, the fullness of the Holy spirit and all of his splendor. I have noticed really start Angela.

How are you? Um, last year, honestly, I could see the tone of the Lord's voice begin to shift a little, with a little more sternness in honesty. It's beautiful to me. I don't care how he talks.

He's beautiful altogether. Lovely, perfect love at all times. And, um, and you're starting to see why now, and I just want to encourage you guys to meet young people.

I just sent such hunger and, uh, I believe we're going to hit with the Holy ghost and fire. Some of you may say, I don't know what that is. We'll just, just let us get our hands on you and, uh, and we'll see what it'll shake out.

But, but I'm telling you, you're a slight bit hungry in this hour and make a few tweaks. What's up fellas. How are y'all? Um, did y'all join the academy? I knew it, man, dude.

I saw your faces come through. I said, no, no need to pray about y'all, man. He approved on the spot.

Super stoked to have y'all. Um, but if you're a slight bit hungry right now in this hour and dial a few things in getting the foxes out, I don't even know we need to appear in this hour. John the Baptist paved the way, make crooked paths straight.

Why? So Jesus could step on them. Jesus doesn't step on crooked paths. He doesn't step on them.

Sorry. He's the, he walks the highway of holiness and there's a people right now who's wooing in such a beautiful way to where they make that path in their heart pure and straight and he's coming in like a wildfire. He's possessing people.

He's raising up a company right now that I believe you're going to see step into things unprecedented, never written in the history books. And I'm a, I'm a student of history and revival in the church. I'll be able

to look at this tent.

My background, I used to build, am I too loud back there? Oh, good. Okay. Uh, my background, I used to build custom homes for years, about a decade.

And I love just how structure works and to watch things. I was looking at this tent and I begin to think back a generation prior, you know, you had like Jack Coe and A. A. Allen and Oral Roberts and these hard hitters, man, that are generals of mine, uh, William Seymour, even back further, John G Lake and these guys. And it reminds me of this time that, um, God moved in such power and yet the latter rain is going to be greater.

You know, you understand. Sometimes you look at the outward and you think, man, I don't see how, but I'm telling you, the enemy is only playing checkmate right now. He's checkmating himself.

Sorry. You know, I don't even know how to play checkers, but basically I know you can get trapped. And if somebody says the word checkmate and they went, so, so that's what the Lord always does to the enemy, whatever pieces are wherever, but he sits back sometimes and he lets the Lord Jesus Christ be crucified and the enemy thinks he won.

Now salvation is open to all mankind, resurrected glory, the flawless son of God. And I'm telling you what you're seeing right now is the enemy moves some pieces around, but the, the Lord has a company that he's raising up in this hour. And I'm telling you, if you're the slightest bit hungry, live pure right now, this, this is the hour I'm telling you.

Um, and there's this, there's, yeah, there's this current of the Holy ghost picking people up and launching them right now into this place if they'll just align. And this isn't the time you want to get caught behind and play catch up. I mean, what else is there anyway? Honestly, when you really start looking at life, it all's kind of dull at the end of the day.

Anyway, social media, all the voices and the noise, man, give me the voice of Jesus, his presence and his power. And I'm good. And so I want to encourage you guys, young, old, how many of you say, well, I'm a little bit older now.

I'm right there with them getting the graze. I mean, I'm 42. I'm kind of, I don't know.

It's funny. We were on the phone with CPA the other day at the whole nonprofit stuff, my assistant and phone calls. I don't like to get into, cause I don't know how any of it works.

And they're talking all this stuff. And the CPA is like, yeah, I mean, think about it. You're not too far from retirement.

I was like, what? I'm like, first off, what does that word even, you know, I'm teasing, but I was like, yeah, I'm definitely not my, my daughter's driving now. You know, I'm like, I'm definitely not a young book. So, but if you go super old Testament, he not live 365 years.

So if you want to get super biblical, it can play in your favor. You can be like, man, I'm still young. They live to be hundreds of years, you know, and, uh, I'm teasing, but I just want to encourage you guys, whatever the age gap is, wherever you're at, this is the finest hour.

And you were plucked in this, this timeline of, of all of eternity. Can you imagine that? I don't even know the Bible speaks more about this day and age than any other generation. Isn't that crazy? The Bible speaks about the last day company before the Lord's return.

How many know he's not far out. Can you sense that? Yeah. The Lord that that's why his voice, I could tell us that this was before everything got interesting.

I saw him change his voice still. So loving, full of kindness, grace, mercy, so compassionate and true. I look into the eyes of Jesus.

We're going to weep, man. I'm telling you, this is not a game. He's everything.

It's not the time right now to be tiptoeing doing the Sunday to Sunday thing. I'm telling you, you want to get possessed with Jesus Christ right now. I mean, where you don't really, you're brainwashed lovers.

You ever heard that thing? Well, he's too heavenly money. He's no earthly good. That's a hogwash.

You've got to be so heavenly minded. That's the only way you're earthly good. We're seated in heavenly places.

Ephesians two six. I mean, I just want to be brainwashed with him. I don't care what people think.

I don't care what's popular. Listen to me, young folks, don't give a rip about what's happening. The current of the world, you only get caught up in the Lord's glory, his presence of voice right now, like never before, whether it's popular or not.

I love it. I was teaching recently and you begin to watch the mess sound up or anything. Oh, no.

You begin to watch like the kingdom and you can tell they're not biased or they're not on one side or the other. Their kingdom. How do you know we're people of the kingdom? How many of people are not born again in here? Just trying to trick you.

How many are born again? Let me get people. OK. Few people didn't raise their hands.

I'll get you one way or the other. We have all to call later. But anyway, if your sons and daughters of God, bride of the bridegroom, however you want to see it, you're of the kingdom.

The voices and the size down here don't play a whole lot into it. We love you. Jesus looks down and sees the blood washed saints and those that aren't washing the blood.

You got to understand that we see a bunch of divisions and all this stuff. And we just we do love humanity. He died that all men might mankind might be saved.

But right now, more than ever, we've got to focus on that. And so the angelic was teaching on it recently. And you see them a couple of times where they just don't play the whole game of whatever's going on in the world that they're not caught up by.

They're caught up with Jesus, his voice, what he's doing. And that's what they bid to do his will. And we've got to embody the same thing.

So you see it. I love one's kind of funny in Zechariah four. I was just teaching on this.

An angel came to him. How do you believe in the angelic realm? It's really, really important. Mentioned over 150 something times in scripture.

Angels minister to Jesus Christ, the flawless lamb of God, twice recorded in his earthly ministry. Hebrews 114 says they're ministering spirits sent to assist those who inherit salvation. In Revelation three, Jesus comes to the church of Sardis.

He says, I am he who holds the seven spirits of God and the seven stars in my hand. The seven stars are the angels over churches. He's saying something there in his last hour.

You're going to need to be familiar with the angelic realm, their assistance ministry. Why? To fall more in love with Jesus, to obey Jesus, all about Jesus. That's the name of this conference, but they're a big key role.

So Zechariah four, Zechariah says, what are the two olive trees? He's caught up in this, this mysterious vision. And you'll notice, I won't go through the whole thing, but several times the angel doesn't even answer him. He just releases the word of the Lord, a prophetic word.

He says, I asked a second time again, what are these two olive trees? And he even says, you don't know what those are. He says, no, my Lord, what are they? And he ignores him again. He finally, the third time he answers him, meaning angels, they always want to point back to Jesus, I believe, of course.

And they do the authentic, but you also see, um, all is it Joshua you had before Jericho. Is that April back there? What is up? Where'd you come from Georgia? You didn't, you didn't say Georgia. I'm teasing with you.

Oh, that's awesome. I'm totally teasing. Um, but you see Joshua, right? Crosses the Jordan water split.

Isn't that interesting though? They both had to take their shoes off and they both cross splitting water, you know? And, uh, but anyway, angel, the Lord of hosts comes to him before Jericho. We all know the story. And sure enough, Joshua, in this earthly mentality, he says you for us or for them, he gets into these sides and all this stuff.

Angels like I'm with none of y'all partner. I'm with the kingdom. And I'd advise you real quick.

That's where you get how deep, deep intimacy, complete infatuation, and fall in love with the word of God. Listen to me, where your Bible out, listen to young people, find a version you like. I don't do the King James.

Okay. So I can relate. I think it's awesome.

Those that can, I can't even comprehend it. I'm like that with anything and I'm one verse in and I'm just beating my head against the wall. So I'm okay.

I hope that's okay. That's your Bible with versions. Yeah.

I just want, I love to respect authority too, but you know, um, there's versions that comprehend well to you, but in this hour, listen to me, fall in love with the word of God. You've got to get back to it. In fact, pray.

You said, well, it's kind of boring to me. That shows me you need to eat more. How you become hungry in the kingdom is you eat more in the world.

You eat to become full in the spirit. You eat to become hungry and just carve it out. Look, this is non-negotiable right here.

It sounds so elementary ABC, but I'm not going to get a show of hands, but you would be your, your mind would be, would boggle at how many people don't even daily partake of the word of God. I'm telling you, you're not going to shake nations. Sorry.

I'm getting direct now, man, but this is where I've seen his voice come. You think the momentum, the enemy doesn't play fair. I don't put a whole lot of attention on him, but I'm telling you, we need people right now.

So infatuated with Jesus Christ. Well, I want destiny, but you won't crack the word on a daily basis. These prophetic words that have been released that are accurate.

They're accurate. They're floating over you, waiting for a vessel to land on to be fulfilled, but we're not yielded. We still want all these foxes in our world.

And we don't want to crack the word and live hungry and full of fully possessed by intimacy in Jesus Christ. I'm telling you, this is not the time. The tracks shifted a bit and it's still the loving Jesus, but he's not playing games, man.

And I think it's awesome. It excites me. I'll tell you a lot of, you know, there's a payday candy bar up here.

That's gotta be prophetic around payday. Sorry. I'm just like, that's awesome.

I'll take that. I don't see anybody claiming it, man. That's my payday.

Yes, Lord. But many of you know, what time is it? Yeah, exactly. Oh, we're good.

Many of you know, I have two children. My son, Judah was with me last year. Hopefully I can bring them next time.

Zoe, they would love you guys and this whole setup. And then you get to come this time. But my son, we just finished.

How many of you know, too? Joy will start breaking out joy grenades. So how many of you know, you don't know what joy grenades are? Oh, she knows what they are. Okay.

Yeah. So it's pretty simple. Galatians 5:22 says the fruit of the Holy Spirit is love.

How many of you need more authentic love in your life? I do. Very next one off the branch hangs ripe and rich every day is joy. Bible says Jesus Christ was anointed with the oil of gladness beyond his peers and set him up beyond his peers.

If you look up that the origin of that word, it means hilarity, laughter. It was like giddy joy. Jesus Christ on and on and on.

Ephesians 5 Paul says, don't be drunk on wine, but be filled with the spirit. Peter book, book of Acts stands up the first profound statement to declare Joel's prophecy coming to pass. He says, we're not drunk as you suppose.

Holy Ghost is on the breakout. And so if you begin to feel a little happier than normal, just lean in and he'll begin to bubble up like rivers joy. And I'm telling you, guess what's amazing about it.

Wherever the Holy Spirit is, there's liberty, complete freedom, addictions, fall off healings and bodies. He knows nothing else, but complete liberation and pointing back to Jesus. So that's, that's a lot of fun.

And, uh, that's awesome. That's always good. Yeah.

Do this real quick. You can keep listening to me. Just touch the person next to you, just real soft with one finger and say, filled, be filled, be filled with the Holy Spirit right now.

There it is. Receive a fresh filling of the Holy Spirit and a payday. I'm getting kind of hammered up here, man.

Yeah. So, uh, many of you know, the Lord's super sneaky, man. Yeah.

You know, a lot of times he he's intoxicating his bride and wooing her. A deep love happens, man. Encounters.

I've seen people rocked in joy and you think, well, come on, man, let's get spiritual here. And it's like, it's some of the deepest spiritual stuff happening. You ever saw complete deliverance infatuation with the word and the Lord.

And, uh, anyway, so I, uh, you all know, I have two children and, uh, and, oh, so we just, um, yeah, I guess it was last year or whatever we had went. Oh, that's what I was going to say. How many of you know, we've got to raise our kids up, man, going for it.

I'm convinced like, like you young ones, man, y'all are going to take this torch way further than we ever knew. You know, I'm convinced just raw power, no compromise, deep, deep rooted in the word men and women, young men and women of character, purity, holiness. They keep their word, man.

They don't walk in the path of the wicked. They love them. They just don't walk in the path.

There's a big, big difference. They're not wooed by him at all. They actually suck them in like magnets because they're so full of life and power and love.

There's no thing like the body of Christ in the earth. There's no thing like it. I'm telling you people possessed by heaven.

There's no one like them in the earth. So anyway, uh, we've got to raise our kids this way. How many of you have children in here? Yeah.

And just let them man, go for it. You got to seek the Lord corporately with them. Let them seek the Lord on their own.

Let them be themselves. Um, you, you guys get it. You know, I remember when they were real young, we would pray corporately in the living room and it was like mayhem.

You know, it was like, how can God even meet us in this? And my daughter's like shop and she's pacing over here. And my son's like on this wall. And I mean, I can't think I'm very orderly.

So I can't think straight. And I'm like, it don't matter. We're going up to heaven.

And I begin to learn like they're their own way before the Lord. And I want you to be encouraged in that. Be you with him.

You don't need to mimic or cookie cutter replicate. And some of the most deep covenant people I run with that are revered dearly in the Lord. We're polar opposites on how we relate to the Lord, when, how all of that.

And so be you before the Lord, but go for it and raise your children right now is the hour. Listen to me. Why do you think there was a lockdown too? We're back in the house and families to pray together and just take advantage of this time.

I think it's unlocking now. Is it here or not? Not as much yet as well by us. And, but it shouldn't be an abnormal thing that we really go for it together as they've gotten older.

We know like I'm just raising them since they're young. Like we don't, we can't survive without his presence and voice. He is the manna that came down from heaven.

If you start to really set your, is that frogs, man, that's awesome. We have those. Okay.

We have those behind our house. They're great. Um, but you know, what's that? Oh yeah.

The frogs want the Holy ghost. They can come right up to the edge of the tent, but we'll keep them right on it. I'm teasing.

Um, but basically, you know, we, oh yeah, the manna, you want to set your life up around his presence and voice. Listen to everything. Secondary in him.

It's all about Jesus. He is the hinge pin that your whole life should swing on. And, and you know, would encourage you to practically go back and look at your schedule and look, cause if we're honest, things get busy, noises get loud.

There's a lot of stuff that happens and we've all been there. But if we're not careful, sometimes we get a little bit derailed. Ever been there.

I have a bunch and the enemy, if he can't get you to go full swing one way into the kingdom of darkness, he'll just twist a few things and get you into Martha or something else. And, uh, Oh, that's one thing too. I do want to, before I forget, I had a prophetic dream last night.

Crystal clear, woke up out of, before it went on the plane and came here, that religion where I don't know some of you, where you came from or what, but specifically religion was binding. Some of you in a place and adding guilt and shame and keeping you locked in by guilt and shame in the heaven's going to blow it up, blow it off. Yeah, I saw it.

It's like it was coming in a voice that seemed spiritual and it's a religious demon reminding you, locking you into guilt and shame. That's not a touch of God's voice at all. And it kept having you bound.

I could see these keys that you kept didn't want, you wanted to give up, but it didn't feel like it was right. And it was this, this, this dream of religion. And then the Holy spirit wants to take you, blow you out of that place into deep intimacy and relationship and be free.

Look, he's, he's a God of mercy. I have, you know, since his, his voice of severity, but he's kind and compassionate, slow to anger. I love a verse in Hebrews, the way it writes in the NLT, it says he has forever made perfect those that are being made Holy.

I remember when I read that, I was like, man, typo Paul, like what in the world, you know, it's debatable, but some think he wrote Hebrews, he forever made perfect those that are being made Holy. And so you need to know that, like, you know, even the book of John says, look, if you claim to have no sin, you've lied, but also the Bible says, be perfect as he is perfect. So there's high standards would go for the Lord.

But you know, when you, when you, uh, sin, you have an advocate with the father, Jesus Christ, he washes you, makes you new, never sees it no more guilt and shame or from the enemy to paralyze you. That's what it was in the room was a paralyzing religious spirit. And you were thinking it was God and it's binding you and stopping you in your place.

It's not from God at all. I love it. I touched on it recently.

You see, um, anyway, but forever made perfect those that are being made Holy, meaning he sees you through the blood of Jesus from start to finish. He sees you perfect, but he realizes along the way you're being made Holy. Does that make sense to you guys? Uh, I love it.

And there's this powerful, um, account that happened with a man about a generation ago named Roland Buck. Some of you have heard of him. It was just a normal pastor.

The Lord picked and began to take into some encounters heavily in the angelic realm. And I touched on this recently, but he got taken to this heavenly experience and he began to see record books of the generals of old. And they began to see Abraham, David, Samson, all, you know, all these, these generals and nowhere in the books in heaven were the, the, the wrongs and the places they fell short.

And he's like, Lord, what about Abraham? When he lied about his wife, Sarah and said, it's his sister. He wasn't in there. David, all these, these issues.

And again, I'm not condoning compromise at all. You hear me. I'm going to touch on both, but he's in heaven now on the other side of the new covenant that we have through the blood of Jesus.

He asked where are these records, Lord? And the Lord says, I don't keep records of wrong. You know, first Corinthians 13 says love keeps no record of wrong. And you say, well, I don't know about that.

We'll go to Hebrews. Then 11, you see the generals, the hall of faith, hall of fame, hall of faith that you have Samson, you have, um, Sarah member, she laughed. It's righteous.

Abraham righteous. You don't see their flaws anywhere in there now written in the new covenant. And so I just want to encourage you guys when the enemy's bringing this up before you trying to paralyze you.

And he talks really loud in spiritual ways. It's totally demonic. Holy spirit convicts, he calls higher, he addresses foxes that are current.

And so I want you to be free of that anyway. Um, so we were just in a Daniel fast. You got to raise your kids up going for it, man, fasting.

How many, you know, that's really important. Just want to tell you guys that's biblical. You know, if you, if you don't, you just study it out for yourself, but I just, I think, how many of you know, I think we need to return to like the foundations that are solid, the Bible, fasting, prayer, pray in the Holy ghost.

I mean, you know what I mean? Worship like the solid stuff, man. I was, um, I'll read it for you. We'll keep this official and read a so you guys don't say we just, uh, but no, listen, I, um, earlier, I think my phone will work.

Yeah. Earlier this year, I released this 2020 prophetic stuff. I'll see out for the year at times.

And, and listen to one of them that I had seen was, and I'm telling you, we're stepping into it. It's going to ever increase. This is not a doom and gloom.

I'm not one of those guys. I'm just a Bible guy though. Love the Bible, love Jesus.

And listen, I'm telling you, we're stepping into this more than ever before. We need people that are possessed by the word of God, the Bible, authentic word, not twisted the word. So, but watch this.

It says, this is Paul second Timothy chapter four, verse three for a time is coming when people will no longer listen to sound and wholesome teaching. They will follow their own desires and we'll look for teachers who will tell them whatever their itching ears want to hear. I'm telling you, you're going to start seeing a further and further divide of these companies right here.

Those that are rooted solid in the word and those that just want to hear what they want to hear. And we're not trying to be like, we're better than and point fingers and form camps. It's just going to by default happen.

I'm telling you, we're in this and it's going to increase. They will reject the truth and chase after myths. How many of you sometimes the truth is a bit hard, but it sets free and it's, it's rooted in love.

We need to just stay on the truth. Look, it keeps going. It says, but you should keep a clear mind in every situation.

Don't be afraid of suffering for the Lord. Work at telling others the good news. That was the work of an evangelist and fully carry out the ministry God has given you.

So that plus another thing I had seen, which is making more sense. And I went into a vision. I'm going to get back to my son.

I'm all over the place. I was like in the Lord's lap and I could see his hands out like, like just in his homes. And you can go back on our YouTube.

We shared it way earlier at the start of this year for 2020. And I could see the cross in both palms as I was sitting in his lap, but they were simultaneously the lead lowercase letter T's. Okay.

This is all you guys get the prophetic symbols and all this stuff matters. So two letter T's, then he closes his hands as to pray, opens them back up. And now they're upside down crosses that were the T's.

And I knew right away, the Holy spirit spoke to me because in the record books, everybody knows this, that the only person where the cross was upside down was Peter was crucified upside down. And T is the 20th letter of the alphabet. And the Lord spoke to me, 2020, both T's in 2020.

He bore the cross, but now he's interceding. He's our intercessor and he's praying for us because you're going to start seeing persecution hit the church. The cross is upside down.

That's Peter. He, he, he, isn't that amazing? Peter, the same one that denied Jesus now spokesman on the day of the Pentecost for the Holy spirit. He says he didn't feel worthy to be crucified the same as the Lord Jesus.

Cause he requested to be crucified upside down in that wild. And that was a little heavy, but how many, you know, blessed are those who are persecuted and we're at the way. I mean, you're seeing just the very, very beginning of even the drops in the, in the bucket, but what will increase and what's just Bible.

You can just read the word for itself. And, um, so I want to encourage you guys like never before. We just need to dig our heels in fall madly in love with Jesus.

And what you're going to see is this infatuated bride, drunken in love with Jesus Christ, shining like the noonday sun persecution is like read Psalm 91. Let the arrows fly by day. You're not naive, but you just plagues don't phase you.

You're not in fear. You're just Jesus, the bridegroom, the 10 bridesmaids from Matthew 25, Jesus, you're everything noise storms, but you're not like Peter that looks at the storms because you're so infatuated with him. So what do you do? You walk on the water, you all cried through storms.

People that look at storms always sink. You look at Jesus, man, you're everything in the close. You're good.

Oh my gosh, you're really, really everything. You get closer. Oh, I had no idea.

You're even more beautiful than I ever knew. You're so possessed. The noise, whatever persecute, it's just very, it's the mountains look like ant Hills.

I'm telling you, that's where you want to be high, high places of intimacy. Isaiah 40, those who wait upon the Lord, they, they, they form these wings in the spirit and they Mount up and they just hit higher levels. The bride's another company.

They're a little bit crazy, a little bit crazy. You can see it in their eyes. They're just, they're possessed.

You've seen people that are deep, deep, deep in love that you just can't tell them anything different. They don't know anything different. Let the storms come the resistance, the waves, whatever it is, they just hit this high place and they see him and they'll go through anything.

Steven martyred. And again, I know it's early. I know it's early, but you'll be anyway, but Steven, he's so possessed, man.

This says the Lord was sitting down and stood up to look down when he went to get martyred. Steven says, don't hold it against them. No bitter thing, man, me in the natural, somebody's stoning me.

I'm wanting to snap necks. I'm just telling you right now I'm grabbing rocks that, you know, but that's the beauty of his presence in the Holy Spirit. He's so possessed in love with Jesus Christ.

Jesus stood up, saw, saw the Lord. And I've heard the revelation where actually that's, that's how Saul got, got taken in because he was over that. And so the enemy lost Saul.

See, that was a checkmate situation. You all remember those that stoned Steven through their coats at the feet of Saul, devil bad day for the devil. And Steven was a gunner full of wisdom and wonder said he got picked to bus tables basically in act six.

And now you got Saul right in two thirds of the new Testament because you want to play a strong hand devil. That's where we're at, man. And I'm telling you people right now, a company that are going to thrive quick are those that just aren't playing games right now.

Again, not, not legalism at all. Just get real, real simple with your life. I'm telling you, cut the fat out, get lean in the things of the spirit, little foxes.

Look, I was on the plane. Do y'all know where I put my phone at? Oh, and, uh, was reading, uh, after this lady was trying to make me wear my mask, man, I wasn't fond of her. I needed the spirit.

I'm just being honest. Oh man. I'm like, lady, look, you may fear, but you submit to your fear.

I'm not submitting to your fear. I'm teasing. So, so I'll tell you a hack, man.

I figured out recently, you just keep snacks in your lap and you can just munch on them and they come walk while you throw another almond in your mouth and they're like, Oh, he's just eating. That'll leave you alone. It was awesome.

I was a lady. Don't mess with me. I'm teasing.

Uh, watch this. This is so beautiful. Psalm 101.

I'm just, I'm just excited to run with a company, man. That's just tired of the side roads, the nonsense, the baggage it's you don't need it. The sins that so easily entangle you who wants to run a race entangled a chain and ball you're dragging around.

That's why you're so weary. Jesus says, come to me. All you who are weary.

I'm telling you, if you're weary right now, you need to come to Jesus more. This isn't a condemning thing at all. It's like if you're weary meter is high, your Jesus meter is low.

Don't, don't get me wrong. I get hard times and resistance and I know all that, but Jesus is something about him, man. What is that? Matthew 11 29 somewhere there.

Um, but watch this. I will sing of your love and justice, Lord. I will praise you with songs.

I'll be careful to live a blameless life. When will you come to help me? I will lead a life of integrity in my own home. I will refuse to look at anything vile and vulgar man.

Start cutting out the stuff out of the eye gate. You want Jesus in your eye gate and your ear gate. You know what I mean? You want to cut off the soulless things and fill the spirit and the enemies like, Oh great.

I don't need a people like this right now. Just keep some foxes. Please.

I'm okay. Look, I get it. You're not going to totally bail out and you want to be born again one day, but just keep some foxes, a few balls and chains around your feet.

So you're unproductive. And so you missed the second wave that the Lord's trying to take a bridal company into because I can't have you in it. I'm telling you, that's all he's trying to do right now.

I will refuse to look at anything vile and vulgar. I hate all who deal crookedly. I will have nothing to do with them.

You know what it means. He loves them, but he hates the sin in them. He used to love Miss Smith Wigglesworth.

They said his prayer lines were roofless. They said, Pastor Bob, you probably know about this. Yeah.

Smith Wigglesworth. I kid you not. I think this is real.

I think he punted a baby back to life one time in a meeting, like a football, trying to kick field goals. But no one for sure. I know of this person.

They said he would punch you. What was it? Oh, yeah. You know, I wouldn't recommend that.

They don't teach you that in Bible college. So but he would punch people. One time I think he punched a person in the stomach.

They had a tumor. It flew out of their throat. And but you know something else about him? This is the company of the Lord.

You don't listen to me, man. There's so much nonsense going on and you want nothing to do with it. You want to live like this blameless life.

Integrity, super narrow path. I'm very comfortable and want to become more so with the narrow path. The broad path leads to destruction.

Well, I'm more freedom. I got more choices. No, you're in bondage.

True liberations on the narrow path. That's where freedom is. So anyway, Smith Wigglesworth, they're like, man, like, bro, easy.

You know, he's like, I'm not punching them. I'm hitting the devil in them. But the other thing about Smith Wigglesworth, you got to know is some of it.

I probably, you know, it's a little much, but I think it's awesome. So I just I admire the heart behind it. They said he wouldn't even wear a cut.

What are those called? The men wear on their jacket at special occasions like a flower you cut off like a boutonniere. He wouldn't even wear one because it had already been cut off and it was dead. He was so into life and the power of life and God.

He was like, no, things already did. Don't put that on me. He was a man full of power.

I'll wear a flower on a thing. I don't care. But I'm just saying I think it's awesome.

So they said John G. Lake. Listen to me, man. Bring back the Holy Ghost filled powerhouses in the earth that love Jesus.

You know what I mean? Like I'm telling you. But the thing is, the problem is the devil's got a bad day coming. I'm telling you, the company right now, they're a bit hidden in, you know, underground.

But when they get launched, I'm telling you, it's going to be mayhem of light in love and in love, too. You don't want to be the brow beating religious. We used to street witness down in Louisiana when I was first born again.

And they had that crowd across the street from us just in anger. Whore mongers, you're going to hell and all this stuff. And there's no fruit at all in love, deep, deep love, but power and no compromise.

Anyway, John G. Lake, they said he'd get up in the morning, go look in the mirror. You all know John G. Lake. I named my daughter's middle name after him, Zoe Lake.

And he looked in the mirror. He says, God lives in that man. He said his revelations like he had a revelation of the power of the ages to come way before his time.

He said, God, it was so real to him that the living God lived in it. He'd literally like there'd be the press in South Africa from people. They were so diseased.

He took a plague one time, put it in his hand. It was killing people. You think COVID, man, come on.

So I'm not trying to undermine anything. But do you realize we have the kingdom of heaven within us and a plague blowing through a region? He goes, he says, put that in my hand. He says, first look at it.

And this plague is alive in under the telescope. He said, put it in my hand. He put it in his hand.

He says, now look, and it was dead on the spot. He was like the power of Christ lives in me. Plagues killing him on the spot in his palm.

But he would, he would look in the mirror. God lives in that man. There'd be times where people couldn't get to him because of the press of the people.

So he'd lay hands on like a tree stump or a rock. This is Acts chapter 19. If you want a verse for it, the Bible says God did extraordinary miracles at the hands of Paul, that even handkerchiefs that touched him would be taken and people would be healed.

Demons would leave with shrieks that happened with Wigglesworth once as well. He went to stay at some guest house. The husband was not born again.

They gave him the, his, uh, their room to stay in. And he woke up the next morning, told the wife, said, don't wash the sheets. Not that you can wash the anointing out, but nevertheless, it was the principle.

They go to bed that night. The husband wakes up under the fear of Lord, got born again on the spot. So handkerchiefs, things like this, it's the touching and the transferable anointing.

John G. Lake would lay hands on the tree stump bolt. He had to go. People, all they would do is go touch the tree stump or the rock and be healed on the spot.

But another thing about Wigglesworth, I love this Lester Summerall mentored by him. Powerful man. I've got to look him up, man.

I want to encourage you guys, especially young. No way. You're kidding me.

Wow. You're kidding me. Wow.

That's I haven't talked about this guy in forever either. If at all, I don't know. You can go back and check anyway.

That's amazing. Is he, is he right? But is he buried around here? That's pretty cool. Wow.

Yeah. Anyway, he was a gunner. So I would encourage some of you young guys to look up YouTube.

You can find some of these generals, man, preaching the royal gospel, a lot of the prophetic stuff you're seeing today for saw and, and the, and forward. You guys are going to for outrun many of anything that anybody's seen, but I just love it all. So Lester Summerall comes to his house is over in London.

They said it was a gruff man. I think an ex plumber didn't start ministry till he's like 40. Couldn't read really much.

Oh, the only book he ever read was the Bible. Smith Wigglesworth only book ever as the Bible. And, uh, I want to say he had a third set of teeth.

It was crazy. This man was supernatural. All of a sudden he toured around before he died with his son and just went on.

But anyway, was that a lightning bug? This is awesome. I don't know if I'm going to go back into a church building after this, man, this is awesome. A lightning bug, see lightning bugs.

No, the narrow path I'm telling you. That's where the fires at the lightnings of God. They know all of creation cries out.

Yeah. No. So anyway, uh, Lester Summerall rolls up, uh, to his front door, has a newspaper under his arm.

And again, here in context, I'm not trying to get illegal here. It's just the heart behind it, man, that we need back. And it's coming.

I'm telling you, there's a tenacious group that are just possessed with Jesus right now, possessed with his word, taking it for what it is and going for it. So he rolls up to his door and newspaper under his arm, Smith will go, rather opens the door. There he is again.

That's my little buddy, man. And, uh, Smith immediately, not like high Lester. How was your day? None of this.

What's under your arm? That's how he greets him. Smith or what's under your arm. He's like the daily newspaper.

He says lies. Those don't come in my house. He made him leave the newspaper out on like a bucket in the front door.

We didn't let a newspaper in his house. He was lies. Those don't come in my house.

And again, hear it with, with a grain of salt. I'm okay. If you want to catch up on the news or something here and there, I don't get too caught up in a lot of it.

You got to be careful, but you, you get the point. The point is that we, we be these lightning bugs on the narrow path. I'm telling you, if you want light, stay in the light in God, who is light.

There is no darkness at all. And so you continue to step in him in a deep, rich way and darkness comes out of him. And man, that's what the earth needs blinding light, like the Lord Jesus's face.

And so I want to encourage you guys that, um, now more than ever, you know, just living pure. A lot of you have heard me quote out of second Timothy chapter two. I love it.

This is another beautiful one. Um, that Paul writes about being special utensils, ready, ready. Listen, don't listen to anybody like, well, but I got to get some stuff in order.

You know, next year, man, I just, my schedule, I'm still working all these. Yeah. Yeah.

Yeah. Yeah. You know what I mean? No, today is the day of salvation.

I mean, really, you do not want to stand before the Lord of all the earth one day and be like, oh my goodness, those five years I wasted because of excuses. I wasted because of this scene writer, this practical that I was comfortable with this. Sorry.

I forgot to my different Jason stand up. Jason burns. We were just talking about this though.

You all know Jason, a lot of you, he's amazing. And, uh, his beautiful daughter, Kendra burns that stand up, please. She's a worship leader too.

She's amazing. And, uh, I just love them dearly. We run together a lot all over the place, but we're just talking about this, you know, like you don't want the, again, I'm not condoning go off and just run out and produce a bunch of ishmael's that the Lord didn't tell you to do.

You know what I mean? But also you don't want to get caught up in just, have you ever had that? Just the practical and we'll just wait. I mean, just tone it down. Wait till things just fall out.

Just right. I've had that before. And the enemy will play on that.

If you give him that now is not today is the day of salvation. This is not the time. And like I told you guys, I was, I've been hearing the Lord's voice still saturated undergirded with complete love, grace, compassion, mercy, slow to anger, but he's also meaning business right now.

He's meaning business. And it's kind of exciting to me because I can see he's preparing his bride, that which worked in older seasons is not working anymore. There's no wind.

It's like the cloud is moving. The pillar of fire is moving. And if you want to go to the promised land, you got to get going, get the knees high, high knees.

You know what I'm saying? And, uh, and get out of the muck and the mire because he's given a grace right now for it. I'll tell you a lightning bug started coming through this joint. That's going to be awesome.

Like a bunch, just because I like it more Lord, but the, you know, the, the high knees of just following the Lord right now, you guys get, get what I'm saying. So second Timothy two, he says that you'd be a special utensil ready for the Lord, the Lord's use ready right now. Uh, revelation says the bride is, is, is made herself ready.

Listen to me. It's definitely only by God's grace. You can live pure only by the Holy spirit.

His grace is the supernatural of pure and Holy is you can only do it by him, but also there is a preparing of yourself. There's a, you throwing off those sins that so easily entangle you verse after verse. Listen to this.

This is the one I'm telling you about second Timothy, Paul writes, you say, well, that's old covenant brother. Now we're in the dispensation and we are, but there's a cooperation required by the body. I'm telling you there's a co operation.

It's you throw off the sins. You destroy the little foxes while he gives you the grace to do it. You understand you'd be smoking your cigarettes.

Well, just when the Lord gives me grace, now the grace is there and uh, or whatever it is, that's, that's a really out there. And I'm talking about the even inner things of the heart. The Bible says who may ascend the hill of God, he that has clean hands and a pure heart.

So many of us say, well, no, I don't do some of the outward touching things you can see of sin, but our hearts are full of impurity. We'll jump quick at gossip and slander, mistrust, deception, deep in our hearts, anger, unforgiveness, things that the Holy ghost will not dwell upon in or through. And so anyway, but watch this second Timothy chapter two verse, I'll back up to 16.

Yeah. Yeah. That's really good.

Just a word, man. I really am falling fresh in more, all the more in love with the Bible. I want to convey that.

Listen to me fall in love. All of it to all of it. Go to the old Testament, new, the Psalms, Proverbs, they're all of the Bible.

Listen to me. There's some people saying, well, we're in the new Testament. Jesus says, the scriptures speak of me.

He's in all of it. Genesis to revelation, get, get consumed by the word of God, read it. Listen to me, read the Bible until you find gems and for quantity and quality.

I do it all. I love it all. Okay.

I get to read the Bible in a few months or a year, do that too. But also if you run into a gym camp out on it, cause the Lord's trying to pull and tug at you. So I'll be sifting through a haystack of the word and then bam, I'll run into a gym and I'll just stop arrested on it.

Pray it. Jesus possessed me. Make it fresh.

Anyway, work hard so you can present yourself to God and receive his approval. Be a good worker. One who does not need to be ashamed and who correctly explains the word of truth.

Avoid worthless, foolish talk. That's the heart that only leads to more godless behavior. We don't get caught up in that nonsense, man.

Don't have time. You know why? It's not becoming of the Holy Spirit. The flawless dove of the Holy ghost comes in and he hears that.

He's like, no, I'm good. I'll wait. I'll come back later.

I love you. No condemnation, but that's not my world. I do joy, unity, peace, love, righteousness.

And you want to be a vessel that's always becoming of him because why he came upon Jesus and remained. Anyway, uh, they have left the path of truth. Oh, sorry.

This kind of talk spreads like cancer as in the case of hymeneus and philetis. I know a boss that they have left the path of truth, claiming the resurrection, blah, blah, blah, blah. Watch this verse 19, but God's truth stands firm like a foundation stone.

First off foundation stones are the most critical thing in any construction. The foundation, if your foundation is off, everything else is off. So this right here, watch this.

This is engraved on the foundation stone. Paul writes, the Lord knows those who are his and all who belong to the Lord must turn away from evil. Well, but the Lord will sovereignly do it one day.

No, that's nowhere in here. If you belong to the Lord, you know, about 90% of the hands went up. You must, there's no options here.

This wasn't a multiple choice. This is must, you must turn away. And this is the hour to do it.

I'm telling you, you will get left behind. Nobody likes this kind of preaching, but I'm telling you, I've been seeing it by revelation. The Lord's tone is changing and as a current coming, you will, you don't want to play catch up now.

Don't listen to the voices. Well, next year, I just, I'm kind of, I got a lot going on and you know, no, no, I already told you his presence and voice is the hinge pin of all of life. Everything is secondary to that.

Move everything violently right now, move jobs or whatever you got to do by his voice. Again, this is all understood by his leading, but I'm meaning don't let anything get in the way of that right now. His voice, living a pure life possessed by the word.

But anyway, uh, the Lord knows who are his and all belong to the Lord. The Lord's going to have them. He's going to help them turn away from evil.

It doesn't say that he will in his grace and powers us. We know that, but you must turn away. So you, you, you see over and over again in scripture, you guys can hear me in the back, right? Wow.

You guys did an amazing job by the way. This is incredible. This tent, the sound, um, Josh, where's Josh, Josh? No, who's Josh.

Oh, that is him. He didn't want, he's like, he pulled the humble card. That's awesome, man.

That's definitely a man of God. Paul's like, I know a man went to the third heaven one day. He's like talking about himself.

He pulls the humble card. He's like, Paul, we all know it's you, bro. You know what I mean? Or like where Moses writes the pen that took the first five books of the Bible.

When he says he's the meekest man in all the earth, Moses wrote that. Isn't that awesome? I think that's awesome. Like, okay, Moses, man.

All right. No, he was though. Cause he also wrote how he, you know, should have spoke to the rock the second time and hit him.

But anyway, just having fun. Sooner. All who belong to the Lord must turn away from evil.

Watch this in a wealthy home. How many of you like wealthy homes? I think they're cool anyway. Not that you have to have one.

I got to tell you a funny story. Okay. You guys okay with that? I'm all over the place.

And then we'll, we'll start to land it, but we got to keep going a little bit longer. So the lightning bugs get more. So it's around Christmas time.

I'm in Louisiana and I'm driving. Uh, I think I had my kids yet in the truck and just as wealthy home reminded me of it. Not real spiritual, but, uh, I'm right.

I'm riding on a major highway and I see a young couple and a precious little boy, black couple and a little, little boy, little African-Americans with beautiful. And I love, anyway, you all know if you follow me for any length of time, especially the little boy, I'm like, man, he's just precious. So this isn't normal.

They're walking down a highway. Uh, it's just a normal main highway. I just knew something wasn't right.

So I pulled over and said, Hey, what's going on? You'll need, you'll need help. Whatever. They're in Louisiana.

And they said, yeah, our car broke down. Dot, dot, dot, dot. We're trying to get to Atlanta, which is looking back now.

So ironic. We moved there, but anyway, they hopped in. I'm like, oh, we'll figure it out.

I don't know anything about fixing cars. I'm like, Jesus help us. I'm just precious boy and the beautiful couple.

They were so sweet. So I'm taking them. Uh, and I said, you know what? Let's just figure it out.

But I said, are y'all hungry? We're passing some food places. And they're like, no, no, they didn't want to overimpose real sweet. But I saw their son's eyes light up in the rear view mirror.

I said, no, no, y'all are lying. He's hungry. So we pull off Wendy's actually went not the most healthy, but it was there.

It was convenient. So we loaded them up with whatever. And, um, so let's go to my house.

What we'll do is maybe let's just fly you to Atlanta and we'll figure your car out later. That probably wasn't, that's all I came up with. It wasn't really profound, but I'm thinking, I don't know how to fix cars.

And they're trying to go to Atlanta to be with their family for Christmas. Did I say that part yet? Yeah. So this is crucial.

We've got presents on the line for the little boy. This is big. So I'm like, let's get you there and, uh, we'll figure your car out later.

So, uh, we come to my house at the time in Louisiana, we lived on this Lake and it was beautiful. This little boy had never seen really geese and he's feeding them and just having a lot of fun. And I'm figuring out their tickets and we got them set up, drive them down to New Orleans to get them all.

We had to catch the flight quick for them, fly them out. And they're so grateful, really sweet. And they texted me the next day.

I'm not kidding you from this, like a mansion they're inside this wealthy home. This is, I remembered it. Thank you so much.

We made it to our family, dah, dah, dah, and all this. And, and come to find out they were related somehow to Creflo dollar. Have you ever heard of that preacher? It was awesome, man.

I thought it was great. I was like, man, why didn't Creflo fly y'all up? No, I'm teasing. I'm teasing.

I'm totally teasing. I'm kidding. But, uh, and then they came back and we got the car figured out.

But, um, anyway, watch this though. Paul says in a wealthy home, some utensils are made of gold and silver. Some are made of wood and clay.

The expensive utensils are used for special occasions. This is where it really starts to hit home. How many of you want to be used for special occasions in the kingdom? I've just, it's fun.

I've not met many people that just want to be mundane and kind of ordinary. Do you know why? Because God put it in you to be extraordinary for the kingdom. It's not normal to be a son of God and want to be just mundane and get by.

That's not, not his purpose. And I'm telling you, there's going to be people, and I'm not talking about pull pits. That's not it at all.

I'm convinced there's going to be intercessors that are mansions in heaven and rewards, and you never saw them. So it just means your assignment, a special occasion. Y'all are tracking with me, whatever the Lord called you to do.

Perfect ministry in its purest form is doing what Jesus told you to do. Isn't that awesome? Paul called mostly to Gentiles, Peter to the Jews, Daniel, government, Joshua, take them into the promise that you see assignments and they're awesome. Gideon and, and, and it's just beautiful.

So you walk in what the Lord's called you to. I love to watch that in the fullness of the body of Christ. Even today, she's like Mike Bickle, love and honor him dearly.

And the assignment on his life so different from the next and whatever it may be. Uh, there's just so many journals. I don't want to start getting into that, but you'll see assignments and graces and anointings on their life.

And I will encourage you to be free to be who you are, but watch this. The expensive utensils are used for special occasions. The cheap ones are for everyday use.

These are what I call the kingdom sporks. Do you know what sporks are up in Indiana? You get them at like Taco Bell and they're wrapped in little, they're just, and when you're done with them, they go in the trash. How many of you want to be a spork in the name of the Lord? Exactly.

Not one hand went up. So watch this. The expensive.

Yeah. The cheap ones are for everyday use. Now watch this next verse.

Paul writes that it's totally on us. Okay. I'm about to pull the rug out from this hyper gray stuff.

Love you. I know where you're coming from. I've heard the verses, but they just don't work.

And I've seen the fruit. How many of you know, typically wisdom will prove itself by its fruit. And if you, if somebody, there's some believable stuff going out there, people can make the Bible, say whatever they want it to say.

They can be real flashy, great orators. But all you have to do is sit back and watch the tree for a while. And the fruit will start to tell a lot.

Not that you want to get judgmental skeptical, start pointing your finger, love, trust in all things. It bears all things. Not, not at all that spirit, but you just, you can see fruit over, over, over time.

Watch this. The expensive utensils are used for special occasions. The cheap ones are for everyday use.

If you keep yourself pure, you will be a special utensil for honorable use. The silver and the gold utensils, honorable use. If he didn't say, look, if you can shock a locker with the best of them, if you can preach the, if your theology is just pristine, you know, I love acts four 13, Peter and John.

It's like, man, these are ordinary untrained men. And that's another people. The Lord's raising up right now.

People that aren't polished, but they've been with Jesus. Be comforted, man. Don't feel like you have to give it.

Jesus picked like fishermen, not polished at all. Or, you know, now if you're a great orator too, I love that. I think it's great.

Hone in on your craft, you know, study to show yourself approved. But I'm just saying right now, the prerequisite that Paul writes is if you keep yourself pure, you'll be a special utensil, silver and gold. If not, you still might be saved, but you'll roll up in the spork line in heaven, like hopping around like a sport.

I'm good, man. Those things are useless. They bend and break anyway.

So keeping ourself pure and he'll give us a fresh grace. It's not a condemning thing. I already told you guys.

He's like, I was just reading it again the other day. Removes your sins from the east to the west. He's so loving.

He's not into getting hanging and hung up on it. I had a dream last night. Guilt and shame is not from him.

He wants to set you free. But I'm telling you, there's this highway. Well, he's like, just crank it up a slight notch.

Listen, if you're going right down a highway for a long haul and you tilt the steering wheel, just barely nothing crazy, just a mile, even 10 miles down the road, you're going to be way off. Of course. And that works both ways.

If you make a few adjustments right now and turn away from evil, keep yourself pure. You want and stay that course. His grace will come on.

He's like, I've been waiting for that. My grace is here. Watch this empowerment that comes on.

You thought you needed that baggage. You thought you needed those extra foxes. They're just slowing you down.

You're listening to those voices that weren't from me. His supernatural empowerment will hit you. And all of a sudden, that dial would turn just a little bit for, you know, it that current comes.

Sometimes I'll watch the animated cartoons with my kids. You ever seen Nemo and that whatever that tunnel of water is that goes takes him to Sydney. Ever seen that one? It's like the waterway.

What is that called? The current. Anyway, the turtles are righteous, righteous. That part where he's it's a it's a current of acceleration where there's one of those right now, the body of Christ, the Lord's letting loose called the Holy Spirit.

And if you just keep yourself clean and fall madly in love with him, be the bridesmaids that are full of oil right now, get possessed with the word of God. Listen, man, dive deep, dig into it. You said, well, I don't even understand it all.

Who cares? Dig deep. He'll unlock it for you. Pray.

Another thing I love about the Smith Wickersworth, he said, some read the Bible in Hebrew, some read it in Greek, but I read it in the Holy Ghost. So Holy Spirit's the greatest teacher. He can teach you all things, guide you into all truths.

Just ask him, say, Holy Spirit, help me, help me. I recommend practically getting a version you like, but that comprehends well. And then Holy Spirit make it alive.

I mean, every time you go to crack that book, man, this book's alive. This is the most dangerous book in the globe in a good way. This thing is alive, penned by the Holy Spirit himself through men.

You crack that thing. It's a dangerous step in a good way. You guys know what I'm saying? So you crack it open, Holy Spirit, make this thing alive.

Talk to me, show me Jesus. I need the manna this day because Jesus in John chapter six says, I am the manna that came down from heaven and the manna would come every day. So we need to be partaking of that manna every day.

So living pure, loving the word, you say, well, man, I know all this, but how, in what of a quality way are we walking this thing? You know what I mean? And it's not the, it's, it's a few dial adjustments in that nemo current. I'm telling you, we'll take you of butter, acceleration, favor. You say, well, the times seem rough, but like I already told you, Isaiah 40, those who are weary, the Lord says, come to me, you, you that are weary and he'll take us higher.

And, uh, I'll start to land it here, man. I went all kinds of places. I didn't know it would go, but, um, but, uh, you know, I'll probably share some more stuff in the morning.

We'll see where we end up.
