## Description

Brian Guerin emphasizes the call to be pure vessels for God, encouraging believers to align their lives with Jesus and shed burdens not intended for them. He shares personal experiences of God's miraculous power and the importance of remaining in the Word to maintain purity and intimacy with God. Guerin highlights that purity and intimacy are interconnected, urging the congregation to throw off sins that entangle and to embrace the light yoke of Christ. Come on, Jesus. So let's pray, okay? And I really want to raise your expectancy, if that's okay. I'll talk to you for a second, but this is my last trip of this year traveling, except for dear friend, Michael Koulianos, Jesus 20, but my typical itinerant runnings, and I've been running pretty hard.

This is the last one, and how many of you know Jesus saves the best wine for last? Yeah, come on. The glory of the latter house is always greater than the former, and I'm serious. I can feel it.

It was such an honor to meet Pastor Rob. What a pure, powerful man of God. I don't need to meet people too long.

I can sense the presence on them, humility, authenticity, and so Living Waters Church, it's an honor to be with you guys, but I'm really expecting. I'm honestly, and I'm seeing, you know, I built custom homes for years, so I'll pay attention to things, and I'm seeing this incredible plush cushiony turf up here. This stuff is amazing, and all I can imagine is the power of God flowing through here like living waters, and bodies flying, and you know, we'll just see.

Make sure I get approval on that, but yeah, I'm excited, so we'll pray, and just see where we end up with Jesus. Just focus on Him. Lord, we love you.

You're absolutely everything to us. Thank you, Jesus, that you are life. I was just in the book of Psalms yesterday.

You are the fountain of life. You are the bread that keeps on giving. If we drink from you, you'll never go thirsty.

You're everything. No matter the season, you're everything. Thank you that we have you, Jesus.

Be glorified tonight, and even now, I say, Holy Spirit, come. Wreck the people in the cars. I mean, really, do whatever you want to do.

Let Jesus walk the aisles, heal bodies, even as I just talk. Show up big. Just show off Jesus, Holy Spirit.

Do mighty, mighty things. Honestly, in your cars, I pray for the manifest presence and power of God to touch you. We don't want to talk about you, Jesus.

We want to see you, touch you, experience you. Be pleased tonight with us. In Jesus' name, amen.

Man, I'm excited. I just feel the presence of God, and I think He's going to move, and we will see. But how about that worship, if we can give them a hand, the worship team.

Yeah, yes, indeed. Let's hit them horns out there, just because it's fun. Yes, that's awesome.

That is way cool. So this is only my third outdoor event this year, and the first one was in Indiana, right out of the... I don't even know, COVID's kind of been a blessing in disguise, if you look at it through Heavens and Lands, man. I was talking to Pastor Rob briefly, and it's just awesome, the shaking that's brought the glory of God back in and through the church, shaking us out of things we've gotten comfortable into.

God's always got the card up His sleeve. But I was in Indiana earlier this year. I wonder if I can walk around a little bit, I feel.

I don't even know, wherever the Spirit of the Lord is, there's liberty. Oh yeah, there we go. I can move a little bit.

Okay. Indiana, outside, amazing tent, kind of tent meeting. Felt like R.W. Schambach or something, some old tent meetings, you know.

How many of you know he used to... Will I mess up cameras? Is there cameras? Oh, good. So lights, I'll just walk around a little bit. How many of you know... You guys want to see if I can do the keyboard? Oh, it's turned off.

Anyway, they don't trust me. But R.W. Schambach, I kid you not, old school. He would get five gallon buckets of oil in the prayer line and just dip them elbows deep.

I don't know if you guys knew this. This is a healing revivalist. This is not who you want to get into.

I better be careful. In a prayer line, just slap oil. It wasn't a little dab on your forehead.

So it felt like one of these meetings. But let me tell you, the power of God showed up and there were lightning bugs literally flying around the evening meetings, similar to this. I had one that specifically loved the glory.

He would stick with me in the middle aisle. I'd be preaching. He was following me around.

He'd light up when he liked some sermon, you know, verse I preached. And then we laid hands on people and listen, the power of God touched people so powerfully. And I would love to pray later if it's okay with Pastor Robbie.

Okay, yeah, I could feel that. And it's totally up to you if you want prayer or not. But how many of you know the Bible is pretty clear to the laying on of hands is super important and beautiful.

And yes, so many things happen. The people get healed in their bodies. We've been seeing so many healings and miracles.

Even as of late, there's impartations that happen. Gifts from the spirit commissionings happen. You see in Acts chapter 13, the Bible says the disciples fasted and prayed in hands laid on in the Holy Spirit sent Paul and Barnabas.

A new assignment opened up to Paul and Barnabas. And so we'd love to jump into that a little bit later. I'm seeing familiar faces.

Tabitha, what is up? Come on up here real quick. Do you know Pastor Rob? Okay, yeah, she's amazing. Tell them a little bit about yourself.

P3 ministries. Give her a hand. Yeah, we were just in Jacksonville.

Yeah, God moved powerfully. Just tell them hello. And yeah, so we have a ministry called P3 prayer house.

And we just believe as we pursue Jesus that we'll encounter his peace, his presence, and his power. So yeah, we've been doing that. We've been pursuing Jesus.

And we've been encountering his peace, presence, and power. So we're located, I actually live in Yulee, which you came through Yulee to get here. So I live right up the road.

But yeah, we just had our conference. And I see a lot of familiar faces were at our conference recently last month. But we're heading out west for the glory of God.

So we'll be going to Dallas in March, P3 conference Dallas. So yeah, God is just on the move. And we're just trying to keep up with him and whatever he's calling us to.

So yeah. Awesome. Give Tabitha a hand.

You got it. Yeah, you got a horn honk too, Tabitha. That's when you know you're really in the anointing.

No, but we love them. And yes, so many familiar faces, Chris and Aurelia. Maybe you could jump in with us later, Chris, some Academy students and just amazing men and women of God here.

How many of you know God is using women powerfully? Oh my goodness. I'm convinced a lot of you ladies are going to far surpass what us men are trying to do. And we're just going to beg you to let us just sit in your meetings.

So the esters are arising. You know, one thing I saw recently in prayer was that I know this sounds interesting and not quite biblical, but how many know the prophetic gets interesting sometimes. I was talking to somebody briefly about in Judges, how Gideon went to spy out the camp and they go into a dream of this loaf of bread flopping down the hill, you know, and even the worldly people discern that this is the tribe and this is Gideon coming.

But I saw the Wonder Woman, the two W's is all I knew logo just fly up in my face in prayer. And God speak to me in these ways, often the letters of the alphabet and their numbers, the number 23. And I really, what you watch, there's something to do with even 2023, and especially we're in the season now, but with women, Wonder Women, like in the earth and women being used powerfully.

I think you can see it in government going before 2024, not to go there too heavy right now, but, um, but God's using women powerfully and I'm excited about that. So anyway, Indiana, then, um, where were we next outdoors? Oh yeah, I was just in Houston and it was powerful. Lady got delivered of demons.

How many of demons are not fun? We want those gone. Those are never in God's design for you. So, uh, got totally delivered and I'm just excited.

I'm going to just talk to you from my heart tonight, uh, from a dream last night and hopefully just set it up for, um, prayer here in a minute for the Holy spirit to move. And again, if you want prayer, love for you to come. If not, God will still touch you.

How many of the Holy spirit can blow right through those vehicles back there and anywhere near radio stations and everything in between? We, um, just had, uh, a young lady healed of COVID as well. Um, through an online schools we do. She testified totally healed.

I'm, you know, COVID super inferior to the power of the blood of Jesus. Yeah. Hey man, keep those coming.

Let's just keep, yep. Come on anointing. Okay.

But, uh, but listen, man, that the enemy loves to try to instill fear into humanity, but the Holy ghost is all powerful. The blood of Jesus is the most powerful substance in the earth and you and I reside in it. I love to tell the story, um, where, you know, Paul, they shipwrecked on the Isle of Malta and the book of acts and he for knew it and saw it coming, told the captain, he said, look, we shouldn't get in the ship.

Things are going to get rough. You have a prophet on board. How do you know when you have a prophet with the word of the Lord, pretty wise to listen to what they're telling you.

Often we get caught up in all this noise and these other voices, but I would just encourage you guys in this last hour, of course, to stick to the Bible, the word of God, like never before. Things are getting a little blurry and you just got to stay here. Would encourage you to just even back in my hotel room just now, um, which thank you guys so much for the hospitality.

Everything's amazing. But I was in someone 19 again, just going through it slowly. Listen to the word.

We need the word of God in this hour to become possessed by this book. Don't dilute it, take it for what it is and it will set you free. You want to live pure.

The Bible says, how does a young person stay pure by obeying the word as it keeps you pure in his upright will? And, um, but anyway, uh, Paul is like, listen, it's going to get rough. We shouldn't do this. And they didn't listen to him.

Sure enough, shipwrecks, long story short, they're on the Isle of Malta. We, uh, a good buddy of mine, I graduated Bible school with, he's from the Island of Malta. He's got the most fabulous accent.

Like it's insane. If he just says like he's going to the store, you're like, no way he can say anything. And it's just amazing.

So it really plays in his favor when he preaches. But anyway, we would preach together out of the country. And this is where the snake bit Paul.

This is the Island of Malta. And he would begin to tell this story how he's from Malta. And we'd be in the crowd, like, tell them about how the snake bit Paul, where you're from.

And he would always laugh. But listen to me that this is the covenant we walk under. I just really in a considerate way.

And I understand, listen, I know what's going on in the earth. I'm not like a caveman, but also I know this book is real and want to instill faith and strength in Jesus and the covenant we have. And so listen to this, he goes to get some firewood.

Paul, the apostle Paul are getting ready to make some s'mores, some holy s'mores. How many of you like s'mores? Yep. I knew I would get a horn out of that one.

Yes, indeed. Do you like your marshmallows like full out burnt or just kind of light brown crispy burnt? Yeah. With the, with the melted metal.

Yep. I kind of like them anyway, but so they go to do s'mores, grabs the firewood, a deadly viper. This was not a friendly grass snake.

Read it. It's in your Bible and my deadly viper latches on to Paul and Paul shakes him off and goes back to making s'mores. You understand this is the new covenant.

Moses, the children of Israel walk throughout healing provision. And I believe the Lord is taking us into that. It's beautiful that we what we have available in the blood of Jesus.

You know, Isaiah 53 says by his stripes, you were healed. Then first Peter, I think it's chapter two. He says, no, Isaiah 53 says we are healed by the stripes of Jesus Christ.

First Peter says we were healed when you get into the new covenant. It's almost like a looking back at as Jesus was crucified before the foundations of the earth. But listen to me, I want to encourage you that we have something different than everybody in the earth.

And it's the presence and voice of God. It's the covenant of Jesus Christ within us. And fear is a liar.

You know what I'm saying? So I just want to encourage you guys to stay in the word, keep faith high and fall in love with him like never before. So real quick, I had this dream last night. That was kind of bifold.

I won't really share the whole thing for the sake of time, but the gist of it was I was awakened at one twenty three, which I believe this is John chapter one verse twenty three that we'll do tonight and we'll pick up. I think who is going to be back with us tomorrow? Awesome. Just about everybody.

No cars, no cars. Yeah. OK, I've got to stay with me.

We'll keep you on your toes out there. But we'll see where we end up tomorrow and just try and follow the voice of heaven. But I believe this is John chapter one verse twenty three, where it says it speaks of John the Baptist as a voice crying in the wilderness, prepare the way for the Lord.

I want to talk to you very briefly about just up in our game in alignment with Jesus and purity so he can land because, listen, Jesus can come in a full way. It prepares the way for Jesus to come in more fully, but also something that was highlighted in this dream is that people were carrying heavy luggage and bags, things that were were not intended by the Lord for you to carry right now. I mean, you know, sometimes you can start to pick up things and carry them that God never intended for you to pick up.

I've done that plenty just so you know, and it produced all kind of Ishmael's and gotten the Martha spirit. And Lord's like, look, just sit at my feet, stare into my face for a while. And this is when you tap into Matthew eleven, verse twenty nine, where it says Jesus says, look, take up my yoke upon you.

My burden, my yoke is easy and light. How many know the burden of the Lord is super light and easy. He'll never put up anything on you that's too heavy to bear or carry.

So that's a great indicator. If you're ever in life, you're like, this is just too much, too heavy. Sometimes you want to reassess and look back in prayer and stare into his face and see if he ever intended for you to carry that in the first place.

So I think, too, there's going to be some realignment tonight, just reassessment of fresh yoke of the Lord to come upon you, which is easy and light. His burden's easy. His yoke is light.

Is that awesome? Yeah. And he'll lift off the yoke of the world. You all know a yoga is not an egg yoke, although I love those two.

A lot of good protein and good fats and eggs. But this is a yoke that would really fastened to the neck of oxen, cows, things like this to pull and work. And Jesus is not into.

That's what I love about freedom and life in him. Religion puts yokes on you and it's too heavy to carry. But when Jesus comes around, the Holy Spirit sets free and puts on that light yoke that's easy.

And I believe he wants to set some people free. So but then the other details with this John one twenty three, a voice of one crying out in the wilderness and we're kind of out here. We're kind of in the wilderness a little bit.

I know you love just outdoors. I know I do. Yeah, man.

You almost feel closer to God or something. Yeah. Yeah.

And in this property, so beautiful, just a little let you into my own world. I often seek God outside. We live backed up into a bunch of acres of woods and I'll jump in.

I have a TV and I'll go out there and just, man, be with heaven. Every once in a while, some white tail deer will spook up on me and scare me. But, you know, I heard one the other day sounded like, oh, my gosh, it was this breathing.

Like, have you ever heard a deer like there's a loud roar like this? Yeah. Yeah. Like that sounded just like that.

And so I'm trying to I'm in stillness, you know, Psalm forty six, ten, be still and know that he is God. And I was on this deer's like ruins the secret place. But listen, man, so but I want to talk to you briefly about purity and I kind of like it.

It's not a condemning thing at all. It's the goodness of God. How many know the Bible says it's God's loving kindness that leads us to repentance and he's so filled with love, but also he's very pure and holy and he walks on a highway of holiness.

And I've been singing to do this honestly, quite consistently, definitely in my own life. I mean, you know, we shouldn't preach something we don't live. And this is awesome.

I may never preach indoors again. I'm just just so you know, I'm going to talk to Pastor Rob, but I was doing this again in the morning out here. So they hear me on the radio.

Is that what it is? This is high tech. But he's so good and true, but he calls it to this highway of holiness. And and it's just so beautiful because Jesus can walk.

You know, I was once heard it taught by somebody, you know, that I really felt mentored under, so to speak, in the prophetic movement. And he said something that always stuck with me, says the Holy Spirit rests upon that which he is. Of course, Jesus comes upon, you know, those that just get born again.

And he, you know, we work out our salvation and I get all this, but also the Holy Spirit super attracted to himself, you know, and that is pure vessels. And that's why often in prayer, if you're super anxious and worked up, it's hard to hear God because the Holy Spirit's never anxious and worked up. But when you just get still, calm down, rest, relax, all of a sudden his voice is crystal clear.

Have you ever noticed that? It's because the Holy Spirit rests upon that which he is. He's your turbulent water. He's like, no, just no, chill out, just wait.

And then when you're done with your tantrums and hissy fits, has anybody thrown a hissy fit in prayer? Okay, good. I'm not the only one. Yep.

Well, he's like, let me know when you're done, because I don't do that. We don't do those in heaven, just so you know. We do peace, security, stability, you know.

Oh, man. And then when we're done, peace of the Lord comes, clarity, revelation, insight, illumination, the enlightenment of our hearts. And it's so beautiful.

But listen, purity, I've noticed he's been doing this in such a beautiful way, which is all him as well. How many of you know he gets glory for everything? He first loved you, he saved you, he chased you down.

But also there's a cooperation that's pretty clear in scripture of us yielding our lives unto him that's very beautiful.

And I've been seeing call the bride higher in this area, myself included, that listen to me, it's setting up a dangerous breed in a good way. A dangerous company that's full of heaven, they're madly in love with Jesus. You know, because sin separates from God.

And of course, there's major ones and lesser ones, but nevertheless, sin separates from God. Hebrews says that we should throw off those sins that so easily entangle us looking unto him so we can run the race. So it's intimacy and purity are totally connected at the hips.

You can't have one without the other. Jesus gives you the grace to walk in purity. But often, how many of you know, sometimes we don't throw off those sins that so easily entangle us either.

And a lot of us like to put it off on the sovereignty of God. There's this beautiful verse in Hebrews 10, 14. I could jump on the drums though.

That Paul writes, it's debatable, but basically Paul says that Jesus, listen to him, it's a beautiful verse, but quite mysterious. It says, Jesus forever made perfect those that are being made holy. Meaning in his new covenant, what we have access to positionally in the righteousness of Christ, it's a gift to us through salvation.

You're perfect. He's forever made you perfect, but you're being made holy. Does that make sense? And so there's a process, obviously.

And in this, I've been learning. Listen, Revelation says the bride prepares herself. Paul, time and time again to Timothy, says, listen to me, keep yourself pure.

James says, perfect religion is this, that you would minister to the widows and orphans and keep yourself unstained from the world. There's a keeping of yourself. There's a throwing off of yours, you know, by yourself.

There's second Timothy two. Paul writes, if you want to be a special utensil used for God and his kingdom, you must keep yourself pure. And it almost sounds contradictory.

It's like, how can I do that? You know, I'm already righteous, made perfect in the blood. And we are, but see, this is, this is the difference between positional righteousness and relational righteousness. Can you see the two different chairs and what Jesus is looking to walk on is those lives where the chairs line up.

Is this making sense to you guys? The cars don't like it. I'm messing with you. I'm teasing.

But sometimes if we're honest, our position or listen, it's there. Okay. We're not questioning salvation.

Thank God for his grace, his loving kindness, but sometimes our relational righteousness, our choices, our desires, our yielding or the lack thereof don't quite line up with the positional righteousness made through the blood of Jesus. And he's forever trying to make us perfect. He's forever making holy those that have already been made perfect in that those, those chairs are aligning.

And so in a second, just want to pray corporately that he would just purify us again, give us a fresh grace. And often in these types of settings, the Holy spirit is so kind to say, yeah, remember that number I was

telling you about that. We don't need that anymore.

Listen, that may have been permissible in last season, but it's no longer beneficial. I'm calling you higher. I need to put the weight in potent glory, my manifest presence.

I need it on, on in and through you right now in this hour. And there's tainted things that I just can't come fully. Jocelyn, what is a, I'm seeing a lot of familiar faces, April and all these amazing Jesus lovers, but listen, he sin is like oil and water with the presence of God.

It just can't mix. He didn't love you any less. He's just like, I can't mix with that.

I need the little foxes. Listen, you guys know in song of Solomon says it's the little foxes that destroy the vine. I love to bring Jesus into this, uh, where, uh, John 15, where Jesus says, I am the vine.

Those that abide in me will bear much fruit, but these little foxes, these little sins and things we allow in, they slowly deteriorate at the vine of Jesus Christ, the fruit in our life of knowing him intimately. They kind of bring a wedge in there and listen, Jesus wants a bride. If he's in five 27 without spot or wrinkle, that's fully done by Jesus.

The righteous is his grace. We can't do it without him, but also a yielding unto that. Does that make sense to you guys? Um, and lately I've been noticing if we're not careful, uh, what is it? Psalm 24, who may ascend the hill of God, those that have clean hands and a pure heart.

This, this purity is really after, um, some people it's worse than others and whatever it may be. Everybody's at different places, but nevertheless, Jesus is all calling us higher. It could be gossip that we still find ourselves getting caught up into.

Jesus loves you, not condemning. He's like, just come out of that. I'm calling you higher things we watch with our eyes.

Listen, the, the Bible says quench, not the Holy spirit. And I love more and more. I'm living a life where I'm like, man, I listen, John G Lake, a general that I love from, from past.

You read about him and the Bible says he'd get dressed up. Listen, this was the guy you want to, you want to go back and build your faith. Read up on some of these generals, John G Lake.

Listen, he'd get into the mirror every day, dressed up. He'd stare in the mirror. He says, God lives in that man.

He'd be talking to himself in a mirror. They'd be like, okay, John, you lost your marbles. He's like, God lives in that man.

They said there were, he, he tapped into the powers of the age to come that the Bible talked about. He knew God lived in him so much so that a deadly plague, we're not talking about COVID. I'm not trying to minimize things.

I'm just telling you a deadly plague swept through. He's in South Africa. He had them check this.

This is recorded. He had them check the plague to make sure it was still alive. The, they were quarantining.

And I guess the medical doctors in the field, make sure it's still alive. And it was a deadly plague, just killing people. And he says, now put it in my hand, bare hand, a deadly plague contagious as all get out.

Then he says, now, check it bold as can be. I wouldn't recommend doing this, but this is, this was his model. They check it.

It died on the spot. He says, the power of Christ lives in me. Meaning this, you know, death, it has no toll.

He would lay. Yeah, there we go. Okay.

We've got to go back into the, some of this stuff. He would look at 1911 Bible says, Paul, God did extraordinary miracles by the hand of Paul so much so that handkerchiefs that Paul had on him would touch bodies. They would take them.

They would touch bodies and devils would shriek and leave. People get healed in their bodies. And John G like they said, the press of the people would come so heavy for prayer.

He would just have to pray on either a rock or a tree, lay hands on it. Just like X 19, extraordinary miracles. And people go touch the rock tangibly and be healed on the spot.

Smith Wiggles or some of these guys, um, just raw power, but listen to another thing about Smith Wigglesworth that I love so dear Lester Summerall, powerful man of God, teacher profound. You can find some of his stuff on YouTube a generation ago. He prophesied a lot of where kind of things are going now.

Young man over in London, Smith Wigglesworth, you know, he didn't start ministry till 40, never read another book other than the Bible. He was a plumber and God didn't commission until about the age of 40, but he, he lives solely for Jesus in the presence of God. They said they would seek heaven to the glory would get so thick pastors that would pray with him, would start to crawl out of the room.

They couldn't handle the weight of the Shekinah glory of God, the cabode, the weighty glory. So heavy in the meetings that people would have to crawl out pastures. They couldn't stand it anymore to be in.

They're just gone, lost in the presence. But Lester Summerall comes to his house with the daily newspaper, just a daily newspaper for crying out loud. Visit Smith Wigglesworth, knocks on the door.

Smith opens it. He looks at him and doesn't say, good morning, Lester. How's your day? None of this.

He looks straight at him and says, what's under your arm? And Lester Summerall's like the daily newspaper. He's a, he goes, lies. Those don't come in my house.

You know, just totally shut him down. Yeah. And Lester's like, easy, man, drink your coffee already or something.

Made him put it in like a potted plant outside of the door. Now, again, I'm not trying to be, if you watch the news or something, I'm not trying to go there. My point is, listen to me, we've got to come higher in this hour.

We've got to watch what we're taking into our spirit, you know? And what I want to be is possessed by this book like you ain't never known, man. I want to be brainwashed. Yeah, here we go.

And his manifest presence gazing into his eyes. You want to be a sappy bunch full of heaven, just dripping, oozing the glory of God, wherever you go. Listen, you will stand out in grocery stores, wherever you go, people that carry the presence of God, but there's a purity about them that actually comes with such an ease because you're so addicted to the Holy one.

And you start to become so one with the Holy spirit. You can tell what doesn't please him. And you're like, I'm so sorry.

Holy spirit, not in a condemning way. There's no religious bony finger in the sky. God's waving at you.

He's not that way. He's so filled with love, compassion, mercy, goodness, kindness, slow to anger. But the Holy spirit becomes your best friend as well as Jesus, of course, the bridegroom.

And you can sense that the Holy spirit is like even down to motives of the heart. Listen, he's coming through the church with the comb. I'm calling the fear of the Lord and the teeth on the comb are getting real tight and it's starting to really come out things that that have stayed in the church for quite some time out of his goodness.

So his presence can come more fully and potent. And, uh, yeah, it's a beautiful thing. And I say, just let him do it.

Say come find teeth combed of the fear of the Lord and the reverential fear of the Lord is beautiful because it just ignites first love fire for him. It ignites purity, his presence, man. It'll just chase you down and you host him in such a more, more beautiful way.

So, um, yeah, just wanted to speak that over you from my heart. The purity will pray here in a second. Won't keep you on.

How many of you are chilly? Are you doing okay? Oh, good. Oh, you guys are fiery bunch. All right.

I got my hoodie and, uh, and we're going to pray for the Holy spirit to come here in a second. And listen, I want to build your faith that we've been seeing healings and miracles. I was, I was just in a Baptist church down in Kingsville, Texas.

I was so far South in Texas. I, when I realized I was getting close to the Mexican border down by Mexico, cause listen, we passed a dairy queen and they had a meal, a dairy queen meal that was selling tacos, like a number one with tacos for dairy. My son was with me.

He was like, they sell tacos at dairy queen. I was like, Oh, we're way down here. Look on the map.

We're down by Mexico, but a, uh, Baptist church, listen, full out miracles, deafness, uh, in ears. The, uh, I think it was, or was it, no, it was his ear. This frequency started happening.

Leg, a leg grew out front row of the church. Um, just shoulder one, one lady, she wouldn't stop talking. She was sweetheart, but she, I mean, somebody can talk a little more than others and that's okay.

But I just wanted to pray for shoulder was healed and she starts just going on this long story. So while she, I just was listening to her, but I went in and laid hands on her shoulder and, uh, all of a sudden she she's talking. She goes, wait, what'd you do? How'd you do that? She, she got healed her as she was talking.

He was so good. Pain was totally gone. Um, yeah, we were just in, where was it? Milwaukee.

And, uh, this lady, uh, we didn't really release it on the live stream, but she was backed on one of those fancy carts. We have to roll, put one leg on it and roll. There's wheels on it and all this.

And, uh, she, the doctor had messed up her surgery and kind of messed her foot up. She was excruciating pain. Couldn't walk for four months, excruciating pain.

And, uh, we went back there, kind of the gift of faith type feeling happened because me and my buddy, we said, look, let's just walk, let's walk on it. I didn't know, thank goodness. I didn't hear the story first.

Sometimes it's better to pray first before your faith gets depleted. So, so we start walking and she's totally healed. She starts just freaking out.

She comes up and testifies, walking up the stairs. We later found out she was in excruciating pain. Couldn't walk for four months on this wheel thing.

You have to roll while that's happening. A deaf, I think it's partially deaf ear pops open over here. Um, just healings and miracles have been breaking out.

So I want to encourage you if you need healing in your body, uh, Jesus wants to touch you. Is that okay? And, uh, and I love to say this phrase recently. Yup.

Uh, the Holy spirit's way more contagious than COVID just so you know. Yeah. Yeah.

Yes, indeed. Light is always more powerful than darkness. And, uh, and so we're going to believe for the Holy spirit to come.

So let's, let's do that. Won't keep you guys along. If you want to stand, we'll pray.

Maybe the worship team, if they could come and, uh, just leave plenty of time for ministry.
