Alright, you may be seated or you can stay wherever you're at. We'll try and transition. Can we thank David Breimer please, oh my gosh.

What in the world man, we stepped into something, I'm serious. I was down there weeping like a baby, now my eyes are all blown out. So I can hardly see you, but... Oh my gosh, that was so good, thank you Jesus.

Such a rich, intimate time. Love David Breimer, so grateful for him. Man, do you have an album out or about to be? I thought... Do you mind telling them? Okay, yeah, yeah, all this stuff's on YouTube and I saw where you were writing some new songs and you guys have got to get all of this stuff, my gosh.

Such a deep well. So man, I'm excited this morning. How about last night, David Papavisi, huh? Yeah.

Note to self, always schedule him the next session. Now I got to preach after that, you know what I'm saying? This is just not wisdom at all. But so powerful, just the weight on what he was doing.

And before I forget, there's a few prophetic things I saw I do want to share. But one of those in there, towards the end, I won't keep you guys long at all, I just want to bring, just share from my heart something

I've been sensing, really got hemmed up in Revelation 19 lately and seeing the Lord in a new way. And... Sorry man, I'm just coming out of it.

Just going with a clean accent. And so anyway, but if there's anybody last night that... Man, sorry. That the Middle East, what Dave was sharing, you felt called at the end.

I want to invite you up as well. As he said, you know, the harvest is ripe, laborers are few. I've been over there with him and I just felt like some of you may be not supposed to go to Hawaii.

You know what I'm saying? And I want to give you that opportunity. But when he was, I mean the whole thing, but when he was hitting it, I just was like, man, I really feel like some people were being called. And we could totally make that connection, obviously for just practical purposes.

You know, we're going to share a lot of the details exactly where they're at, but we could make the connection. You could reach out to us. Could be academy students, even short-term trips they do, and it's boots on the ground and so powerful.

We've been throwing around the ideas. Many of you know we do crusades twice a year going to the nations. Here in about another month we'll be in Dominican Republic, kind of just book of acts, you know, on full throttle all week, preaching the gospel, winning the lost, casting out devils, things like this.

And so we'll be in Dominican Republic in about a week. But we were talking and still trying to pray through gearing one up to go to be with them in Iraq. And one of our academy students, she's Iranian actually, in our academy, she had a dream where she saw we were doing one with them.

So that would be powerful, yeah. Just bring a lot of snacks because the flights are very long there. And anyway, so anyway, at the end, just if anybody thought it could even be intercession and something with the Middle East, and I don't know, you know.

We'd love to make that available. And some other prophetic things I want to share, but I have a couple of announcements, and I'll do a quick, give a quick chance for you to give, again, by tithes and offerings. Some of you feel like this is your local community, and I'd love to give you that opportunity.

Obviously, if you're in a different church home, you don't tithe here, you tithe there. But one is, Rodney, what's up, buddy? How you been, man? You doing good? You still up in, is it Virginia, or? Yeah. This dude usually melted in the carpet like for hours.

I forget where, no, I first met you in Virginia. Yeah, out in that meeting, it was bananas, and Rodney was just melted for hours. So can I get some Kleenex if you don't mind? It's under Dave's chair.

Blow my nose quick so I'm not sniffing the whole time. Thank you so much. And I'll cut the mic off and bless you all.

I always ruin televised stuff, man. When you start going and talking about Jesus and crying and all, it never goes good. You're snotting and blowing your nose.

You're like, cut, start over. But anyway, but wanted to let you guys know, our academy, how many academy students do we have in here? Come on, all over the place and up in the balcony. I think we're concluding our first year and wanted to announce it again because registration is still open.

I think we'll close down September. Jasmine will know, yeah. In the back, everybody wave at Jasmine.

She runs the whole system. She's amazing. Give it up for her.

And so anyway, while registration is still open, love to have you all two years. Just commit your life to going deep in the word together, the presence of God, you know, the manifest presence. And so I think last I checked, we were at like 220 students from 18 countries around the world.

It's a beautiful platform because it's now shifting to the model of online and in person. Obviously now having this local headquarters facility. And just want to invite you, if you feel tugged at the Lord, it's built in such a way that you can swing it, even people with jobs and things like this that have wanted to go deep.

We made it real cost effective. And just dear friends, David Papavisi, you know, these are instructors. Daniel Kalenda, Michael Kalenas, Eric Gilmore, high caliber people from around the world.

Patricia King. How many of you know women are often more dominant than men in a gospel? Somebody recently gave us a blessing shout out on one of our, you know, all the outlets that like you say you love the word, but you there was a woman preacher. You know, they still I don't know where they're getting this from.

And like, I love the word readers. So, you know that God uses women. You know what I'm saying? Unreal.

You obviously don't love your word. But Sidney Jacobs and just high caliber Michael Miller. You know, the list goes on.

Corey Russell. My gosh. I got super humble and it's down to earth.

But then you give him a mic like zero to 60 in point two seconds. And anyway, I want to invite you to come in person online, both, whatever fits your schedule. Love to have you.

We start September 6th. We'll be here live in person and just going to go for it together. So love to have you.

And I want to take up a quick tithing offering. If you felt led to give. We really want to bless David Brimer and David Papa VC as well immensely.

And also, as far as tithe, this is your becoming your church community home. You can see checks payable to Bridal Boy International. You can do the fancy QR code with your camera.

I just want to try it out for fun and then click the donate button while you're there. And I'm just trapped. Yeah.

But, yeah, if we want to bring those baskets and get those ready and we'll pray. I'm going to beat you over the head with it. Appreciate it, man.

Give it up for my man, Brent Boyd. We go way back. Yeah.

So I'm going to pray and then let you come if you want to give. And I think they have a couple on the balcony. Just want to bless you in the name of Jesus.

God, we love you. Thank you for the opportunity to give our life, our time, our finances. Anything unto you be glorified.

And in return, I pray an exponential blessing upon this house, each and every one. Even those maybe giving online financial favor. Breakthrough given, it shall be given unto you.

Shaken down, pressed together, running over. In Jesus' name, amen. Awesome.

You can come give if you want. Baskets on the right and left. We will jump up in here.

Yeah. Thank you, Lord. Awesome.

So we'll jump straight in. I'm excited to have a few things prophetically I saw. And hopefully they'll bless you land where they will.

Then I'd love to share just a quick passage out of Revelation 19. That's another side of the Lord that's so beautiful. Have seen over the years.

I think we're going to see it more fully as the days progress. How many of you know it's beautiful that I think the highest goal in life is to know him? And then how many of you know we want to know him fully? And sometimes if we're not careful, we just want to pick and choose and know sides of God that we like. But he's perfect and true in all of who he is and love.

And so I want to know all of him. I don't care. And so that's a different side.

So that's why I took up the offering first. I'm totally do. But a few things prophetically I saw first.

You guys get it. Prophetic pictures and symbolism and things like this. One thing I saw.

Don't raise your hand on this one. It's a word of knowledge. It's very good, though.

But just I wouldn't want to put you on the spot like that. But I've seen this before. It's a funny word play.

The Lord will do with me. We'll see a cantaloupe. It's the fruit.

How many love cantaloupe in here? It's OK. Yeah, it's not like top. You know that if it's like, oh, you got left on the, you know, in the produce section.

Watermelon for me is way over. Yeah. And now they got seedless anyway.

So I saw cantaloupe. It's a word play on the Lord saying you can't elope people that are. So there's somebody here.

I saw actually it cut in half and then the back into a coring open market see into it, which is this whole was equal eight three with me where a hole opens up. So you can see him prophetically. And so I believe there's a half of the couple here.

There's one of you here. Not both of you aren't here. And the Lord's saying, and I think you're praying about just running off and getting married.

And the Lord's saying cantaloupe like don't don't do that. And that's why you don't raise your hand. And not not to say that it's not the Lord ultimately.

But I would just I wouldn't be so hasty about that decision. I think it's just God's goodness. He cares.

I've seen that before where it's I mean, sometimes as well in relational dynamics. That's one of the hardest ones to hear in. It can get blurry, you know, but the Lord and their signs everywhere.

And it's like emotions. And like, but there was a she was wearing a blue shirt and I saw a blue car pass by. It's like, no, it's not.

There's a zillion blue cars, you know. So the Lord may be saying, you know, just dial it back. Make sure and pray that went through.

Then I know this is crazy, but and you don't you can wait till the end for prayer on this one. But it's just how the Lord works. Sometimes just you learn to follow him.

And I just love all of his ways. I never forget. I was in a conference in Alabama preaching.

I'm in worship and I see a bottle of neosporin. You know, you put it on like wounds and whatnot. The Lord is calling you.

No, no, that's awesome. And real clear neosporin. Bam.

And I knew there was healing. There was something with healing. The Lord was trying to do there.

Had no idea this about this whole family there. Actually, a wife's husband was his name was Neo. N-E-O.

And he had just died in a freak accident. The whole family was there. They showed up for the meeting and did this inner healing.

The Lord worked this whole thing for neo neosporin. But this one, I know it sounds crazy, but just want to be obedient. The Lord cares about this type of stuff.

I'm not kidding. I'm in worship. I see crystal clear this vision.

I was in Bible college. I don't know how I remembered this. I couldn't have unless I saw it.

And sorry for some of you, you know, fainted hard or whatever. But I smoked a dog one day on the way. I'm just being honest with you on the way to Bible college.

I'm going. I'm going for like a class. It's raining.

And this dog, he just didn't have wisdom this day. Big lab pulled right out in front of me. And it's raining.

I can't stand on the brakes. Send him to heaven real quick. I'm just being honest.

I've tried to raise a dog from the dead before. It didn't work. But this one, I had to get to class.

So anyway. I'm just saying. Stuff happens in life.

But I know there's somebody here. I'm just telling you that I believe you either just lost a dog. If something the Lord wants to really touch you and heal that part of your heart.

Something with. Somebody just lost a dog. And again, you don't need to raise your hand.

But he wants to heal it and mend you. Something with that. It just was so random.

Another one last night. This one's really good. I had a dream where I saw the emphasis was on the eyes like turning.

They were green. The green eyes. Emphasis like the beautiful green eyes.

Which funny enough. A lot of people. I don't think most people know this.

My children know this. But when I got born again. I don't know if that's what happened.

I don't know if. I don't know a lot about how this works. If it's possible.

Maybe. And just things change in life. But my eyes were always brown.

Just straight brown. Even on my driver's license. Before I got born again.

I had to put brown. And I got born again. And they totally.

They're green. They're like hazel. I have to put green now on my license.

You don't know if this time in life happened that way or what. But prophetically. Green speaks of a new beginning.

And I believe there's going to be a brand new way of seeing things hit this morning. Like a spirit of wisdom and revelation. To see and clarity.

And so I'm really excited at the end. I want to leave enough room to let the spirit move. Pray for you all.

Like it was awesome. We were talking to Ron and Stacey yesterday. And Ron was saying after the last glory nights.

I think it was that very next day. Yeah. Just new vision can happen in a moment.

And how many of you know sometimes when that happens. It can shift all of destiny. It's like even certain things you had.

You didn't know. That God could breathe upon. And then open up as far as where you're going.

And things shifting. So I believe something's going to hit this morning. With the green eyes.

If you have brown eyes. This does not pertain to you. But a new beginning in sight.

And seeing a new revelation. Spirit of wisdom and revelation. And man it'll really shift.

It can happen in a moment. So really excited about that. And yep.

That was it. Okay. So I want to talk to you briefly about Revelation 19.

And we'll just see where it goes. I've just been in it lately. Couldn't get off of it really.

This aspect of Jesus. That is a beautiful side to who he is. And I think is going to become more prevalent.

In the days ahead. In the days ahead. And I think this side of the Lord.

That I don't know if we're always too familiar with. Is going to come on the forefront. That's beautiful to you and I. Not so much to the unbeliever.

And it's just the word. You know what I mean? How many of you love the Bible? I love the word more and more. I'm really pulled by the spirit into the harder things.

You guys have been hearing me lately preach the narrow path. The compressed way. The cost.

Jesus said you know take up your cross and follow me. And I can feel wind on it in this hour. He's separating the men from the boys right now.

You can feel it in the kingdom. Like what David was talking about last night. So powerful.

It was like every other sentence was just such weight on it. And I would encourage you and I. All of us together. That in this hour go for that stuff.

You can feel like games are over in this hour. Which is exciting. And so those that are still caught playing games.

God loves you. But the train's moving. And things are.

They count a little more. Sometimes it almost feels like. You know we were in.

Regular season. The sports analogy for some of the guys. And then all of a sudden.

Nice. The. You know you shift into playoffs.

Things matter a little bit more. Those who used to kind of just take some bench time. They play more minutes.

Because it matters more. Then you get into the finals. The last hour that we're in.

It just everything counts. Little decisions. The slight motives of the heart.

You know all this stuff. And I feel the fear of the Lord and the Lord. Just calling the standard higher.

And so we say so be it Lord. Simplify our life. Take us that narrow compressed way.

And so I was recently. Really hemmed up and intrigued by Jesus. Out of Revelation 19 11.

I'll read it to you first. Then expound and we'll see where we go. Even got a fun picture in a second.

If we can put it up. Any of you that have taken our courses. I love little objects and props.

And we even have a smart board. I'll doodle on it and it's horrible. But it still is fun to draw and see stuff.

I love seeing things. So watch this. I'll read it to you first.

Then I saw heaven opened and behold a white horse. The one sitting on it is called faithful and true. And in righteousness.

He judges and makes war. Bad to the bone man. The side of Jesus.

I just like this. His eyes are like a flame of fire. Oh yeah.

David sang about it too last night. Right on the white horse. I never hear people singing about this.

People don't preach about this. And anyway. His eyes are like a flame of fire on his head.

Or many diadems. Royal crowns basically. He has a name written that no one knows but himself.

He is clothed in a robe dipped in blood. And the name by which he is called. Is the word of God.

And the armies of heaven arrayed in fine linen. From his mouth comes a sharp sword. With which to strike down the nations.

And he will rule them with a rod of iron. He will tread the winepress of the fury of the wrath. Of God the almighty.

On his robe and on his thigh. He has a name written. King of kings and Lord of lords.

And so I just want to stop there. 11 through 16. Really just talk to you from the heart.

And I love this. Because I believe. This side to the Lord.

Which is very prevalent and true. I've heard a lot of mixed stuff out there. I don't even know that stuff.

That's amazing. I love that about David. He and I are both totally disconnected.

I'm in the states but I'm not in the know. So there's new terms of deconstruction. I was like that's demonic.

Right when I heard it I was like that's never God. You can't destruct this thing. That's complete foolishness.

And I love that his name. Personified at the highest in this last hour. The word of God.

I'm going to get there in a second. Don't budge. Well you're kind of old school brother.

Not relevant. No relevant is the word of God. His manifest present and that alone.

I don't care what culture is doing. I don't care what they're saying. None of it.

It's the word of God. And when they see the fruit through time. That will tell all.

So anyway. You have here John obviously we all know. Book of Revelation.

He's caught up in a mysterious encounter. Revelation is not in chronological order. So anybody that reads it.

You've got to understand that. But this one passage. Just want to expound upon.

Because again I believe this side of the Lord. I've seen it in pockets through the years. Don't talk about it a whole lot.

Traveled in ministry for years. And a lot of times you're under different visions. Camps.

Streams. And I'm real big about honoring. And complimenting what they're doing.

So you don't always have the freedom to touch on some of these things. But I think the time is coming. Where the Lord is like listen man.

You read further in Revelation 22. The angel tells John. He says look don't seal up this book.

He says let the wicked be wicked. The filthy stay filthy. The righteous righteous.

The holy stay holy. But the time is near. He says he tells John.

He says don't seal up this book right now. Time is near. And I feel the Lord saying that.

Like don't seal up the hard stuff right now. You know what I mean. I'm coming in complete.

Don't mishear me. I'm coming in complete. The highest status and facet of love.

He is the thing. He doesn't create love. He is it.

So love. Patience. Full of mercy.

Thank God. Grace. Truth.

Loving kindness. Slow to anger. So you guys know what I'm saying.

But he's got this side to him. Where games aren't going to fly in him. Where the fear of the Lord I believe is coming back on the forefront.

And you're going to be able to cut it with a knife. Right between the church. You know the bride.

And those that don't fall on the good side. And so anyway here John is he basically says. Then I saw heaven opened.

And if you study that like in its original text. It actually means. He just comes out of to the bride preparing herself.

And making herself ready. It's the very next passage. I feel like they're in tandem.

I feel the Lord preparing his bride. And there's a purging and a separation happening. Just like David was talking about last night.

He's preparing his bride in a high highway. Of purity. Highway of holiness.

A set apart company. And the world. It's not going to be the best day.

You know I'm just being honest. And so he wishes it for no one. But it's just the word.

So John here he says. Then I saw heaven opened. If you read the original text it means.

Then I saw heaven having been opened. The original text said. He basically looked and was like.

Well this thing's been happening. Heaven has been opened. And he's looking into this scene.

I'm not a psychology you know. Like end time scholar by any means. But figuratively speaking.

And I believe some literally. This side of the Lord is going to become more. Real.

In this hour. And if we don't know this side of him too. There's going to be confusion.

People are going to start rebuking that. Which they think is the devil. It's like no this is the king on a white horse.

In complete love. Eyes of fire burning for his bride. But he's not playing games anymore.

Heaven has been opened. Basically this thing's happening. John looks and he's like whoa.

Okay now I see it's been going on. And it very first picture. And this is where we have one in a second.

It's just fun. Just because we can do it. And I love visuals.

Very first thing he sees which is paramount. In understanding revelation and the prophetic. It sets the backdrop for the whole.

What he's trying to get into. He says heaven having been opened. And behold a white horse.

And you can see this through experience. And in the word. Basically you shift to the judgment.

He's like I saw a white throne. And basically I got it. Now I know what the whole story's about.

Do you guys understand? So this white horse really matters. If we can put it up. I think they have it.

A powerful white horse. Luckiest horse in heaven. Jesus is your rider.

The best one we could find. How powerful is he? You know the other horses that the armies are behind. We're like why did he get Jesus? And that horse is just dominating it.

But yeah. So it talks about this white horse. Then it goes off into the rider.

And the purpose thereof. So a white horse. Obviously white speaks of purity.

A horse. Just being honest with you again. This is the word.

Bible 101. Speaks of war. A white horse.

You know what I'm saying? You're not just like you know what? Let me just check. Ride back. So when this passage is set up.

Behold I saw heaven. Having been opened. And bam.

John sees a white horse. You're like okay I know what we're talking about now. From a place of utmost purity.

And a mission of war. Initiating it. Which we'll find out here in a second.

But now the Lamb of God is turning into the King of kings. And the Lord of lords. And there's with great strategic purpose.

He's on a mission and doing things. Then it says the one sitting on it. Is called faithful and true.

And it says. First off it says. You'll see it twice in there.

Where it says Jesus. We know we're talking about Jesus. It says what he's called.

Which is an adjective. How to describe him. Then it says.

And his name was called. Whole different ball game. So first he's called faithful and true.

That's like me saying. You know Brent. Man of no guile.

Utmost humility. You know just his description. You know authority deep in the Lord.

But his name is called Brent Boyd. So his description is faithful and true. That's what they call him.

They're like this rider on this white horse. He's faithful and true. In righteousness.

Inside of righteousness. He judges and makes war. This is the white horse.

I'm just telling you this is the Jesus you and I serve. He means business. And I. And.

I just love everything about him. You know and so. So remember last time I taught on.

God is light. And he's in light. He's not only the light he's in it.

And in him is no darkness at all. He's a white horse who's faithful and true. He's from inside righteousness.

From that place he judges and makes war. And in this hour. I'm telling you with eyes of fire.

Burning out of passion love for his bride. But burning against anything that's wicked. And not upright.

You know the fear of the Lord is to hate evil. We've got to get this type stuff back out here again. I know it's not popular.

But listen this is the Jesus Christ who we. You and I serve Psalm 45. Says because Jesus Christ loved righteousness.

Hated wickedness. Because of that it literally says that because. Therefore because of that.

Therefore God looked down he said. Bam anointed him with the oil of gladness. It set him up beyond his peers.

It's also in Hebrews. I think one nine. Paul reiterates it twice because Jesus.

There's a loving of right. We love the wicked. Don't don't mishear me again.

Got so compassionate slow to anger merciful. Thank God I've needed it all these years. But there's a side to him as well.

He's like listen. You don't want to be caught on that side. You don't want to be caught on that side.

He's starting to from righteousness judge. Which means to separate. And make a verdict.

In favor of or against. That's what it means. If you look up that word and study.

He's from righteousness on that white horse. This Jesus you're going to see. Start to come forth in ways.

That are going to be very surprising. It's like well because this big general. Love all and accept all.

No that's not Jesus at all. And that's why his name is called. That's why the word of God in this last hour.

Is of utmost significance. Paramount height of all heaven and earth. Will pass away but never his word.

And so he judges. Which means to make a verdict. And makes war.

Meaning he instigates the thing. It's funny I was reminded. Going through this recently.

We have this English bulldog. Some of you may have seen him. On like Instagram and stuff just for fun.

His name is Bullseye. We're starting to learn. He's not a French poodle.

He's just a different breed you know. And he likes to just rumble sometimes. He's super.

So first of all he sleeps like 20 hours. Out of the 24 a day. So he's super lazy.

Got like 18 chins you know. Just lives to eat. Always an hour early.

He comes and stares at you waiting to eat. He's like you got an hour bro. You better fast.

But sometimes he's just in a rustling mood. And like FedEx guy will come or something. He'll just annihilate the blinds.

You know. And then we have this little. It's called D-Bot.

It's a little vacuum cleaner. You know the circle ones that roll around and do their thing. Praise the Lord for whoever created those.

God bless them. But since a young age Bullseye it's like he hates the thing. They're enemies.

So D-Bot's plugged up in the corner man. Doing his business. Doing his job.

Bullseye's in that mode. He makes war. He instigates.

He'll look around if he just can't find anybody. Because normally Judah. My son Judah will play with him rough.

And he enjoys it. But he'll just like oh okay. Well nobody.

Okay D-Bot he'll just go ahead and start just rustling and picking and fighting and making war. I'm like Zoe put D-Bot in the closet. Sheesh man.

Give us a break. But to make war it literally means to instigate the issue. And again I know we love the other side which is I'm gonna highlight that as well to God.

Thank God he's so full. And perfect and true in every way. But this side to him I think you're gonna see more and more prevalent.

And again if we don't know it and how to yield and know him in this way it's gonna confuse many. And spinoff theologies are gonna happen and they're already here and that's okay. And God's still merciful and compassionate and loves you.

But he's not stopping from his mission. And so from a white horse of purity in righteousness. Meaning everything he's judging and making war against is not righteous.

You understand? If that's from where he's judging from that means anything outside of righteousness or the word are founded in and through it he's judging it. So to you and I what's encouraging about that is I would say in this hour like never before by his grace we really need to yield our life to this thing like never before. Because anything outside of it is gonna start getting separated by the Lord.

And either for good or bad. You guys know what I mean? Not questioning salvation, none of that stuff, but just in our life it would behoove us to start to cut out, mixture, detach. You back up in Revelation he looks down and just to sorry to step on any theological toes but we're still here through the whole tribulation.

You can debate all you want but it's so obvious in scripture. I'm just saying. I hope that works for you but if we're still here I'm gonna be like where's your ticket? Which is awesome.

I'm like man, greatest day to shine. You know what I'm saying? And to try the bride and her commitment covenant to the Lord. But from this place he judges and makes war.

Oh yeah, back in Revelation you can see it just like David was talking about last night he looks down in Babylon happening we're still here. He says you must come out of Babylon. He says I'm about to judge Babylon for her sins.

I would advise you come out lest you be judged with her. There's that division. There's that judging.

You know what I mean? And people again it's just it's cool because it's our house. I can be free to talk about it. Other places you can feel it.

Like hold on, don't talk about judgment. You know it's like here he is crystal clear. He judges and makes war.

He judges people and the earth. And for you he'll verdict in favor. But anyway.

So the dividing line is happening. And you said man I want favor. Then let's cut out mixture and get on the side that he's judging for in righteousness.

You guys tracking with me? So it says here he judges meaning to make a verdict, separate. It means to separate and divide. And makes war meaning anything outside that he didn't choose and verdict of he makes war against then.

So he only judges it to make a judgment against but then he makes war on it. And I've seen the side to him seriously in pockets. And it's amazing because it's perfect love.

How many of you know his judgments are perfect love? Anything he does is perfect and true. You say well God that couldn't be love. You don't have the right to define love.

He is it. He is the thing. He's the definition.

And so anyway as you read further and I get some green eyes and all that stuff. But his eyes are like a flame of fire burning through passion and love for his bride but burning against that which is outside of righteousness because that's where he's sitting on the white horse in authority as king. Listen, robe dipped in blood many crowns meaning all of them.

Many royal crowns or diadems meaning all of them. He's king and Lord of all. And I propose again you may get a different revelation in the Psalms it says God's promises are purified seven times over meaning there's depths of truths and revelations you can get from it and that's awesome.

But I was really hemmed up on this part of his name that no one knew at first. It says John looked and every time you see the robe dipped in blood mentioned he goes back to that name. And at first it says and there was a name which no man knew except he himself engraved or written into it.

The robe dipped in blood and a name which no man knew but first so he's called faithful and true that's his nature but the name by which he is called is the word of God. So in this last hour you need to know if he's riding through from that place of judgment and making war and his name in this instance we know he's got many names good shepherd, faithful, bridegroom, king and all this but in this last hour kind of narrative for him to personify his name as the word of God we must know I touched on it already but this is of utmost significance in this hour. You know what I mean the word you can't come off of it for anything.

Dig your heels in deeper.

Matthew 24 how Jesus kicks off the end times he says he starts off Matthew 24 they're asking him basically when are you going to return he's like I'm glad you asked this is how he starts it off take heed lest you be deceived there's literally going to be an increasing anointing of deception really in the last hour he says take heed lest you in that hour oh yeah in that time take heed lest you be deceived and how do you protect yourself from that the word you go deep in the word and I don't care about all these fresh doctrines that make no sense they don't balance throughout the whole word they just take out little pockets no the entire word of God and so that's the name meaning that's his identity you know he's called faithful and true that's you know functions or adjectives to describe

him but the name meaning the identity he goes by in the last time is the word of God meaning we must find our identity in the word of God fully and nothing else nothing outside of it this is where you get super dogmatic and you just don't budge you know and now open to going deeper into it if we don't know it fully but you read further I'll just paraphrase for time's sake but a robe dipped in blood and John's first this is how revelations work too by the way what comes first the white horse the progression of it all this really matters you can kind of see it like one profound encounter everybody knows with Bob Jones everybody knows he got taken up to heaven billion soul harvest encounter right well if you notice that entire encounter was around the harvest so he gets up and he first sees

two lines going into heaven I don't know if you all have heard the whole encounter but one line way larger than those going into heaven broad is the way that leads to destruction narrow that leads to life and people were clothed in what their God was I don't know if you've ever heard this before if their God was alcohol they were clothed in alcohol bottles if their God was money they were clothed in money they wore that's why the righteous deeds of the saints are white linen pure garments which are deeds of the saints by the way again this is that mixture that's being taught a hyper grace of you know it's positional righteousness versus relational but the white garments in the last hour Jesus says buy them from me it costs you it's righteous deeds of you not questioning your salvation

listen that's Hebrews 10:14 he's forever made perfect those that are being made holy positional righteousness Jesus paid it all so I'm not taking away from what he did you guys know what I mean but sometimes we camp out on that alone and we don't realize the relational righteousness must line up not works none of that but righteous deeds of the saints you guys tracking with me that's what clothes you in white anyway but they're all clothed in their God this that and the other and he goes into the line to heaven Jesus is asking them did you learn how to love you see so that whole revelation was set in the context of the harvest and loving this way and if you're not careful you can get too dogmatic on one revelation and start to think this is the highest way and you come off of first love

in Jesus so you need to keep the word solidifies it all and keeps it balanced but encounters are on purpose set in a progression for a reason so I love this part he says this one black lady had tons of angels around her going into heaven she was an evangelist and he says did you learn how to love yes Lord he kisses her and they walk through the Lord nobody comes to the Father but through him yeah and so one lady made it to heaven but she didn't learn how to love she had bitterness she still got into heaven but you know the demise of your destiny reward you know would reflect Bob Jones gets up right to the Lord did you learn he said he was pockered up he was ready to go in can you imagine and and the Lord says you know begins to tell him about this I'm sending you back for a billion soul

harvest I believe he prophesied and began to kick off we all know he went to be with the Lord on February 14th the day of love showing he completed his walk learned how to love but all that being said in this context you see the white horse sets the parameter of the purity and the waging and making war and judging which he gets in perfect love but he wouldn't be perfect love if this side wasn't him as well and if you read further I love this he mentions the robe dipped in blood and in the initial part of the revelation this is what our proposal is really just weighing because anything with the Lord I'm just intrigued by at first John looks and he says I believe the name was there he knew it was written it says on him was written a name that no man knew meaning it was obscure almost like a

camera lens blurred out you could see a name written but nobody knew it and then he goes on you can read it on your own time later and he begins to further describe this judge who makes war and it says all of a sudden following him were the armies of heaven also all dressed in pure white linen on all white horses this is another thing Jesus leads the pack in war you don't see kings leading war they stay in the back and control but Jesus leads this thing so dominant and true and instigates it you need to see this eye to him I've seen it before against small pockets but when he gets down to shifting things for a reason we'll see in heaven one day why he did what he did and I think far too often again we're rebuking devils and all this stuff and witches has application as well but at first

the name is obscure it's blurred out and if you read further he says they ride through and trample and basically the sword out of his mouth takes down nations which is the word of God it's the very identity by which he's called so basically that shows you again to any area of our lives that aren't fully adhered to built upon sustained by the word of God it will come down Hebrews 12 says oh he shook the earth and he says once more he'll shake it again the heavens and the earth that's why the word's unshakeable heaven and earth will pass away but never his word so anything right now by ideology choices everything we're building our life upon anything outside of this book will come down and what will bring it down is this it says he rides and a sword comes out of his mouth which is the word

of God Ephesians 6 says and take the sword of the spirit which is the word of God it's the word of God so that's how he takes it down and then again it mentions the robe again trampled in the winepress same

thing it's the robe dipped in blood and then all of a sudden the name goes from obscurity once he's complete and he can read it now so if you read it slowly it's obscure at first and then when the judgment and the making war completes it's like it comes into it says and the name on him was written king of kings and lord of lords I believe what's going to happen and it is and again figuratively I'm not trying to sit here and say I have a monopoly on the end times but is no man's going to know it meaning that's obscure still the actual lordship of Jesus Christ in his domain but also

Matthew 24 says in the last days in the gospel of the kingdom shall be preached in all parts of the earth the kingdom and the king who runs it is going to become like a front message a message on the forefront with undergirded by the fear of the lord so I'm throwing a lot at you but you even see at the end an angel in the book of Revelation who brings the eternal gospel and his first proclamation is fear God the last greatest day harvest it literally has a scroll of the eternal gospel an angel flying through soaring through the air in Revelation his first proclamation is fear God the fear of God which is beautiful to you and I it's so safe and true it's the beginning of all wisdom it's beautiful I think sometimes it gets a bad rap but the fear of God is so needed in such a beautiful way

does this make sense to you guys?

I say just find a fresh love for it and pray if there's any false religious connections to it pray that he we were talking about this remember in California Daniel but the fear of the lord I believe is coming back in a beautiful way and so but again that name at first it's unknown but as this progresses heaven having been opened and this king leading his army starting to separate and make war and judge that I believe his name is going to be known because at the end it says it's like then John could read it and I believe the revelation unfolded for that very purpose and it says king of kings on his robe and lord of lords on his thigh which I believe speaks of the robe like a king of the authority and the lord of lords on the thigh where he walks his lordship's not it's a different

dimension but basically over everything and they may not know it now it may be obscure right now you understand? but that doesn't change what he's doing in heaven he doesn't care if they know it yet or not because when it's when it's complete it's like all of a sudden a camera focus T would know this baddest photographer in the land when something's obscure you can see it but you don't quite know it it's like nobody knew the name yet it was written on him it only mentions the name written on him it mentions it twice but at first they didn't know it and they keep riding through you get to this side and all of a sudden it comes in focus oh my gosh he's the king of kings and the lord of lords the word of God that stands above all while everything's being shaken heaven and earth and again

this isn't a doom and gloom thing it's just bible it's just bible I'm kind of excited like let's bring it man store up our pantries no I'm teasing like a prepper I'm teasing no we're not trying to get into all that but just fall madly in love with the lord and build everything in your life in and through him and the word and when everything starts shaking you're like yeah I'm on his side anyway the robe king of kings probably the baddest jumpsuit in the land king of kings lord of lords like matching dipped in blood and he reigns over it all so it's funny he says don't seal up this book later in revelation 22 let them do what they do but I'm telling you right now heaven's been open and I'm on a mission I'm riding through and we'll see at the end when the obscurity leaves and clarity comes

in who's king of king and lord of lords everything's gonna be shaken and not for those it's almost like the shaking of that which was built upon sand and anybody that builds on the rock in the word right now you

just you actually elevate and you're stabilized and it's beautiful so I wanna encourage you guys in this hour as the Lord is doing this I've seen it and I'll share one quick story and maybe a couple and maybe one and um but I was in Montana and again this is the stuff I don't get to share a lot but I think it's just we need to hear it some you know cause it's a sign to the Lord that's perfect and true in who he is he's perfect love everything he does is perfect and true Montana preaching years ago we had a day free the day before I was gonna be preaching actually on this campus a

major university in Montana go up on the side of the mountain we hike there's a mountain that overlooks it and we hike up it thought it was fun cool there's the campus from here nice okay got some cardio in next morning I'm up early in prayer like fourth watch ish somewhere in there and I go into a vision and I see the Lord no devils no demons no witchcraft the Lord Jesus Christ on the exact mountain we were on looking over the campus with a fan in his hand he's just he's waving it over the campus and I'm like man that's Matthew 3:12 behold he has a fan in his hand and he's purging the threshing floor that's where you you throw up the chaff and the wheat and the wind of the Lord from the fan in his hand devils nowhere in this context when it separates the two and that's what he's doing

right now he's separating he's judging and he's splitting in perfect love for you and I beautiful great and awesome day of the Lord for us great and terrible day like Zechariah mentions for the others on the day of the Lord and uh so anyway that day I didn't get to preach yet I was preaching that night on the campus that day within hours after I saw this vision this took the headlines a freak high powered winds that's how the headlines of the newspaper read it said high powered winds they came in and hit the campus only which fans produce wind toppled again I know this touches on theological totals but we'll get in heaven one day and just see I'm just learning with eternity God cares far more about what he's doing and why he's okay with a few things here and there and I've just seen it

enough um anyway I'm not kidding massive trees toppled power lines cars crushed all on the campus all around the campus where he blew the and it wasn't even tornadoes it was just high powered winds random came in around noon blew through and that very day it got exposed that the uh they were the winningest football college in that division championships five in a row but it got exposed um that the I think the football and athletic director were involved with sexual allegations or something and the purging he was purging the campus and it got exposed that day and so the headlines from that day were high powered freak high powered winds hit the campus and then very next day head football athletic director you know got released because of this that and the other and people people they

without wisdom or knowing the Lord or what's going on things like this happen a lot that the Lord's behind and people are like no God's good he rebuked the storm yeah he does that too but sometimes I'm telling you I've seen it far too often angels come and talk about judgment due to national sin sorry um but again I'll just I'll lift off of some of it but I think you're going to start to see the Lord come draw a line judge things and make war while of course we do our part we pray we go to we win the loss the harvest don't mishear me you guys know you know what I mean you want to stand over the white horses like yeah get them Lord you know it's you know we love humanity he would that none would perish but also it's not changing his plan and uh there's there's several others I could share

but I'll just stop there but just just remember this and I'll stay New Testament only for that sake because a lot of people attribute just the judgment type stuff to the Old Testament and they don't realize Jesus Christ resurrected judges and makes war from a white horse with eyes of fire again I know this is the culmination of all things but there's a side to them as well that like you can see it you can see he'll curse a fig tree in a

moment and create death I remember one time I was in prayer just lost in a deep intimate place with him and I began to see him in a vision and I was just caught up because it was his eyes and I'm thinking in intimacy Jesus I really don't care what he says anymore I just love him and I look in closer and I see a reflection on his eyeball that was an axe

laid to the root of a tree and there's this side to the Lord to behold the axe is already laid to the root of the tree if you don't bear fruit I've seen him he removes candlesticks in the book of Revelation padded with mercy and grace and love and correction and long patience and suffering but what is it Hebrews 10 New Testament it says about how God will even judge and judge his people and it being a fearful thing to fall into the hands of a living God that's not Old Covenant that's new Romans 11 says behold the kindness and severity of God and that's really what I'm proposing more or less this severity side that's beautiful and true and we need it listen to me how many of you have ever raised children and you just raise them in kindness only good luck because they're going to run you

I'm just being honest that's his goodness there's a kindness and severity and his kindness is unmatched patient like I said long suffering and true but that severity side that keeps the fear of the Lord in place is needed in this hour like never before and again this side of the Lord I think you're going to see come more on the forefront you're going to start seeing things escalate around the earth I'm not trying to decree nothing but you know I would just pray first and hear well again we pray for protection harvest all of it but there's sides to the Lord too you know things are going to start to escalate you see it with Peter Ananias and Sapphira you don't see the devil anywhere in there it's the fear of the Lord and when he stops playing games there's a clear line divided and I

believe again this side of the Lord you're going to start to see more and more the severity with kindness you guys hear me hope that it wasn't too heavy or anything but yes beautiful and it's all Jesus so I want to encourage you this rider on this white horse I believe figuratively is going to be riding through more true and true and his name is King of Kings and Lord of Lords is going to be more clear than ever before who really runs everything and so also if you want to stand we'll pray with the Holy Spirit move thank you Jesus David you want to come help me just whatever way you feel thank you Lord yes I'll just pray corporately at first and then maybe invite some of you that felt any of those prophetic words land to come and we'll pray so Jesus we love you thank you that you are so

full and true faithful and true entitled the word of God and I pray in this hour that you would just shift our heart to see you rightly to invest our world into the identity of who you are the word of God I pray that you shake anything that can be shaken and let us simplify into building upon the rock of your word the unshakable ground in this hour we say Jesus be glorified great rider on the white horse authority over all King of Kings many crowns Lord of Lords be glorified have your way in the earth and set us apart separate us unto you as a pure and spotless bride we love you Lord Jesus be glorified I want to get a few people to pray with us maybe Ron Stacy if you don't mind you can come up here before you get trapped Eva Dan you mind helping us minister with people maybe Kristen do

you mind trying to thank anybody else yes so if you are the cantaloupe person just either obey or you can come and get prayer if you want the dog if that lands with you and the green eyes if there's a shift it may even land on a few people but I want to go ahead and welcome you to come the shift and a new ability to see the spirit of wisdom and revelation and the knowledge of your will Amen.
