## Transcript

One of the largest, this is a Fairfax County's in Northern Virginia, one of the largest school boards in the nation Not only voted to begin to include Transgenderism in their in their non-discrimination documents But also is now preparing to include gender identity in their school curriculum including the ideas of gender fluidity and Spectrum if you haven't heard these words, they're very popular out there in the culture now In other words teaching that there's no such thing as 100% male and 100% female This is one of the largest public school boards in the nation my wife made a good point when when this curriculum changes and When we were talking about this at home when the curriculum changes and this textbooks change I mean, you know that that publishers of textbooks don't change the textbooks very much from school board to school board So once it's changed Kind of across the board. It's changed. I don't tell you these things to offend you I don't tell you these things to hurt you.

I tell you these things to inform and equip you and Urge you to adopt a biblical world view Although I came in today Attacked by demons. I feel my help coming on and I know you know what that's like It's not just me if any of us if any of us who would hold to what thus says the Lord I'm not out to purposely make you mad I'm not out to purposely offend you but I'm telling you the world needs the gospel of Jesus Christ and it needs to be preached in every place from Pulpits as dr. King's in every Hamlet and in every city It needs to be preached in every realm of authority.

It needs to be preached in your home It needs to be preached on Capitol Hill. It needs to be preached in media It needs to be preached in Walmart. Hallelujah.

It needs to be preached on Facebook and Twitter Jesus saved and there is no other Hallelujah, Jesus saved and there is no other there's no other car There's no other name under heaven whereby men must be saved. There's no other truth. There's no other word It is the Bible it is the Word of God and there is one Savior one Mediator between God and men it is the Lord Jesus Christ Hallelujah Hallelujah We can mess around with this word if we want to we can keep playing with this word if we want to we can keep Trying to interpret the word by what makes us feel good if you want to but one day we'll answer to the risen King We'll answer to the risen Lord and we've learned that his word is not bad But his word is good The whole school board needs to repent And for those of you who still fighting with me over whether or not your children ought to be educated by pagans I say to you look again at the Word of God
