

Miracles and the Coming Revival

by Carter Conlon

God's resources are deposited in us for a specific purpose that will glorify His name, and we're called to walk in the supernatural, not natural reasoning.

Duration: 47:49

Scripture: Revelation 3:7

Topics: "Holy Spirit", "Revival"

Description

This sermon emphasizes the potential for miracles and a coming revival, urging believers to offer what they have to God for multiplication. It challenges individuals to trust in God's power and not be limited by their own abilities, drawing examples from biblical figures like Elijah, Moses, Peter, Paul, and the boy with the loaves and fishes. The message encourages a shift from reliance on human strategies to a reliance on the Holy Spirit for supernatural impact in the world.

Good morning Times Square Church. Revelation chapter 3, that's the last book in the New Testament for those that are new here this morning. Revelation chapter 3. I want to speak to you this morning about miracles and the coming revival.

Miracles and the coming revival. Now Father, I thank you for the weight of glory in this service today. Lord, you're always the one who bears witness to truth.

Where truth is, there you are. I thank you for a quickening of the Holy Spirit. I thank you for the strength to speak this word today.

I thank you for the strength to hear it. Lord, help us this morning not to allow any contrary argument to what we're about to hear. Push us away from the greatness of our God and what he desires to do in his church.

Help us to hear this, Father. Help me to speak it. In Jesus' mighty name.

When miracles in the coming revival, Revelation chapter 3 beginning at verse 7. And to the angel of the church in Philadelphia, write, these things saith he that is holy, he that is true, he that hath the key of David, he that openeth and no man shuts and shutteth and no man openeth. I know thy works. Behold, I have set before thee an open door and no man can shut it.

For thou hast a little strength and has kept my word and has not denied my name. Behold, I will make them of the synagogue of Satan, which say they are Jews and are not, but do lie. Behold, I will make them to come and worship before thy feet and to know that I have loved thee.

Because thou hast kept the word of my patience, I will also keep thee from the hour of temptation, which shall come upon all the world to try them that dwell upon the earth. Behold, I come quickly. Hold that fast which thou hast, that no man take thy crown.

Him that overcometh will I make a pillar in the temple of my God, and he shall go no more out. And I will write upon him the name of my God and the name of the city of my God, which is New Jerusalem, which cometh down out of heaven from my God. And I will write upon him my new name.

He that has an ear, let him hear what the Spirit says unto the churches. Psalm 42, verse 7, the psalmist writes these words. Deep calleth unto deep at the noise of thy water spouts.

All thy waves and thy billows are gone over me. Yet the Lord will command his loving kindness in the daytime, and in the night his song shall be with me in my prayer unto the God of my life. It's a type of the person who says, Lord, I have heard your voice and I am aware fully of the deep need of this generation.

All I have to do is go outside the doors of my house, and I see needs that are deeper than than I am able to do anything about. Yet I hear your voice calling me. I hear the pages of your Word keep washing over me, calling me to something that I have no skill to do, I have no power to perform.

And it causes a despair to come into my heart because I know I should be more than I am. I should be able to do more than I'm doing. But yet you will command your loving kindness in the daytime, and your song will be with me in the night, and I will turn to you in prayer.

It's the type of a person that says, God, the need is so far beyond me, yet it's not beyond you. And I know somehow you're going to speak to me, somehow you're going to gladden my heart, somehow you're going to turn me to prayer, somehow you're going to give me a song in the midst of all of this incredible need and depravity that's all around me. There is a time when God will start to draw again from his deep resources to meet an ever-deepening need in a fallen world.

These resources of God are deposited in great measure in you and I. Remember he told us a parable of a man who went home and he gave talents, which is a deposit of his life into his people. If you belong to Jesus Christ, you have a deposit of the life of God within you for a specific purpose that will glorify his name. And that deposit is much greater than you and I sometimes in our own frailty believe that it really is.

There's a time when God himself will call you and I to walk with him in accomplishing what will be, will have to be a miracle. There's no other way to describe it. And I'm gladdened to know that God wants to do a miracle through your life and through my life.

That is the standard of God. We're not called to walk in the normative. We're not called to walk in what is achievable to the natural reasoning and the natural strength of man.

If that were the case it would simply be a natural kingdom. But this is it. There would have been no need of a Pentecost, no need of a filling with the Holy Ghost, no need of a seeking of God.

We could have just been given the instruction to win the world. Now go out and with your own strength and reasoning do it. But I thank God that isn't the kingdom of God.

Think about it for a moment. The Bible talks about a man called Elijah. Now James says he was a man of just like frailties, like passions, like you and I. He had the same struggles that we do.

But he was called to bring the people of his day back to true worship against what would have been overwhelming religious opposition and indifference among the people. There is a false religiousness had gripped the hearts of almost all of the people save for about 7,000 in the nation. And in 1st Kings 18 21 Elijah came to the people and he said how long will you stand or halt between two opinions? If the Lord be God follow him, but if Baal then follow him.

And the scripture says and the people answered him not a word. Society and the religious society had come to the place where they they weren't sure maybe who God was and even if they were sure they weren't sure they wanted to follow him. Think about Moses for a moment.

He's called to bring an entire people group out of captivity. He has no army. He has no natural power.

He has no influence with the captors of the day. He doesn't even have youth on his side. The only thing God gives him is a stick and an 83 year old brother and a one-line sermon.

How'd you like to bring three million people out of captivity with that? A stick, a one-line sermon and an 83 year old brother. I think Pharaoh was so humored by this seemingly pitiful weak display that was supposed to represent God that it probably founded humorous. Probably everybody in his his court started to laugh at this.

I think it's the only reason he didn't kill him. I think he just found it charming, interesting, laughable. You're representing who? I am and he wants you to do what? Tell me to let three million people go to serve him in the wilderness and he sent you.

Mm-hmm. He sent me and my brother Aaron. I want you to think about Peter for a moment.

He's a man who's in a storm and he's called in the midst of that storm to get out of the boat and walk on water. It's a feat impossible to man but it's within his sight possible to God. He looks and he sees this man standing on the water, standing above the storm, standing in a miraculous place and he said Lord if it is you bid me come.

Now that's something that I'm believing that God has planted in your heart this morning that maybe today in this service you're that person that says God there's a storm brewing in all of the world and the only one who stands above it is you and if you want me to walk where you are, if you want me to walk in the places that only those with supernatural empowerment can walk then bid me come. I'm willing God, I'm willing. Think about Paul the Apostle called to see something positive in prison, to believe God that something miraculous somehow would flow from a place that was seemingly confining and helpless in the natural.

I think it's so many people here today you say well listen I'm just little me and I have my little apartment and I have my little job and I have my little family and I have my little education and I have my little ability to speak and you're calling me to see something positive in it. You're calling me Lord to believe that in my littleness that something great can be accomplished. Are you sure Lord that you have the right person? Didn't people say that throughout? Didn't Moses say that? Lord are you sure? Are you sure? It's a great

plan Moses said.

God's speed to whoever you send to do it. That's actually what he said in the beginning. It's an awesome plan.

All the best to whoever has the courage to get up and do it. What if God is calling you to something beyond yourself? What if he's calling you to see something positive in your circumstance? What if he's calling you to believe for the miraculous, to walk on water, to see people delivered through your life not through somebody else's life. What if it is you that God is calling to bring people back to the worship of the true God again? Now the common factor of all those that miraculously used of God is that when they heard his voice they didn't back away from what he was calling them to do but rather they moved towards it.

That's the common factor. You know it's a sad thing to say but probably for every hundred that God calls maybe only a few actually move towards what God is calling them to do while many stand still and others actually go backwards. Just simply failing through unbelief that God is able to take the little that I have and the little I am and actually do something with it.

Think of Nehemiah for a moment. When the burden of the fallen condition of his own people came to his heart he boldly asked for the supply that he would need. In chapter 1 and verse 11 he asked the Lord he said please God give me mercy in the sight of the king for it was certain death to appear to be sad in the presence of the kings of his time that were being served by him.

In chapter 2 verses 7 and 8 he asked for the king's authority and sufficient supply to get the work done and you and I have the right to do that. God thank you for mercy in your sight thank you for authority and thank you for the supply to get the work done. Would you be surprised to know that he may already have given you the supply and the authority perhaps you're just not aware of it yet.

Esther went into the king believing there was a divine purpose that was worth risking all for. Elijah's determination was met by the fire of God and the turning back of many of the people of that generation. It was that initial group of people that we know to be the church of Jesus Christ who went into an upper room and their determination to be witnesses for Jesus Christ in our time was met with the fire of God.

Moses willingness unleashed supernatural power and strength through his weakness. He didn't go in strength he went in weakness. Elijah didn't build the altar in strength.

He built it knowing that unless God responded nothing was going to happen. As a matter of fact he backed away from it and essentially said Lord I've just simply done this at your bidding and now it's really up to you to turn the people back. There's no way he knew he couldn't turn them back.

They were so indifferent they were so captivated in prosperity they were so given to a spiritual nothingness that he was aware that nothing could turn it but God himself. Peter's first step of faith out of that boat and onto the water found the power of God's hand waiting to hold him up. He's not going to let you down when you take a step of faith folks.

When you move out in that first initial response to the voice and the calling of God he's not going to let you down. Your faith may waver as you see the depth of the storm and as the criticisms of fallen men come against you who oppose their own salvation. You may become afraid for a moment but in that step of faith you will find a divine hand suddenly holding you up hallelujah.

Paul's trust in God's divine leading and purpose brought more people out of captivity potentially than possibly all of the others together. Paul's simple belief that all things work together for good to those who love God and are called according to his purpose. Paul's belief that even though I am in prison the Word of God that flows through me cannot be bound it cannot be chained it cannot be contained and he started putting it on paper and through the last 2,000 years more people have been brought out of captivity through the Apostle Paul than any of the others.

Jesus was telling the Church of Philadelphia that he's able to multiply that which we willingly let him draw from his deposit in our lives and to make everything man-centered bend its knee and acknowledge his lordship. He said to this church I've opened the door before you and no one can shut it you have a little strength you've kept my word you've not denied my name and how many does that describe today? Myself included that we stand before God and say Lord I don't have a lot I have a little strength but as much as I know I've obeyed your word and I have not denied your name. I trust today that your life has not been a denial of the reality of God in Christ where you travel the tragedy if it is and if it is God's mercy calls you to get right with him today don't speak his name and live like he doesn't exist.

He says I'll make those of the synagogue of Satan which say they are Jews and are not I'll make them to come and worship before your feet and to know that I've loved you said to this church I'm going to do something so profound through you that those who claim to know intimacy have intimacy with God but it really isn't true I'll make them to bow at your feet and to know that I have loved you.

I'm going to show you how God's going to do this in this generation go to John chapter 6 please with me if you will miracles in the coming revival John chapter 6 verse 4 it's the season of the Passover it was the time when many people were brought out of captivity and I want you to it's it's they're celebrating this time the time when by the miraculous hand of God millions of people were released from captivity now I happen to believe we're living at a time like that again I happen to personally believe that I'm going to live to see churches filled in New York City with seeking people with people praying there there will be a sovereign touch of God come into the lives of many people now it was a season of Passover and Jesus lifted up his eyes verse 5 and he saw a great company come to him

and he said to Philip when shall we buy bread that these may eat and this he said to prove him for he knew what he would do now you and I know that the kingdom of God does not work without faith and Jesus always needs somebody of faith look through history look at where revivals have come from there always has to be somebody on the earth who believes in somebody in faith somebody that just takes him at his word somebody who just does not see the impossibility of the situation how Jesus knew what he was going to do he already knew he already had in that crowd a person of faith so he knew remember in the in the New Testament there was one town where he could not do very many miracles because there was nobody of faith in the town remember through Ezekiel he wanted to not judge the land but

couldn't find anybody of faith to stand in the gap but here he's got a hungry crowd on his hands and he's he's already spotted he already knows there's a person of faith in the crowd and so he says to Philip now Philip represents the inner circle the disciples the leaders those that are apparently the closest to him and he said where will we get bread to feed these people and he said this to prove him and Philip now I have a feeling that there had to be a conference take place at that moment Philip perhaps gathered some of the disciples and said all right we've got a we've got to figure out how to feed this crowd there's 5,000 men and then there's women and children so it's got to be at least 10,000 or so people there perhaps even more and so everybody starts digging in their pockets what

have you got Andrew what do you got Bethlehem what do you got Peter and they they start putting their coins together and perhaps they thought well maybe we'll make a survey and pass it out among the crowd and look for some ideas about how we might meet the magnitude of the need here maybe it began to spread to the men that were there thinking about Jesus wants to know how we're going to feed the crowd and so suddenly they come up with an answer and he says 200 penny worth of bread is not sufficient for them that everyone may take a little now we have enough to buy X amount of bread but there's a problem with this first of all it's not enough for everybody in the in the crowd and secondly where do you find a bakery that's got 10,000 loaves of bread even in New York City you look at the

magnitude of the need in New York City and you say well even if we had the money where do you find enough bread to feed a city this size we're in the same dilemma that these people were in and one of his disciples Andrew Simon's Peter's brother said to him here's a lad which has five barley loaves and two small fishes but but what are they among so many I can I can just picture my mind's eye this little boy on the way home and he stops and he's listening to this he's got his bag lunch he's got five little loaves little almost like a Dunkin Donuts little things and he's got a couple of small fishes and he's on his way home and he stops and maybe he's listening and says well this is what a nice man this is and he does such powerful things and he he wants to feed the people and you know

remember Jesus said unless you have the faith of a child you cannot see the kingdom of God the word see in the in the Greek means to not only intellectually inspect but it means to experience the kingdom of God unless you and I have the faith of a child all the men are trying to figure it out they've got given time they would have formed committees given time they they would have sent out surveys they would have built donate for bread programs would have been launched and all this stuff just like we do today and much of the Church of Jesus Christ would have been launched but here's this little boy and he's you know how a child thinks I don't know if you've ever had an interaction like they don't see impossibility and he says well here this should do it that should do it I'm Jesus here I

can just see him tugging on and I can help I can help I know what he needs I've got what he needs now he already knew what he would do and so finally this this little boy shows up and he says now here's a lad with five Bartolo's and two small fishes here's somebody who was actually pushed through the crowd and he's he's just got a little bit he doesn't have very much he doesn't have resources he hasn't got a tandem trailer full of bread he doesn't own a delicatessen or a bakery he has no connections sounds a lot like Moses doesn't it sounds a lot like Peter sounds a lot like Paul sounds a lot like Elijah but he presses through the crowd and this voice says but what are they among so many you know there's there's that voice whenever somebody tries to rise up and starts to believe that God

can do something through your life you ever find that voice as well what are you among so many I mean who are you to think that God can use your life who are you to think that you can make a difference in the workplace or the work environment you and your little bag lunch of scripture your little bag lunch life what do you think you can do for the kingdom of God now there are whole denominations that can't do anything in this generation there are there are committees there are all types of big players in the kingdom of God yet they can't do anything so are you to think that you can do something and Jesus said in verse 10 make the man sit down I believe that we're living in a generation where Jesus is going to say the same thing again make the men sit down make all the movers and shakers

in the church world all the strategists all the committees all the people who tried to advance the kingdom of God in their own strength and by their own natural mind sit down sit down all the committees all across the

country all through Europe through Canada everywhere sit down in this generation make the men sit down now there was in that place about 5,000 men then of course we gather the inference that there was women and children there as well what did he say to Philadelphia behold he said I'll make them come and worship before your feet and know I've loved you so what's left but all the men sit down all the women sit down all the whole company sits down the only one left standing is the fairest among 10,000 and his church that's all that's left standing in that moment of hunger in

that hour of hunger nothing else is standing but Jesus Christ and that which he needs to do the miraculous somebody like you or somebody like me that has just a little bag lunch of a life that everything around you starts to tries to tell you that there's no point there's no purpose there's no power in it there's nothing can happen you don't have the education you don't have the strategy you don't have the committees you don't have the army you don't have the money I remember when Pastor Teresa and I before we were pastors and we're in a community of about I don't know how many people but it was 40 square miles as far as we knew with no testimony of God and we were left in that area and we began to meet I was a cop my wife was a housewife and the bus driver joined us and the three of us

every Tuesday night began to pray no degrees no religious degrees no influence no authority no provision we had no money to do anything with but we started to pray every Tuesday night and we would come into the living room and each of us would take a corner in the living room and we would start to petition God to move in the darkness and we didn't have anything to give we didn't have any mechanism we didn't we didn't have any machinery behind us we didn't have a program where there was no strategy all we did is pray Lord break the darkness bring the gospel of Jesus Christ to these people set them free we would turn to the north and command the north to set them free we'd turn to the south and the east and the west and we would pray and I still remember the night when we broke through

after weeks and weeks and weeks and weeks and weeks of prayer one night we broke through and we knew God had answered our prayer seven years later two churches later one Christian school later seven hundred thousand dollars in real estate all paid for a food bank feeding 237 people seven years later God had broken through we didn't even have a bag lunch to bring to him with no skill set nothing but hearts that believed him we were willing to go through whatever door he opened before us we were willing to go through it as ridiculous as we might have seemed or look we just simply went through the door and God did the miraculous praise be to God bless his holy name behold I have set before you an open door and no man can close it what he opens no man can close you have a little strength

you've kept my word you've not denied my name I'll make every strategist I'll make everyone who walks in the flesh I'll make everyone who's tried to advance the kingdom of God in their own strength come and bow before your feet to know that I have loved you because it's not by might it's not by power it's by my spirit said the Lord that this kingdom advances praise be to God praise be to God praise be to God behold he says I come quickly hold fast what you have and let no man take your crown no let no one take this victory from you let no one convince you that your life has nothing to offer the kingdom of God praise be to God would be to God there could be at least ten people here today would get a hold of this it could change New York City folks you have Christ inside if you have the

living Christ of the universe you have the God who spoke and the stars in heaven were put in their place and everything moves and is held by the word of his power you don't have a concept of God inside of you you have the living Christ inside of you whatever he calls you to do you will do and you do it in the power of the Holy Spirit I see in my heart churches filled in the coming days and out of these churches are

coming evangelists pastors teachers they've never been to seminary and I'm not discounting that I thank God for these places of learning but there is something coming our way that's far beyond all of this they're coming out in the power of the Holy Ghost they're coming out and they're not foolish they're coming out and their heart is burning for the glory of God and for the

souls of men I know I will live to see this day praise be to God people simply going at the church nobody's leading the meetings they come into the presence of God they begin to seek God and they walk out with a mandate from heaven they walk in with just a bag launch of faith but walk out with enough to feed 10,000 people praise be to God verse 12 he says he that overcomes I'll make a pillar in the temple of my God he that overcomes unbelief he that overcomes the sense of his own littleness he that overcomes these voices that tried to tell you and I that we will never amount to anything nor accomplished that which God has called us to do in our generation he that overcomes he said I will make a pillar in the temple of my God I will show you this has always been where the strength of God's

house has been praise be to God hallelujah hallelujah and I will write upon you he says the name of my God in the name of the city of my God which is New Jerusalem which comes down out of heaven in other words you will be identified by that which is not of the earth but it's supernatural doesn't come from anything in the heart of man that comes from everything in the heart of God praise be to God this is not the hour to draw back through unbelief it's not the hour to die in the sense of your own littleness this is the hour to be like that boy in that crowd and come and tug on the hem of Jesus garment go into the prayer closet and say look at I've got what you need I've got five loaves I've got two fishes I've got the

power of God I've got the ministry of God I've got the Holy Spirit of God I've got a voice that you've given me I got eyes that can see I got feet that can walk I got hands that can touch I have what you need God come and multiply this multiply this multiply my life multiply Oh God everything that I have make it larger than it is Oh God take it farther than it can go use my life for your glory Jesus don't let people go to hell while I'm still willing to be used to feed them hallelujah to the Lamb of God hallelujah let the strategist sit down they've had their day and left the church in ruins in our time let them all sit down and let the little people now rise up but the ordinary but the weak but the foolish but the poor but the uneducated rise up in our generation in the Church of Jesus

Christ hallelujah to the Lamb of God Oh God get glory God get glory God get glory again hallelujah hallelujah hallelujah hallelujah all the big people have had their day it's not time for the little people the nobodies the nothings the people discounted cast down thought to be of little value where the devil and even the church agent said what is that among so many folks get up and get in the percloser like you never have before hallelujah hallelujah hallelujah I don't know about you but I want a little less strategy and a whole lot more of the Holy Ghost in my time the church came out of an upper room the church was born in an upper room the church was not born in any strategy session it was a hundred and twenty people in their littleness and with their nothingness who went into the

presence of God in obedience to God and said Lord here I am take what I have and multiply it and they burst out the doors of that room speaking about the wondrous works of God hallelujah our strategy today is not what will it take for you to come to the house of God but our strategy is to go into the streets of the city and say listen I got to tell you what God has done in my life I simply have to declare it the multitude of what he has planted within me and how he has increased and set me free and given me a heart of compassion to speak to you hallelujah to the Lamb of God hallelujah I know somebody here has got to be

getting this today what the Holy Spirit is speaking he that his ears to hear let him hear let him hear folks we don't have a lot of time to get this right this is we have a

season of mercy in New York City a season maybe a two-year period if God would permit we have a season of mercy hallelujah and there's a multitude of people out there that are starving they have nothing they've no they've no physical no spiritual food no direction no life no hope no future no nothing what a fine hour for the church of Jesus Christ I would rather hang out with that kid in that crowd than some of the biggest movers and shakers among the people I'd rather be hanging on to the hem of his garment as he said with his bag lunch towards Jesus because that's where the miracles about to happen hallelujah to the Lamb of God hallelujah hallelujah hallelujah I bring in my bag lunch to Jesus every day now Lord I don't have much but what I have is yours and Lord if you choose to would

you multiply it would you feed people through it Lord would you would you do something God that brings glory to your name and bring satisfaction to the inner craving of so many people in this hour that we're living in hallelujah bring him the little that you have Jesus Christ is calling for miracles to flow through your life in this hour that we're living in don't settle for the natural when you can have the supernatural don't settle for little when God is able to do a lot bring him what you have and don't bring it in unbelief bring it with faith come with the faith of a child and say Lord what I have I bring it to you and I believe you can feed the crowd with it I believe you can Lord I believe it with all my heart said he tested them because he already knew what he was going to do he

already had a person of faith in the crowd I love this story he had somebody that had a heart to believe hallelujah praise be to God praise be to God maybe that's you this morning maybe maybe maybe it's you that God's given a heart to believe I remember hearing as a young Christian that with God all things are possible I was bound in fear I couldn't speak at all I didn't think I had much to offer the kingdom of God but I remember going to an altar several times and say Lord I I don't have very much but I give you what I have you're welcome to it and that's all the faith I had and he's taken me I've traveled a good part of the world now not all of it but a good part I've had some credible experiences and privileges but I still have a hunger for more I've seen what God can do I know what he

can do and every once in a while and in every generation somebody just rises up somewhere deal moody it was just 15 or 16 years old somewhere around there and he's sitting on a bench with a man that had a burden for his soul and this man said to him Dwight he said the world is yet to see what God could do through a man who has fully yielded to the Holy Spirit and then this other gentleman got up and left and he was sitting on the park bench he's 15 or 16 at this time he has no real formal education very little of it he's not a preacher but in his heart he said by the Holy Spirit of God within me I shall be that man and God raised him up and if you've ever have a chance to read his biography and see what the Lord did through that young man shook countries shook continents through one man

who laid hold of God and said I don't have much but what I have is yours think if that could be multiplied today just in this sanctuary and in the annex we've got I don't know how many people here today but think if that could be multiplied don't let anybody take your crown don't let your own heart take it don't let the devil take it don't let your family take it don't let anybody tell you don't let anybody take your crown because God is willing to do the miraculous in this season we're living in and he's going to do it through you I believe it with all my heart in Jesus name now father I thank you for this word thank you for this congregation and thank you for how you have so manifested your glory in this sanctuary through the worship today you have come because you're calling us you're

calling us to feed a starving city the need is very great but it's not greater than you are Lord I bring what I have I give it all to you take it to the last drop I'm asking Jesus for you to give us courage to believe you as a congregation father we thank you for this in Jesus name simple altar call you your life is small you don't feel like you have much but something is stirring in your heart to give what you have to God and trust him to multiply it now you can buy the lie and walk home with your five loaves and two fishes and keep them for yourself or you can trust him for the multiplication and feed thousands the choice is yours but I want to encourage you to trust him now we're going to stand we're going to worship for 15 or 20 minutes and as we do just for those that this message is

spoken to just as we get out of our seats make your way to this front of the sanctuary please in the annex you can stand between the screens and let God begin to speak to your heart let's stand balcony go to either exit please and main sanctuary to slip out let God let Jesus Christ begin to speak to your heart bring him what you have bring him your troubles bring him your sorrows bring him your little bit of knowledge just bring it just bring it we either serve a miraculous God or we don't folks either does what he says or he doesn't that you have to decide today which you're going to believe hallelujah just make your way and we'll worship praise God we're going to continue worshiping in just a moment but I want to just show you how this is going to work in your life what is the

application of everything you've heard today and he said it says in Jesus took the loaves and when he had given thanks he distributed to the disciples and the disciples to them that were set down and likewise of the fishes as much as they would not now there are some people it was five barley loaves and two fishes now you know this is open to interpretation but there's some people believe the five barley loaves are representative of the fivefold ministry apostle prophet pastor evangelist and teacher in the two fishes were representative of God the Father God the Holy Spirit because God the Son was already there now this is if you were to take that interpretation it means this is about the fullness of God in his church and he took that which was brought to him and he lifted it up and he

blessed it and that's what the Lord's going to do for you today just simply you are the ministry you you are the bread that's been given to this world it's you are the light of the world you are the salt of the city you you are God's answer to the hunger in this generation it's all within you now father all we can do is what you did Lord we I lift up these people before you and bless them in the name of the Lord Jesus Christ father I ask you to multiply them multiply the multiply the giftings of God make them aware of the potential power that you place within every life do the miraculous in them Oh God give them eyes a vision Lord to see the ability that you plotted within them to feed multitudes of people the father we thank you I thank you for this today that's all I know to do just to

We serve a living God. He can do whatever He wants to do. He can use whoever He wants to use.

There are no limitations with God. Hallelujah. Hallelujah.

Praise be to God. He can do whatever He wants to through your life today. Blessed be the name of Jesus.

What we need to do today is we need to take at least, it's 10 to 12. Can we take 5 to 10 minutes and just give God a shout of glory in this house? Can we do that? Hallelujah. Hallelujah.

Thank you, Jesus. Thank you, Jesus. Thank you, Jesus.

Thank you, Lord. Thank you, Lord. Hallelujah.

Now, say these words. Say these words with me. I am the Lord's answer.

I am the Lord's answer. I am the Lord's answer for the spiritual hunger in New York City. Turn to the person beside you and tell them, I am the Lord's answer.

I am the Lord's answer for the spiritual hunger in New York City. Tell somebody. Tell somebody.

Hallelujah. Now, let's praise God.
