## Description

In this sermon, the speaker shares a powerful testimony of a group of people who experienced a divine encounter with God. They were on their way back from Brownsville when God's presence fell upon them in the van, leading them to pull over at a gas station. The people were so overwhelmed by the Spirit that they laid on the ground in reverence. The speaker emphasizes the need for the church to be prepared for the approaching day when God's power will bring about a significant change in world history. The sermon encourages believers to regain their passion for God and warns that all fears will be overcome by the terror of that day.

## Transcript

24th of May, 1738, about a quarter to nine, John Wesley says in his diary, my heart was strangely warm. That was the first move of God in his life. He didn't stop there.

He read the Word of God. He said there's something more than a warm heart. I don't want a warm heart, I want a heart on fire.

And so he preached the entire sanctification, the very God of peace, sanctify you wholly. Because John Wesley came over here from England, and he was thrown out of the church, but the reason he stuck with it, he was so faithful, and he came over here, and he brought the fire to us. John Wesley brought such tremendous revival to the nation, and I believe God wants to restore again this powerful at one time denomination that the enemy has just strictly just put through the mill, and yet there are men of God that are still hungry, and God is wanting to touch you again.

He wanted to recommission the Methodist church with the power of God, with the fire of God, with the zeal of God that Wesley knew, that Wesley understood, and a righteousness, a message of holiness, and wants to again just fill you again with the spirit of God, the spirit of wholeness, spirit of fire, and a spirit of evangelism. That's what marked the Methodist church was evangelism, taking the gospel out into the

streets, out into the highways, where nobody else would take it. And I believe God is wanting to restore that tonight.

You're the remnant of that, and I believe this is going to just spread all across the nation. And can it be that I should gain an interest in my Savior's blood? Died He for me who caused His pain, for me Him to death pursue? Amazing love, how can it be that Thou, my God, should die for me? Amazing love, how can it be that Thou, my God, should die for me? Long my imprisoned spirit lay, fast bound in sin and nature's night. Thine eyes diffused a quickening ray, I woke, my prison was flaming with light.

My chains fell off, my heart was free, I rose with hope and followed Thee. My chains fell off, my heart was free, I rose with hope and followed Thee. Amazing love, how can it be that Thou, my God, should die for me? Amazing love, how can it be that Thou, my God, should die for me? No condemnation now I dread, Jesus all in Him is mine.

Alive in Him, my living Head, and clothed in righteousness divine. Bold I approach the eternal throne, and claim the crown to Christ my own. Bold I approach the eternal throne, and claim the crown to Christ my own.

I want to sing that one verse again. I didn't grow up singing these songs. So all of you good Presbyterians there tonight are going, Man, he's slaughtering that Wesley.

All you good Methodists are going, Man, that's our heritage song, and I've never heard it quite done that way. Well, I never quite heard it, so I just did it my way. But you see, when I sing these songs, and, you know, we're like 800 and some services going and counting and whatever, and, you know, I used to worry about people who went and traveled in ministry, and they were out all the time just losing the edge and losing the conviction.

But when I start singing these songs, I jump in the middle of the lyrics, and I realize this is me I'm singing about. And I look around this youth choir, and I see kids up here who have testified and said we were going to commit suicide. We were already laying the plans.

Kids up here whose lives were over at the age of 17, 18. Many people in this revival, I've watched too many be saved. I just can't lose my passion.

I'm sorry. We've got too many people in the church now that's lost their passion. They need to get on their face before God and regain their passion.

Long my imprisoned spirit laid. I was fast bound in sin and nature's night. Lord, but thine I diffused a quickening ray.

I will never, ever be the same person ever, ever, ever again, ever again. And I know now I have the best feeling ever. If I was to die tonight, I know I would go to heaven, and I would be with him.

I would be with him. Oh, I know. The way that the Bible, the rock and roll tapes, the drugs, the things, I don't think that messes them up.

Yeah, yeah, yeah. I want more of this. I love you guys.

I'm a former Nile Christian and an ex-gang member, so I thank God. I wrote out the perfect plan to murder both of my parents. But that same woman that I wanted to kill spent every night of her life on her knees

would raise them up as soldiers of yours Oh god God bring the healing bring the healing Jesus bring the healing Jesus Bring the healing Jesus Because you're the restorer God, you're the healer God. You're the redeemer You're the one who takes something that's worth nothing and breathes life into it and makes it worthwhile Bring it Lord Bring it long With joy from heaven restore me to see your praise To follow we want to follow you Jesus To follow Follow you is what we want to do To follow To follow We will follow you Jesus We'll follow you Jesus To We'll follow you Lord We'll follow you We'll follow you We'll follow where you lead us Follow I know 811 something services we've been going here And a lot of people looked on and thought man if we could get something like that going wouldn't that be wonderful? But you know what? I don't know if it would or not I tell you what. I think it'd be wonderful.

I think it'd be wonderful if the power of God would fall on our nation I think it'd be wonderful if people at the 7-eleven had to get up off the floor because they were trembling under the glory of God The Bible says that the glory of the Lord is going to cover the face of the earth But it's got to start somewhere And what we're after is revival in the streets, I don't know if that lady's here that had that picture Are you here yes Can I have that for a second You see they showed me this this morning and I tried to act real calm but This picture has been bothering me all day You can't see it but it's a picture Kids, I don't know if they're out of this church or what church but coming back from Brownsville God fell in the van because they were broken And they had such a move the spirit that they literally just pulled over in the parking lot of a gas station They're laying all over the ground People don't dare touch it. They don't dare bother that that the gas station guy said he wasn't gonna bother the big man. He didn't know any other way to refer to God God Policeman said it's all right people that drove up to get gas get nervous telling you there can be such a visitation until Until The man in the gas station says what do I need to do until the policeman that drives up says what do I need to do? Hey Your pride Oh Your name is Now listen to what I'm gonna tell you Do you really want to affect this city Do you want to affect your family your friends your school? I don't know if you understand how how passionate I am.

I long for the day That some high school teenager will bow their head in the lunchroom somewhere And pray over their food and God show up so strong That the presence of God walks into that lunchroom and people are converted and convicted and fall left and right Not out of blessing but out of repentance That's what I'm is One of these days We're gonna get a call from a high school They're gonna say we got 2750 students all over the ground Oh It's time Oh Somehow some way we've got to get to that point We have been racing to false finish lines It's not time to start coasting yet. There's still some distance ahead of us Let's press in toward the marker of the high calling of God in Christ. Jesus And I don't know of anybody that had Nobody Has had what's available? Nobody has had what I think is coming and it's time that somebody just laid down the gauntlet and said God I'm after you Over the last few days there has been a restlessness in my spirit I mentioned to pastor That I feel very unsettled I feel like the ground underneath me is shifting I feel as if something is about to change Now the Lord knows I love change I thrive on the unknown I enjoy the uncertainties of life I'm extremely uncomfortable when everything is cookie cutter predictable When the earth begins to shift When I hear roots being pulled up out of the ground When I feel the wind on my face blowing in a new direction I like that over the last several days Something has been stirring I can't stop moving around There is something on the horizon something big I can't touch it yet I can't gaze upon it with my eyes But I can feel it It's there and it's moving closer My spirit man is speaking loud and clear He has overridden my carnal nature and is raising his voice The first time I heard my spirit man Was 22 years ago He told me when I got saved that I was a child of God My spirit bore witness with God's spirit That I was God's child Now the spirit of the Lord is telling this child of God That something's up The Lord would say to everyone in this place live unsettled The Lord would say to everyone in this place live unsettled Don't

sink too deep into the soil of this earth Keep your head up and your feet moving Stay alert be sober This morning early the lord spoke clearly these two words i'm coming The day of my return is at hand Loose yourself Loose yourself Of any ties that bind if you don't loose yourself i'll help loose you Prepare the way in your own heart and then help prepare the way in others.

I want no obstacles I will have no obstructions. I will return for a pilgrim people People He said to me let the church know that the day is approaching warn them Don't whine and dine them Tell them clearly Don't mix words my word. My water is pure.

Don't taint it Make it clear let my people know it's about to happen what is about to occur will change world history Nothing will remain the same let the unbelievers let the skeptics let the religious Ones know that what they fear the most is about to happen I'm gonna say that again Nothing will remain the same let the unbelievers let the skeptics let the religious ones know that what they fear the most is about to happen Every fear known to man will be swallowed by the terror of the day ahead Fear will overcome fear Dread will overcome dread the violent will be overcome by the more violent My final work is at hand. My spirit's wooing is about to seize. No one will grieve me anymore No one will quench my spirit anymore No one will resist me anymore their days are over Let them know my warm season of grace and mercy will soon turn to a chilling winter of judgment and wrath The warm days of my wooing will be exchanged for the fiery days of my vengeance My pleading for the souls of man the passionate cry of the faithful harvesters the unselfish service of my holy servants All their labor all the charity all the pain all the suffering it will be over I have heard says the lord the groans of nature I have heard the midnight cries my church has been begging my return My pride has been longing to be with me the plan of the ages has almost reached fruition The tree has borne forth its fruit the fertile soil has healed in the harvest the planting will stop The laborers will leave the sickle will rust It's almost over I'm coming back.

I will not delay my coming to you. So don't delay your coming to me Jesus we hear you We hear you When I say something right now this group of people everyone within the sound of my voice If you knew what we knew about the rumblings out there, there's a rumbling There's a rumbling across the world right now. We get the calls.

We get the emails. We get the faxes of what's happening out there It's at the infancy stage. It's at the very beginning and you may marvel over what two years three years.

That's incredible God's sight He is beginning something right now. That's going to culminate in his second coming. He's beginning something right now He's getting his bride ready And take a look at the church across the world We're not anywhere close to being ready This has got to sweep All over it's got to sweep from coast to coast.

It's got to sweep the finland and germany and japan and australia It's got to go into south africa south america into central america, it's got to touch every continent And what he's saying to me and what he's saying to you This could go on and on we all know that but you need to live as if he's coming back Tonight now, he's not coming back for a week of church. He's not coming back for a helpless church He's not coming back for a stain spotted Wretched church. He's not coming back for a church in adultery.

He's coming back for a church. That's Anticipating they're looking they're anticipating his return a bride. That's looking up to heaven saying jesus Come back come back come quickly lord come quickly I Want you I don't want religion I don't want another church.

I don't want another congregation I don't want another bible. I don't want another wife. I don't want more kids.

I want you lord There's something in the deep part of me that's crying out There's something in the deep part of me that's crying out So The lord says in that day when you seek me with all your heart you shall find me Holy spirit is trying his best in these closing days of these hours to introduce the body of christ to the living christ the living bridegroom But it seems like to me that our heart is set on everything else, but him you see it's not about falling in the floor It's not about preaching. It's not about evangelizing. It's not about pastoring.

It's not about buildings It's not about money. It is about the lord jesus christ Oh For god is Foreign
