2 Timothy 2 verse 11 This is a faithful saying If we died with Him Are you crucified with Christ? If we died with Him We shall also live with Him If you lay your life down daily before the feet of Jesus You can be assured that you're going to live with Jesus And if you endure That word endure means suffer I heard someone say one time You're going to waste your running You're getting so tired And then you come And you can see the finish line And you're so tired you want to quit But if you endure You shall also reign with Him Let me see thy roses Thy backwardness I know to show To us by the commandment Sing The dead descend Shall find thy grace The pure in heart Shall see thy face I cannot see Your face And live And let me see thy But if we say I'm just so tired And I'm going to give up now God's word doesn't work If we deny Him He will also deny us And if we are faithless, He remains faithless He's true to His word If we don't abide in His word He can't He can't come and be with us in unbelief He can't come and abide with us in unbelief He can be with us, but He's not in us He can't live where there's unbelief It's the greatest sin in unbelief If we're faithless He remains faithful He cannot deny Himself That's why it's so important to believe the word Shall see Him But be guarded on In nature of My soul I cannot see Your face And live But let us ourselves Be diligent To present ourselves unto God A worker who does not need to be ashamed Why does a worker who's diligent not need to be ashamed?

Because there's nothing to hide Nothing to fear I always used to be a slacker when I worked And I was always wondering as the boss was If you're working unto the Lord You don't have to worry about being ashamed When the boss shows up Because you're doing it unto the Lord That's why whether someone's watching Or no one's watching, we're supposed to be obedient That's why we're not just obedient when men are watching But we're even more obedient Because we're not working unto men We're working unto God And when I say working, I'm saying being obedient to instruction God has given us instruction And He wants us to be obedient And so we do it because we love Him And that's why we're working unto Him And that's what we've been doing this morning Is wiping divide in the word of truth God wants purity, but He says there must also be divisions That's why we just don't take one Scripture out of context and say Let's all get together He said yes, let's all get together Let's all be on the rock Come in divine order according to the word of God And let's help one another to come to the light Jesus is the light Jesus is the truth The truth makes free Let me tell you If people are believing lies, you can be all kinds of deliverance And all kinds of stuff And they might be free for 10 minutes But as soon as they receive a lie All that bondage comes back That's why you need all those tune-ups You always run up tune-ups I know some damn customers go for tune-ups What kind of tune-up?

Get a tune-up, then it comes back Get another one out, then it comes back What kind of tune-up is that? Like a Cadillac that gets Given for a nice tune-up And then it's all good again And then they pull me into it as soon as you get out of the parking lot Let the Lord be magnified Let the Lord be exalted On high Let the Lord be magnified Let the Lord be Let the Lord be Let the Lord be magnified That's not God's intention For the body of Christ He wants freedom For the body of Christ And that freedom is in Jesus And while you got lies, you can't keep the freedom Can't keep it Can't keep it Let the Lord be exalted In my life Let the Lord be magnified Let the Lord be Exalted upon high Let the Lord be magnified In your name That's why faith is so important That we believe It doesn't matter what we see now All that matters is that we believe And we will see it We don't waver We're not going to be like children That are tossed to and fro by every wind of teaching Oh, well maybe this doesn't work Now why doesn't it work?

Why didn't it work? Why couldn't God do it? He could do it With those that believe God is calling us to be faithful God is calling us to endeavor The union of the spirit Until we come to the unity of the faith Until we come to All of us have some kind of lies And God is bringing us to a place Where when a lie comes in And we waver and don't believe Or we couldn't decide We realize I believe in a lie Reject the lie and embrace the truth And keep on walking When you stumble it's because you believe And embrace the lie For the righteous man He falls, though he falls He has shown Reject the lie and embrace the truth And keep on running This is the hope that we have in Jesus This is the hope we have in Jesus And our God He supplies all of our needs And He hears all of our prayers And He heals all of our diseases Because He said so in His word And though we don't see it yet We wait patiently for it With patient endurance and long suffering It doesn't matter what we have to go through We continue to persevere In Jesus' name Our God will answer for us Our God will defend us His word will not go void He says nothing on earth will pass away But His word is sure, is sure, is sure You can stand on His promises You can remind Him of His promises And even if you don't see it today Or maybe you don't see it tomorrow Don't be certain you will see it God will respond for you In Jesus' name If there's things in your life Through unbelief, through denying Jesus You need to confess them You need to come to the light You need to let all darkness be exposed Now is the opportunity Come to yourself under the mighty hand of God And under the surgeon's knife of His word And let Him cut it away And when you expose it to the light He will cut it apart He takes it away
