## Transcript

And you can be sure God has a plan to deliver every one of his children. God has a way, he has a plan. And it has to be very shocking and sad to the heart of God to sit where he does on the crown of glory and on the circle of the earth and king of the flood and to know that all the resources available and he brings his children into tight places to prove them, to test them.

The Bible said he tested them ten times in the wilderness. They failed every one of the tests. God would lead them into one crisis after another, trouble after trouble after trouble.

And you know they finally spent 40 years in nothing but trouble because they wouldn't learn their lesson. God just gave them over to their unbelief. And that can happen to Christians.

God will lead you into one crisis after another, hoping that each crisis will bring you to a place where you rest in him and trust in him.
