This is your word that you've said it You said if any man speak let him speak as the oracles of God if any man minister Let him do it as of the ability that God giveth and father You said that through this that you would be glorified and this is our prayer in Jesus name Amen Well, I've been having a good time with the Lord Jesus and Just trying to stay focused on which direction he wants us to go through the day I was encouraged this morning by my my wife and I think what I shared with her encouraged her in return As God is teaching me to spend time with him yesterday I spent most of the time with the Lord out in my little camper and and then sometimes I go out and spend the whole night just out there and Last night just before I went to to sleep I was meditating on the Lord and in the word and in the sleep in my sleep just before I went to sleep He brought this passage before me about the potter How the potter is to be soft and pliable in the potter's hands and that was just in my mind that the Lord wants us to be soft and pliable and I went in this morning and saw my wife and She'd encouraged me to spend that night last night with the Lord again And the baby when we got this new little baby and we recognized when this baby sleeps all day It's gonna have an up time and it's during the middle of the night and and I come in this morning She said that she'd prayed Those verses about the potter for me and when I shared how that came into my heart It just encouraged us we should be praying for one another continually You know this this thing of the resurrection is a tremendous powerful Truth it is actually the heart of the gospel.

I have before me some notes a study I did a few years ago I don't know if we'll go over them or not we'll just see how the Lord leads us and it's I did a study through the book of Acts on the resurrection, you know, the resurrection was the central theme of Acts this is the thing that got him in trouble that they preached back About tend to it was the thing that the they didn't want to hear the power of the resurrection was Demonstrated in their lives and this is why we don't see a lot of things happening sometimes in our lives We'll preach about the resurrection, but the power of it is not seen in our lives What is seen is the power of self. I was just thinking about a Couple Passages that Paul wrote that are so central in the Gospels in the in the preaching of the cross One was where he said I am crucified with Christ now a crucifixion does you no good unless there's a resurrection He said I am crucified there came a day when I died He said there came a day when he died in Christ and then also a day when he died to self He said I am crucified with Christ when Christ died on the cross I died there you died there in Christ He said nevertheless, I live yet not I but Christ liveth in me in the life, which I now live in the flesh I live by the faith of the Son of God who loved me and gave himself for me You know what the next verse says he says I do not Frustrate the grace of God for if righteousness came by the law then Christ is dead in vain You know, I think many many times we are frustrating The grace of God he says I do not frustrate the grace of God He recognized that righteousness didn't come through the law He recognized that righteousness came through the shed blood of Christ and through the death and burial and resurrection of Christ Everything came to him that was needed and it came to us also and if we cannot save ourselves By our own good works, then we also cannot live a righteous life By our own good works it is Christ that lives in us It is the living presence of Jesus that draws people. I was just thinking last night how the last town we left About

about a year and a half ago.

I guess we went in there. We didn't know very many people. I think we maybe knew Half a dozen people or maybe up to a dozen and when we left how there was a gathering in the city park and they'd Rented a building a lot of our friends and had a going-away party, you know as you go through life You should be gathering around you friends that you have made acquaintance with and it comes this deepness of the resurrection life of Christ draws people to the Jesus that abides in you and actually there should be in your realm a Group of friends a body of people that your life has impacted on many maybe you've got saved through your testimony me who have been brought out of the bondage of Some kind of prison that they've been set free because of the influence of your life I was just thinking about this morning as I was driving in here how Bill Stewart Invested his life in my life when we were over in Turkey and we were in the service.

He invested his life He died to his time to what he would want to do and invested into me So that I in turn could grow in Christ and invest in others and Bill works over and he's a missionary over in Korea reaching the servicemen I was thinking how neat this was that the Lord allowed me to have an impact a small impact and another man's life out in Colorado and he is Working with servicemen and I don't I don't know where he is for sure the last time I knew he was working near an army camp, but this is the power of the resurrection Resurrected life actually the the most powerful. I believe passage on the resurrection Life is Romans 6 we should understand Romans 6 We should know it so many things come in to water down the word I was just maybe if I just took you through Romans 6 with no deep doctrinal Dissertation, but just to talk about it a little bit and I'd like to share with you also if we get in to A little bit more time. I'd like to share with you about one of the things that has so Decimated the power of the resurrection and It takes away it waters it down and this is how Satan has attacked the resurrection You know, he attacks he attacked the birth of Christ and he's got everybody zeroed in on Santa Claus Santana he and what's he done to attack? Christianity in the area of the resurrection has it been the Easter Easter bunny and getting little chicks and Focusing in on fertility and in eggs and baskets and all that kind of stuff That is a deviation from it But there's been a more subtle attack that we as Christians have gone into I don't want to get into that With you.

It's one of our traditions and I was just thinking this morning coming in How as God has broke me free to be free to him Many times I've had to walk across the traditions of men and men don't like to have their traditions trampled on It's our traditions and many times we've lifted them up into the place of almost Scripture and if we dare to tamper with them, then we get upset I was remembering how my my good friend Wes my exhorter friend. Oh, it must have been about three years ago he was given the the Service and I'm getting a lot of bunny trails on here. I hope I can get back to where I was supposed to be but anyway, he was given the freedom one evening Sunday evening to have the service and The pastor was gone and and everybody came into the church.

It was fun. We really had some fun times together He is an old cowboy from Southeastern Colorado, you never knew when he he might come in the church of his horse. You never know.

He was a wild guy He loved Jesus and knew how to walk in the power of the Spirit but everybody come in one Sunday evening and the the front pews he'd taken his screwdriver and unscrewed the front pews and made him in a semi-circle up around the front of the church and I was there early and it was really neat to watch people come in They looked at that and they all sat in the back of the church like they were scared And you know just like cows who's scared of this crowd up there well we got them all crowd up there in the front and The point of that of this thing was is to teach them to learn to be free and to share One another

and before the evening was over there was confession of sins being made to one another There was an experiencing of the resurrection life of Christ. They were being set free you see they were used to doing the same thing over and over and over and I recognize we have to be careful with people We might really get a mad and upset and the pastor when he got home. He didn't like that he was pretty upset over that but actually the point was made that they need to be set free and Actually, this is the resurrection life You are free and when you wake up in the morning you turn your life over to the Lord You die to yourself Paul said I died daily and you are free for Jesus to work through your life that day And you will be as the potter Has the clay you will be soft and pliable in his hands.

My wife said to me yesterday She's just amazed how my days get rearranged and reordered We never know what's going to happen. I make my plans and hardly ever have my plans come about The Lord is my plan and he should be your plan when I get upset and if I get a little Alchie or whatever then that shows that I am taking my eyes off the Lord Jesus matter of fact this morning at church if the Lord continues to lead us in this direction We're going to see how the Lord so tenderly Leads us to keep our eyes on him all the time and just like Peter we take our eyes off him and we begin to sink now Romans 6 What shall we say then shall we continue in sin that grace may abound you see? Paul is saying that the power of the resurrection life Delivers you from the power of sin. Has it had a practical effect in your life? Has this thing of being born again had a practical effect in your life where you've been delivered from the power of sin you say? Well, no, I'm continuing on the way that I have always continued when I received Christ Didn't anything much happen different my friend this Bible says the scripture says therefore if any man be in Christ He's a new creature the old things have passed away and new things have come and I remember when that happened in my life I was shocked.

I never didn't know what the Christian life was and And actually it is a it is a coming to learn a new life and the earlier alert you learn it The better it will be I was thinking about our children Just yesterday. Oh Lord helped him to get a hold of this truth of the cross and the resurrection life You see the the power of the cross is no good without the resurrection and Paul says what shall we say? Then shall we continue in sin that grace may abound he says God forbid How shall we that are dead to sin live any longer therein? Know you not that so many of us as were baptized into Jesus Christ were baptized into his death He says don't you know that it just as Christ went through a death process We also have gone through a death process a death process is not comfortable We don't like it the flesh doesn't like it the Lord. Jesus didn't like it any more than you and I like it He said my father should be possible.

Let this cup pass from me, but Unless we go through this death process death to self Identifying with his death we will not be buried with him as it says therefore we are buried with him by Baptism into death that like as Christ was raised up from the dead by the glory of the Father and here's the good part Even so we also should walk in newness of life. This is the resurrection life He said for if we have been planted together I'm in verse 5 of Romans 6 for if we have been planted together in the likeness of his death You see we we don't have the same death many times Many people think it's death to crawl on their knees as I was over in Rome crawl upstairs And then say some prayers at the top to this shrine or to make some pilgrimage In some kind of unusual way or to sit up on a pole for 50 years or whatever that that's death. No, that's not death That produces the life of Christ.

It's dying to my desires actually your will Being crucified having no will of your own Not my will but thine be done the Lord Jesus gave us that pattern we go through this death We enter into the resurrection life and we walk in this newness of life This newness of life is not you having some kind of new life. The newness of life is the life of Jesus This is what's new This is why the old things were passed away once you taste

the life of Jesus You don't want to go back once you drank old polluted water and in tasted some good fresh Spring water you don't want to go back Once you've tasted the power of the Holy Spirit and the resurrection power of Christ in your life You don't want to go back and when you do go back, you're miserable, but you know The sad fact is many of us do go back He says if we have been planted together verse 5 in the likeness of his death We shall be also in the likeness of his resurrection He said we shall be also So if we're not living in the likeness of his resurrection Then you might ought to ask yourself and I might ought to consider this every day. Have I really? Identified with the likeness of his death.

Let me tell you the Bible says knowing this He says knowing this that our old man is crucified with him This old power of Satan was crucified the old man was crucified with him that The body of sin might be destroyed that henceforth We should not serve sin if you go on over but later on he says don't you know that the one you serve? That's the one that's your master He says don't you know? Very clearly he makes it very clearly that the one you serve is your master He said no you not that to whom you yield yourselves Servants to obey his servants you are to whom you obey whether of sin unto death or of obedience unto righteousness If there's no resurrection power of Christ in your life, then there's an area where you have refused to obey God in I Know that when the power of God ceases to work in my life I have to come back to where I left off Where I disobeyed God and it may have seemed like just such a small thing I was thinking about this yesterday in walking with Christ and living in the in the power of the resurrection life There are no small things everything matters When the Lord tells you to do some little something you better do it You see many times we think well little things don't matter But it's the little foxes that spoil the vines and one of the reason our churches are in such a mess is because we have Not obeyed God on the little things. We think we've got the bases all covered because we got the big things We're doing the big things. We're doing what God wants, but it's the little things that we're not doing That's getting us in trouble.

You get enough little things in your life and they pile up They begin to weigh so he says knowing this that our old man is crucified with him that the body of sin might be destroyed That henceforth we should not serve sin for he that is dead is freed from sin. Are you free from sin you say? Well, I'm struggling well, then all struggle is evidence of not being free all Struggle is evidence of having an area in your life of not being yielded to Jesus Christ. I don't know what yours is God to tell you what it is you come But if you are completely dead to self dead to sin and alive to the Spirit You will be free from the power of sin Now if we be dead with Christ We believe that we shall also live with him knowing that Christ being raised from the dead dieth no more death hath no more dominion over him see there's more than There is more than having our life free now.

We have our life free for eternity There is the hereafter and there is the now many of us have focused on the hereafter so much We've never got the now down pat. We're looking for the sweet by and by but our our present is Uncomfortable, it's miserable. Now.

This isn't to say that we're not gonna have problems in life. I got just as many problems as you do I've got I got just as many I'll give you some if you don't have enough. That's not the point It's what do you do with your problems? Who are you letting guide you through your problems? What are you learning about the resurrection life of Christ the presence of the Lord through those problems? how are you learning more of the sweetness of God's presence in the and the divine excitement of his will for your life and he says in Romans 7 and Verse 9 knowing that Christ being raised from the dead death no more death hath no more dominion over him for in that He died he died into sin once but in that he liveth he liveth unto God You know has there ever come a day in your life when you really just died Died to self you came before the

Lord and you say Lord.

I am dead now. My life is will be Christ I am totally yielded to you Has there ever been a day like that? He says likewise reckon you also yourselves to be dead indeed into sin But alive unto God through Jesus Christ our Lord in our service this morning We're going to be talking about reckoning at Maranatha Baptist Church when we meet in diamond We're going to talk about this area of counting on it counting on the Lord and what happens when we don't count on the Lord You know what happens? Give you a little preview we get hard we get hard-hearted and When we get hard we're not restful we're not in his rest He says likewise reckon you also yourselves to be dead indeed and to sin but alive unto God through Jesus Christ our Lord Let not sin therefore reign in your body in your mortal body that you should obey it and the lust thereof neither yield you your members as instruments of righteousness unto sin But yield yourselves unto God as those that are alive from the dead. There is the resurrection principle to be in a practical aspect alive from the dead and Your members as instruments of righteousness unto God in verse 14 for sin shall not have dominion over you This is the law of God for the believer sin is not to have dominion over you for you're not under the law But under grace and Paul he went on to say what then shall we sin because we're not under the law But under grace, he says listen God forbids us to live under the dominion of sin and the reason this is so strong and so emphatic and and such a Powerful command from God is because it is a it is an absolute contrary Contradiction to the resurrection life of Christ He delivered us from the penalty of sin and also from the power of sin Now In the last few minutes here And I didn't think I was going to go over time But I want to share with you just a couple minutes about a tradition that we have we have a tradition at Easter That is unscriptural and it's what I call the Good Friday tradition.

Jesus was not crucified on Friday if You have ever studied your Bible out. You're going to find some tremendous problems Jesus was not crucified on Friday He cannot be in the grave three days and three nights. The scriptures does not teach that he was crucified on Friday and By the way, this is taught in the Old Testament the whole basis of it is taught in the Old Testament It's because of us accepting the tradition of Satan that we will worship The ways of Satan in the ways of man the traditions of man that he picks up from from him the Good Friday tradition Christ was crucified on Wednesday You look at the scriptures you look out the Jewish days and you'll see that he was crucified on Wednesday and not only this Jonah didn't stay alive in that fish.

He died Jonah was resurrected the Lord they asked him for testimony. He says as Jonah was three days and three nights He says that's the way I'm gonna be. How was Jonah? Was he alive? How was Jesus? Did he stay alive in that grave? No He died went into the grave and did some other things went down the shield did some visiting around set some captives free when he Came through Jonah died you read Jonah chapter 2 and you have the testimony of a man that died He said I am cast out of thy sight yet.

I will look again to thy holy temple He said for thou has cast me into the deep in the midst of the seas the floods can pass me about all thy billows and Thy waves passed over me. This was the testimony of a drowning man He said the waters can pass me about even to the soul the depth closed me round about the weeds were wrapped around my head I went down to the bottoms of the mountains. He went More than to the bottom of the ocean.

He went down into the earth The earth with her bars was about me forever yet has thou brought up my life from corruption. Oh Lord my God That's a resurrection testimony, you know The Jewish Day began at sundown and ended at sundown It was not from midnight to midnight as we do it as generally observed today in the Bible The 24-hour day began in the evening and this was established in Genesis 1 4 and 5

and you come on through this method is still observed by the Orthodox Jews in their feast days and their Sabbath days the first day of the week on which Jesus rose began at 6 o'clock of Our own Saturday evening and thus Jesus probably rose as soon as sundown He came out of that grave. There was no more need for him to stay there and we'll we'll think that he rose Sunday morning, but he'd probably already been out of the grave about 12 hours by then But immediately after sundown on Saturday evening, I believe he came up side to Ended on toward the first day of the week came Mary Magdalene That word is in the plural That means in the end of the Sabbaths and actually if you'll learn if you'll study the Old Testament You'll find out that there were several Sabbath days there and this was a special time because this was the Passover time This was also the year of Jubilee and the preparation was there They were preparing for the Passover.

This was the day of preparation would have been Wednesday. The Passover would have been Thursday and if you go through the scriptures and and I'm getting cut a little short this morning on this and and I'd plan on showing You how how the scriptures you go through the scriptures Matthew 28 and Mark 16. You'll see that When she came to the tomb Jesus was already Gone if Jesus died according to the Good Friday tradition and arose on the next Saturday evening He couldn't have been in the grave three days and three nights This is why this tradition has come up.

It's to attack the validity and the power of Christ They put him into the grave just before they just barely got him in there The time was squeezing in Wednesday evening. They got him in he was in Wednesday evening Thursday evening and Friday evening and And then he arose he rose Saturday evening he was dead three days and three nights Now if Jesus died according to the Good Friday tradition and arose on the next Saturday evening He couldn't have been in the grave Three days and three nights now. I'm gonna give you a little challenge.

You do some studying on this. This is important to remember because I'll shoot these four things one It's important because on it depends the truthfulness and authority of the Lord Jesus Christ himself Another reason it's important while Jesus was here his authority as the Son of God was challenged by the Scribes and the Pharisees They asked for evidence of his authority and as evidence of his authority He gave them the testimony about Jonah. This is why the liberals you go into liberal colleges They hate the book of Jonah.

They attack it even in secular colleges in schools. They attack the book of Jonah They say you don't believe this fish story. Do you? They attack it But when the truth of it is presented to them it takes all the water out of their jar all the steam is a It's all gone when you open up the scriptures and you say listen Jonah died They'll say a man can't stay alive, but a man can't stay alive.

It's been proven that men can stay alive There have been there's one man that had been found after 48 hours. They've been followed swallowed by a fish This is this has been done. But for a man to die and come back alive three days later That's different and that's what happened.

So while Jesus was here. He gave him them this authority This is in Matthew 12 38 if you want to look it up to this Jesus gave the reply This is Matthew 12 40 when he referred to being in the earth three days and three nights as Jonah was three days and three Nights in the fish's belly. Here's another reason.

This is an important Jesus stakes his authority as the Son of God on being in the tomb for three days and three nights if he was not Then his authority was no good. This is why Satan's launched such a strong attack against The resurrection of Christ very subtle many Christians have followed it by observing this

Good Friday tradition It's a it's originated with a misunderstanding of a statement that the day following the crucifixion was to be the Sabbath We think well that's Saturday. No, if you go back and you look in the scriptures, you'll find in Leviticus 23 There were many Sabbath days in the Jewish ceremony a year all were referred to as the Sabbath You look at Leviticus 23 32 and 39.

The Sabbath did not always refer to the seventh day of the week The Sabbath following the crucifixion was the Passover Sabbath This is where you can go back to John 19 and verse 14, and it was the preparation of the Passover This is Leviticus 23 5 and about the 6-hour. He Pilate saith unto the Jews. Behold your King This was the 14th of the first month John 19 31 this Sabbath Was a very special high day.

It was an unusual Sabbath not the common weekly Sabbath As I said, we were moving in to the year of Jubilee Jesus Was right on schedule We are off schedule We have taken the traditions of man and we have missed the powerful point of the resurrection of Christ When you come around to Saturday, that was the 16th You had the 14th the 15th and the 16th Matthew 28 1 the word Sabbath in the Greek is Sabaton and that literally reads in the end of the Sabbath days The whole thing has been messed up in thinking that the scripture in Matthew meant one Sabbath Well, it was after the Sabbath that had to be Saturday No, you go back to Leviticus and it's all laid out very simply for you Saturday was the 16th of the weekly Sabbath. That was the 16th of the month. So There was no Friday crucifixion Matthew 28 1 there was a Wednesday crucifixion and there was Not a Sunday morning resurrection as we would traditionally Form but probably a Saturday evening Resurrection, I mean if you've been in a prison for three days and they open the door up You're gonna wait around for a few more hours.

Jesus had no more need to wait around So the scriptural teaching should be observed and not follow traditions. This is just one We have many that we follow as Christians and these things are designed by Satan to draw us into his church he's putting together a world church and We some you know, I was just looking and reading somebody sent me an article on Lent Some follow Lent now, I'm not a Catholic. I wouldn't be a Catholic It's that religion is a mixture of Christianity and paganism that comes back from Babylon But Lent is a is a Babylonian practice Why would a supposedly Christian Church follow that and there's many other things? Listen, I want God to bless you I'm sharing these things with you so that you will understand that we must follow the book if The tradition goes along with the book the Bible the Word of God then that's fine.

God gives us some freedom it's not all traditions are bad, but if we'll set up traditions that are unscriptural and observe them and Pay close attention to them in such ways that we have deep religious ceremonies like the Good Friday tradition Excuse me, then we get ourselves into trouble Listen I want to close off with a little poem if I can to have a couple minutes here This is by Elwood McQuaid. I found this in this magazine. He's with Friends of Israel but as You get into this week Really focus in on the purpose of the death of Christ in the resurrection.

It was to set you free It was to deliver you from the power of death. He came to deliver us and Here's a little old poem that Elwood gave to show us how Christ conquered death. We don't have to be afraid of death he set us free and Then when I'm done with this will be done father time Met pal King death sitting by a tomb.

Hello old friend I guess you're here to seal somebody's doom You might say that slight death replied a smile slid up his face Inside reposes that Jesus man who said he'd saved the race and you time why are

you stopping here? Don't you have things to do? I come each day to draw the veil and let the morning through say why are you watching just one grave? With all your vast domain looks like you'd be out rambling around and smiting folks with pain Well, this one's something special. He challenged me They say said he dressed here just three days then stir and walk away now. I'm the conqueror, you know They don't talk up to me when I steps in to cut him down.

It's for eternity I sure can testify to that responded father time. I ain't seen one shake off the dust since you've been in your prime Well, I got other things to do I must be on my way I'll see you when I come back to make another day So whiskered time went up the hill to bid the Sun to rise. He left death standing by the tomb looking strong and wise Next day time ambled by again and how are things he queried kind of quite death replied.

I'm starting to be wearied I won't be here when you come by about this time tomorrow. I'm anxious to be on my way and spread some grief and sorrow Now father time was quite surprised when he came back to see death the quivering on the ground in frightful Agony, his eyes were set. His throat was marked his clothes and disarray It wasn't difficult to see that death had had his day What happened death asked father time what makes you look so bad? I never seen you shake this way or seem so scared and sad death pulled himself up on a rock Looking sick and humble hung his head and wrung his hands and time could hear mumble was sitting here before the dawn About to take my stroll when all at once this whole wide world Began to reel and roll that rolling stone jumped off the door and skipped on down the hill Then everything grew dark and quiet seemed like the earth stood still.

I saw him standing in the door He didn't move or speak just looked at me and all at once. I felt so tired and weak He came and got a hold on me and threw me to the ground put his Foot here on my neck and then took the keys and a crown two angels came to talk with him They glistened like the Sun he said the plans all finished now Redemption work is done as they pass the garden gate. I heard him say just then He's setting free my captives and giving gifts to men time and death met once again off yonder by the gate It's good to see you said old time.

I've wondered about your fate I'm just a slowly servant now. There's a little time to roam I just push open this old gate and help the Saints get home. God bless you my friend
