Don't listen to lies from the devil. This was a judgment from God in the New Testament. Now, if I go to the book of Revelation, in Revelation 9, verse 15, four angels kill one-third of mankind.

Do you believe that? Do you believe that? Do you really believe that? You say, yes, I believe my Bible. Think about it, what this means. Do you believe it? Aren't there two great commandments? To love the Lord your God with all of your heart, your strength, and your mind, and your soul.

And the second one is like it. To love your neighbor as thyself. One-third of mankind will go into an eternity of hell if they haven't got Jesus.

And here in Revelation 9, verse 15, it says, So the four angels who had been prepared for the hour and day and month and year were released to kill a third of mankind. Our world population is estimated at 7.7 billion people. If God were to proceed with that judgment today, 2.5 billion people would die.

That's 2,500 million people. The United States population is only 325 million people, less than one-fifth. Would you be upset if 100,000 were killed in this region, and you had never shared Christ with them? Would you be upset if one or two million died in Los Angeles? Would your heart be broken then? You say,

of course my heart would be broken then.

But it begs the question, why is my heart not broken now? Why am I not weeping now? Why don't I love my fellow man? Why don't I touch others with the glorious gospel that I have? Why don't I reach out and, Lord, take away my stony heart? Break it. Break it anew. Bend me, Lord.

Take it away.
