## Transcript

What is our future? North America is now under attack from all sides in the world, from Europe, the Middle East, Russia, and the Far East including China. Perhaps the worst attacks come from inside of North America. We are attacking our own moral fibers leading to self annihilation.

God has permitted the attacks on the World Trade Centre in New York. Why? It was a warning and people filled the churches for a little while. What will be the future? More suicide attacks inside the USA? Will there be a "dirty nuclear device" exploded in the USA? Will there be an outright nuclear attack from rouge nations from the other side of the world?

History has shown that God will permit wars, calamities, disaster and tribulation to draw us back to Him. He wants us to seek refuge in Him the one and only true God. Looking back less than 100 years: 1914 - 1918 was the 1 st World War. 10 million people died. 1939 - 1945 was the 2 nd World War. 70 million people died. In 1945 two Atomic bombs were exploded one each over Hiroshima and Nagasaki. 220 000 people died. Many wars have followed to this day and people are dying in wars and famine every day around the world. What about North America? Will we be immune?

"God is a just judge., and God is angry with the wicked every day." Psalm 7:11. "---The Lord will judge His people. It is a fearful thing to fall into the hands of the living God." Hebrews 10: 30, 31. The future includes

us and is outlined in the Book of Revelation. In Revelation 9:18 we are told that three plagues alone, and there are many more, will kill one third of mankind. Based on 2008 population estimates there are 6.6 billion people in the world. These three plagues alone would kill 2.2 billion people or 2,200,000,000 people if God sent these judgments in 2008. What will God permit in the countries of the USA and Canada to take place in the future? Judgment is certain.

He will yet have mercy on us if we repent.

What does a Holy God see in the United States of America?

48 Million Babies killed, since 1973. The children have been put on the altar of lust and have been killed for the god of lust.

The divorce rate is 50 % for both non Christians and Christians. The USA has the highest divorce rate in the world.

70 Million plus Americans have STD (Sexually transmitted diseases), estimated at 23% of the population.

47% of couples no longer get married.

The Bible has been eliminated from School.

Prayer has been eliminated from School.

The 10 Commandments have been eliminated from school.

The Sunday is no longer "Holy" nor a day of rest.

33% of all new births are to unmarried women.

The USA has the highest number of rapes in the world.

70% of all Clergy in the USA are said to look at pornography.

Adultery, same sex marriages , and uncontrolled lust via the internet and TV has affected the basic fibers of our society. "The will of God is our sanctification, that we should abstain from sexual immorality."

TV has become our god. In 2006 Men watched an average of 4:35 hours of TV per day. Women watched an average of 5:17 hours per day. In addition comes the Internet. If God compares the time we spend with Him, with our time watching TV and time spent on the Internet. What will he find? Are there new gods in our lives?

While the population has increased only 41% since 1960 violent crimes have increased 500%.

Is there any hope? Our only hope is Revival. Yes we have a loving God who has given us Grace and Eternal Life through Jesus His Son. He is also a God of Justice who cannot tolerate evil. Judgment is certain unless we repent. God has always shown mercy to those who repent. He is waiting for us. We do not know how much time we have. He will yet have mercy on us if we repent.

God has promised to bring a Nation wide Revival to the United States of America and Canada prior to the return of the Lord Jesus Christ.

Fires of Revival will break out all over the United States and Canada in many cities and spread from African American Churches to White Churches.

God will use the African American People in the USA for His glory and honor. When the African American peoples came to the USA evil men meant it for evil, but God meant it for good (Gen. 50:20). God will use the deep seated faith of the African American Peoples, and their forgiveness for the people that harmed them, to bring Revival to North America.

The year of slaves arriving from Africa, and coming to the USA Colonies lies between 1600 and 1616. The 400 year anniversary of the African American People coming to the USA lies between 2000 and 2016. God brought the Israelites out of Egypt in 430 years. Will God use a 400 year Anniversary to use the African American peoples to turn to God in a Revival, through a new outpouring of His Spirit, opposing Satan, and saying:

"Enough is enough" , "Let my people go"?

The African American peoples will be sharing the Revival with their North American sisters and brothers.
