Let's be silent before the Lord.

Amen. Please be seated. Welcome! I don't have to translate that.

Good evening and welcome to Love Europe. We are glad you're here for three years. You're not here for three years.

Tens of thousands of people have been praying for Love Europe. And tonight you're here. You are an answer to prayer.

Some of you have traveled right around the world to be here today. From Greenland to New Zealand from Ecuador to Korea from India to Canada I knew there were two Canadians here tonight. From more than 60 nations around the world one of the largest gatherings of nations for evangelism ever to come to Europe.

Some of us have just flown in from another great congress, the Lausanne Congress in Manila. 48 hours ago I was in the Philippines at that congress. And flying from Manila I found myself sitting next to a Filipino Roman Catholic charismatic brother.

And we came into a terrible storm, a typhoon. And the plane was going up and down and all over the place. And I was praying and becoming dedicated and consecrated and rededicated to the Lord.

It was terrifying. And the Filipino brother looked at me and said, In Christ! I said, OK, but the problem is in this airplane. I hope you had a better journey here than I did.

Three weeks ago Mikhail Gorbachev was just 20 miles away from here in Strasbourg. And he shared with the European Parliament his vision for Europe. For a common European home.

A united Europe. I wish he could be here this evening. Because we have brothers and sisters not only from Western Europe but from Eastern Europe here tonight.

From Poland. And Hungary. And Yugoslavia.

Now I'm going to ask if somehow the lights can pick these people out. If you are from Eastern Europe, will you just stand right where you are? Let's give them a welcome. Please be seated.

In the book of Ephesians, Paul shares his vision for a united Europe. And a united church. You and I, the body of Christ.

He said, it's a good verse for us to begin our congress with. Ephesians chapter 4. And verse 4. There is one body. And one spirit.

Just as you were called to one hope. When you were called. One Lord.

One faith. One baptism. One God and Father of all.

Who is over all. Through all. And in all.

The Bible says, tonight we are one from 60 nations. I want us to celebrate our oneness. This may be a little chaotic.

But I want you to stand up and greet somebody that you haven't met near to you. But wait a moment. Don't knock the chairs over.

Don't fall off the balcony. Some of you in the aisle can move out into the aisle. Take a minute to greet somebody you haven't met yet.

Welcome them to Offenburg. When you hear the trumpet sound. That is not the biblical trumpet sound.

You will hear that. Unexpectedly. When you hear the trumpet, then you stop talking and you get down to your seats.

Greet one another now. My, you seem like you enjoy meeting each other. I want to introduce Stuart McAllister to you.

You are going to enjoy getting to know Stuart McAllister this week. He is from Scotland. He is also the director for Love Europe.

He is a tough guy. But he has a gentle spirit. But if you are into hugging, you might want to count the cost before you give him a hug.

Stuart and his wife Mary and their children live in Vienna, Austria. Stuart comes to lead us in prayer. Isn't this exciting? You know, there are three words in the last two years that are special to me.

I believe that God loves Europe. And that you coming together is to express that love for Europe. Europe is the lonely continent.

Thousands of people are crying out, doesn't somebody love me? And what excites me is that every one of you are going to find other Europeans and you are going to tell them that God loves them. Let's keep our eyes on Jesus this week. Some of you had a little bit of a hard time as you have arrived.

A few disappointments in not getting perhaps the things we have been looking for. But let us pray that wherever God is sending us this summer, that our lives will make a difference. Let's pray together.

Father, we come to you tonight in the name of Jesus. And we are all too well aware of our weakness. We realize, Lord, under pressure we get irritated and we fail and we sin.

And we don't come to you, Lord, tonight as perfect examples of Christianity. But we do come to you as people who want to be used by you. Lord, at the very beginning of the Love Europe Congress, would you pour out your Holy Spirit upon us? Would you bless the town of Offenburg because this Congress is taking place here? Will you touch the lives of the people that live right here in this beautiful town? Father, we call upon you to move our hearts towards the call to world mission.

Father, we thank you, Lord Jesus, that you loved us enough to die for us. And we want to lay down our lives for you. Lead us tonight, Lord.

Guide us through this week. And send your power. In Jesus' name.

Amen. When we began praying and planning the Love Europe Evangelism and Congress, I said to George Verwer, where do you think we ought to hold a Congress like this? He scribbled a little note and it had Germany on it. And I went to see Fritz Schuller and asked... Some of us talked to Fritz Schuller, the leader of OM's work in Germany.

And Fritz said, you are welcome. We will help you organize the Congress here in Germany. Fritz has a missionary vision to send people and money to Germany.

Into God's work for India and other countries around the world. He's also... He's also not a bad table tennis player. He and his wife Alfreda and family live in Mosbach.

Fritz is going to come and introduce a very special guest. And has a rather special surprise for us also. Let's welcome Fritz Schuller.

Our special guest tonight is the Bürgermeister of Offenburg. We have been working the last few months with the town hall authorities and we have received great help from them all the way. We said we want to bring 5,000 people to Offenburg.

Now Offenburg has about 50,000 inhabitants. And then we realized 5,000 is not enough. We will bring 6,000.

So we said we need more space in your schools. And there was a great welcome and willingness to help to give us more schools and more space. And that's why I'm very glad to introduce to you tonight Dr. Bruder, the Bürgermeister of Offenburg.

Dear guests from more than 60 countries from all over the world. We are happy you came to Offenburg, to the heart of Europe. We are happy so many of you came.

Even though we had some problems to put you up. But we hope that all of you have a good quarter. And if something should be out of order, please forgive us.

We try our best. We have an armor of the city of Offenburg and in the center there is an open gate. That's a symbol of hospitality.

We hope that you will enjoy our traditional hospitality and you will learn to love our city. Some of you were disturbed in your night rest last night by some drunken hospitality. In the name of all our citizens, I apologize for that.

This is an exception which may happen everywhere. We hope it will stay to be an exception. Let me give you a few sentences about our region here.

This region in the center of Europe was always fought for by different peoples. For centuries the population of this region suffered from wars and devastation. For example, 300 years ago the city was burned down just to leave a few houses.

But this region shows that reconciliation is possible. A peaceful living together of people who had hatred against each other earlier. Now we are friends from both sides of the Rhine River.

There's close ties of friendship. We'll see each other nearly every day. We want to start our work of peace just at the base level in the city politics.

That's why our city has a twin city in the German Democratic Republic since one year. Inviting people to meet from both parts of Germany, we want to put away this hostility. I'm very happy that there are a few of you from the German Democratic Republic.

Dear guests, we are happy that you have your congress in Offenburg. And please enjoy staying here. Let me finish in English.

We are all proud to have you all here in Offenburg. Enjoy our city. Enjoy the days here.

And last of all, make friendships with all the lovely people here. Thank you very much. We have introduced quite a few people.

But we haven't introduced our translator. Gottfried Schottke. And we also want to introduce all our translators in the booths over there who are translating in 12 different languages.

We are very thankful for the great job they are doing during this week. As you have already heard, we are very glad that you are here and that you have come to the heart of Europe. During the last months and weeks, we have experienced God's goodness in preparing this congress and this whole campaign.

We have experienced many answers to prayer. A few months ago, we didn't even know who is going to work on all the practical arrangements like accommodations and the whole site here, to organize the whole site. And God has given us the right people to do that.

I thought when we will have 3,000 people, we will have a lot of people. And finally, more than 6,000 came. You can imagine what a work it has been done in the past in order to organize this conference.

Just one story. We usually don't have so many couples. So we were thinking of having maybe 50 or at the most 100 couples with us for this conference.

But finally, we realized that more and more couples are registering and we didn't know where to put the couples. We had among the OM leadership a great debate what to do with the couples. They thought we divide them and send them in this sports hall and the wife in this sports hall and the husband in this sports hall.

I was campaigning for that idea. But other OM leaders thought we cannot do that. So we didn't know what to do with all these lovely couples.

So we didn't know what to do with all these lovely couples. And one day, Emanuel Böker, who led the organization, met a nice man in Offenburg. He said we can get the company crown in order to put up tents.

This was just maybe two or three weeks ago. And in this way, we have seen how God has answered prayers in a very practical way. So we are very glad that all the couples can be together.

We could go on and tell story after story, but there is no time. We are very privileged to have you here because you are living testimony of what God has been doing in your life and what God wants to do through your life. Germany has a lot of nominal Christianity.

We don't need more church buildings. We have them in every village, in every town. But we need people like you who spread the good news and the love of God in all these people's hearts.

And we were thinking what can we do to show these people who are coming from all over the world that we really like them. We thought it's very easy to make words. It's just part of the ceremony here up here.

So we asked the chocolate company here in Germany. We asked them if they could help us to give you a sweet welcome. And this chocolate company Ritter Sport said we are more than happy to help you.

So watch out. Be careful. The rest of you, don't worry.

We have for everyone one piece of chocolate. At the end of the meeting you receive your piece of chocolate at the exit. And once again we are thankful that you have come to us and we want to treat you as our guests, as our friends, as our brothers and sisters.

Thank you. It's a pleasure to introduce to you one of the most appreciated singers in Norway, Christian singers in Norway. She has been on the top ten in Norway, also on the secular market with Christian songs.

May I present to you Elisabeth Ødegaard. Oh There's one in French Oh First one altogether joy to the world 32 number 32 32 number 32 The song is called majesty how many of you know this song I think the whole world must know this song now We're welcoming a king so we will begin with a fanfare I Just have voices Oh Oh Oh Oh Oh Not in a great Congress all like this Yes, say if we can do the reason Congress Holland where I cannot even see most of you You might think when I was coming here yet, Mr. Marcian. It has to be very much a faith ministry So we're faced off with so I'm Dean's toss global I'm reminded of the words of scripture that we go by faith and not by sight It's very different as water in all that's here.

I was clobbering even when you don't see father And I want to say something that's very important None, it was can speak to this that was all that's happening through love Europe In blick of that Alice was in love Europe. She as we move out all over Europe in Evangelism in the next few weeks on team blick of the titan every rally Sherman of the rise a evangelistic in Europa We are aware that it is only a tiny part of what God is doing in Europe Doesn't be the most decent be boosted She's not I'm wincing at I'll fund a muscle. So God's shown in Europa We're and we just want to sense our unity with all of God's people all churches and all Christian organizations who are working for Christ at this moment Throughout Europe, and this is don't say a rich dig in there I'm high to sign it all the energy them hand in an Allen group an organization in America It's got this in Europa in desert side for over 25 years.

We have said that the key to world Evangelism is in the hands of the local congregation and church Mara's been from swan see yada long bet on and we're it's their schlüssel. So well to evangelize a tune Leaked in their hands their demand a Jesu for or and we thank God for literally Thousands of churches who are involved with us in this great event And we don't consume her for bush deadly Towson day from Kirchen on demand and the middle ones on turgotte in this industry And I know that many of you were prayed for and set out to love Europe By your own local church, and if I start feeling for no I should be beat or a reminder to how they have and the commanded the I should also enter to this indeed Smith love Europe and as we go to places like Bristol as we go to many cities We will be working with those churches And then we're using feel a steady common Bristol and under a vice is we're better with feeling Commanded to summon our way in other needy countries like Turkey where there are very few churches Then lender we did your kind I give this new organs when you get him I didn't our burden is to see living churches born in answer to prayer through the Word of God I still own sign a last does Commanding in stealing a band-aid again. We're niche Begeistered sign werden meet them and on indeed I'm the platform don't agree with everything that the other person may teach or believe We're simply like niche dining with the master under a so gloved and between And How will we work together such a great army of people? Above it's only minutes to some of it and it's also easy to shop firstly because we have an experience of God Together so here's why we're give mine some then live bandigan got cannon Go down to under fire and hobble as far as we know everybody coming on love Europe knows Jesus Christ as his personal Lord and Savior so right we're missing is Jada's test I'll need to love Europe This and give it each Kenny Jesus.

I'm in God Our first burden is not evangelist Then the is the last of my notes missed you meet you need a evangelist at you. Our first burden is not even world missions Nichte mal developed mission as priority. We always say reality first geography second We betonin tower and the bio M2 is the gross a reality and sweater still a stand event geography Now it is true.

What do you mind? He's a niche that is this case a and vexed you might say well Where am I gonna put that in my house? No, it's not too polite.

Yeah, what's all each does in my name? Klein and how's he hanging? What about right over the front of your television set? It's get sealed or high figure But I hope that you will understand Our first burden is reality not geography I'm a knock miles on the recess on Ligonier in yes, I is niche geography And there is this on Ligonier's dear reality. We are going to have many challenges during these days We're at Manchester near Leavitt's and for us have an indecent target We are aware that is harder to be a listener than it is sometimes to be a speaker When we think this in the most is much much bigger is good to her and as good to read and especially when it gets a Little warm the son does when say it was warm weird So himself and I know that some of you know of our great commitment to the land of India and Pakistan and Bangladesh It's why it's not even I wish to be serious for Indian Pakistan Bangladesh Oh gosh, it's in you probably think we arranged this climate to prepare you to go to India That's weird, I don't deserve an easier time and always best of your Indian for to be right now We didn't do that. But maybe God has done that.

No, we haven't get on the satellite hair get on I want to remind her to pray for people that work all day in temperatures much much hotter Than we have right here now. I think I'm here on DNA can be the hand even with strength and our bite in Klima sonen with hits a feel feel here as we see it's here haven't I want to ask you have you ever had an Isiah? 6-6 experience in your life No need to smile if I can teach us do you do you say a six or following in dining? They can't have you ever had a moment a day an hour when you had this kind of Experience with God has to then talk the stunted in augenblick her lips meet these are art show this whole and got this Now, we know God leads different people in different ways We're missing civil does the hair design and also she'd like food, but in my own study of Christian history I bring my name a gun and Rick Blakeney Kiss each day this focus got this. I have never known of a man or a woman that was used of God I have a kind of man kind of froggy fonden There are the deep on God wonder why give out the way that did not have some times a Powerful experience with God himself as Isaiah did here in chapter six It's one lots of mention got this piece or her father got this Hutton Mimosa like meet there's Elvin a shooter room.

Yes. I am here in capital six and many men of God today And so feeling mention got this height a I've been reading some of their books some of their magazine articles Cover for near and beautiful Gleason also in black turn they feel we need a renewed Emphasis on the holiness of God see Sagan Feeler arts, we're broken. I didn't know he didn't bleep Fury highly quite got this in on so that side to realize how God hates it No, I beg I find the seer got this in the house when I was converted to Christ I had many habits many bad habits in my life As it's a yes, who's come back to you man? He's limited one height as my name leave him it I had great problems with pornography and with lust He cut the problem a gap with you and I might meet being in the pornography And I didn't get instant victory over all those things at the moment of conversion That's Alice my heart make it on this one.

It's so nice. See Johnny Morgan picked a big hero I still had struggles and failures in my life Nevada knocked neither login and intention in my name even have one of the things that helped me get the victory And I missed us me at home. So the fry on funding was to realize how much God Hated sin bar doesn't fiendin VT Abgrundig teeth got this in the house and yet at the same time To realize how much God loved the sinner you and me I've got to like all her missing the seer got dance in dirt.

He showed me leaped Will you seek God during these days? Yes to the in hiding and got so often in decent target Will you come into the meetings with a spirit of expectation? Praying and saying God speak to me your servant listens to your voice Yes to in the stuntin common Indian lesson in their still a y'all got ready. It's Thank next Dynamite will huron. Now when Isaiah saw the holiness of God the greatness of God As you say, I got the highlight got a sadie grace a goddess.

He then saw the sinfulness of himself Does I have six selves in decent least so rich in verse five he Explodes with this cry the sob to God There's fin da British as in her house. We near the mirror. It's been nice me He says woe is me.

Woe is me. I am undone. I am a man of unclean lips I tell in the midst of a people of unclean lips for mine eyes have seen the king the Lord of hosts It's for gayish been under a no-lip and won't even try them folk for non-alien leaping It's have it in Koenig the hand is seen with my inaugurn What powerful words? That's in start a water.

Have you ever prayed something similar to this? Has do you? English debated, you know what Billy Graham said? West was Billy Graham suck. He said the greatest obstacle to our Sanctification our spiritual growth is our unwillingness to see ourselves as we really are It's not the honest aggressive in don't miss it for unsurpassed to me. I'm globan is uncertain courts common da Well, we're on silver.

So say in Sultan Vivian's in you know, when I went on the first OMT to Mexico As each meet you in a reason or in fact not Mexico I stay more than 30 years ago It was not called. Oh, yeah, that's what for me. That's nice again.

And he's not nicked. Oh, em It was living on that team It was traveling in the back of that old vehicle that broke down The body's hidden in a Malta far toy. That's ding is not to summon given often unterwegs meet them team In fact after 200 miles just 200 miles the engine exploded Not nur 200 mile in East Mal.

Shonda motorex Bloody and we had so many problems And we hadn't problem a knock on knock meet them out. Oh, yeah, we didn't get on very well We're common. I'm fucking each for an it was through living on that team and then that next summer That I really began to see something of the ugliness of my self-life And this one I'm a bit of a mystic team on time with the next name some of the knock That would be smear

bewusst.

We hastily my ego is most sick rigged Watchman, he says God speaks to us through revelation Watchman, he suck that's got to us. We did do it often borrow We preach the word we read a powerful book and God reveals something and we repent and we receive that from God We listen to people we listen. I'm just a goodest book on the Sagan come to and got the shank tones And we're better right, but he then goes on to say something.

I'll never forget I'm white of this does he need for guests in our bail sick is lost God then uses circumstances to Continue that work in our hearts long after we walk out of the meeting so as to dork of an bar room done dork Umstände and for help me say meet Danen We've got white anon's not the media the shiniest again at the first time long lengths for lesson habit and as God speaks to you tonight And when they're here, how do you happen to be read it? You may pray a prayer of commitment. You may repent and deal with something in your life And I hope you do Daria's to fill a boy go find new bread was just in time They've been booze a in debate and you may go from here praise God He's done a new thing in my life and then for less to the install for low and dunk They're had I know yes in my name even get time. I've understood his holiness.

Yes, I wish to hide a kite What does he say? I've understood his love for me. That's very big. Yes How big got this cancer leave it to me and I am S and I surrender my life as Isaiah did Gave him I live in him guns.

Yes, I had a month then you go back to your tent I'm comes to Zurich that's with a new part here and you're praising the Lord for love and dunk to him for this new work in Your heart for this noise. I just I had several and you're full of sleep I'm too slave silly guy thinking on the Word of God and what he has done Wonderbody get on can you about this war to do but got this Night suddenly there is a giant Of thunder above your tent And I'm plentiful in the not give this the Mexican don't know slug about I didn't do themselves and it starts to rain Harder than you have ever seen in your life I don't don't brush with the Regan her turn either as he was here in diamond Even I remember that in one of the early summers of OM at the conference He's wise with us and in a new friend. Oh, I'm so much.

Oh, wow I know I know conference there was a large tent with all the women were sleeping in this large That's a reason tells you and I lady from an old man can sleep in the Meissen in these It began to rain and it rained and it rained On time reading today's on possible day on strength in a mirror and a liver went right through the center of the tent Oh, but I think in so I'm rich to go Regan flows smitten does tell Tindall and the sleeping bags were wet and everybody was Miserable and the schloss a kevin clutch national a bar and to teach them a lens that may happen tonight It's going to hide the ovens passieren. We haven't organized it We haven't done each dog on his ear to I know some of you have a negative streak You have a negative streak. You need to watch it.

I've got one as well It was done comment easy thing. It's important as negativity does India's it's in me as it's this You've heard that operation mobilization is always pushing copies of Calvary Road by Roy Hessian about brokenness He was give is does or a member does be client from Roy Hessian? Also betones does know you're watching and we know when things go wrong and when there are problems And don't even we're when it's chief gate when the problem a common and our brothers offend us And don't say that's greater. It's for listen and I'm Griffin.

We can learn brokenness Don't learn and we're in a leash was to be bill. I'll get what's her broken in and mark some of you think Oh, and is organizing things to go wrong so that you can be more broken. It's not

true I'm a nun thinks to fill a ha ha Oh, I'm organized is so that is I'm winning chief gate or me.

She ain't business indents her book to fear and name Nine, we are working extra hours for many months with a prayer Lord as smooth as possible Here I've I can don't want beaten toggle not tight monotony it's her mouth That is so good me medley killing, but with a thousand more people than we sort of really expected I've been known thousand male like a common as we're I can take a water tattoo. We are in for some surprises Darwin I negate a Russian guns. He can't give a Russian gun see her common Are you willing to receive not only by revelation, but also through? Circumstances God's providence what he wants to teach you this summer It's to be right nickname or else got this wonder bother often bar own Sondern it were all house got this niche so I'm gonna be in a burrata shun and I'm to name and dear to shulung What's to blast for these insomniac and if you study the life of Isaiah? Don't show my Linda's leave in yes, I have he and I don't see that's what he did Yes, I a six we dare month.

Let's make dusting that's spring harvest I had to give four morning Bible study on the book of Daniel It's with the enough people studium given on the for me talking about a spook Daniel it was when things went wrong in the life of Daniel that he learned and developed great faith and Stability and reality in his Christian life by Daniel But it's a besonder so as it's in sign and leave and she's King and we the sheep King Don't enter sign of God for trowin, Dava and in sign of God's emotive her for anchor. So we see the holiness of God The highly kite got this we see the sinfulness of ourselves Ones that is soon after art and we fall before God in brokenness and in repentance And that's fallen me for unison of God neither. That's a stance of Brooke.

That is the legal what happens What's she done? Hallelujah, we read so clearly in God's Word Hallelujah, that's it in what got us so close to Lisa There is the cleansing there is the forgiveness there is the experience verse 7 of the mercy and the grace of God That can't be a fathom that I need one the forgiveness even done got this canada Got this no machine. The live coal is taken from the hands and there is the purging There is the cleansing of iniquity before God dice in a gluon decode It is Gericht's the reinigun da is from got this hand here No, he saw Buckeye's one of the reasons we love this message of Calvary Road We live in this is Buchlein from Roy Hesse on their art. That's no you have often do it.

Of course. It's a message of ongoing reality and revival Why is this Buchlein you but the thought towering day? I've become impersonal even is that's what we want in these days together Does it don't so for London for an under in decent target in mind some we want reality we want revival Reality is don't succeed in and we come personally as we go to passages of scripture like this And when we're in what got this hiney gain where we are here heighty oven in Sincerity in truth and brokenness Meet our freaky kite for uncertain got in their bar height. We will have that experience of his love Dove it in uncertain boy going in I know you know I don't common sign or leave it his forgiveness sign forgiven and some of you know that you are not Functioning spiritually because you have not forgiven yourself And therefore you cannot experience that forgiveness of God and monkey for now I should move involve isn't like the oven is gate guys They should meet for on do has to yourself's neat forgiven Unto us do not need to make me say God dear forgive enough It was as Isaiah had this experience of grace and love and forgiveness As he's I had the a farm deferred gave him rich to keep us loaded They don't really begotten that he could hear the voice of God Don't hurt that I'll teach them as I miss got this and we read in verse 8 And we listen down in fair say I heard the voice of the Lord saying He could do this to me this hand we air sprung Their gate
