Jesus, we love you. I just want you to listen to me for a moment. We're in the presence of the Lord.

Taylor, can you help me, please? In the presence of Jesus is a healing presence. He is healing. How many of you walked into this stadium tonight in need of a miracle, emotionally or physically? You need Jesus to heal you.

I want you to lift your hands high. I want to see that. You've come to the right place because Jesus is here.

I said you've come to the right place. Jesus is here. Tonight there will be thousands upon thousands of miracles.

And they will flow through your hands, most importantly through the hands of Jesus. I want to read you the promise of the Lord. I'm going to invite Bill and my father-in-law and Todd and Sean.

Would you guys just come out now, please? I want you to honor these mighty, mighty, mighty men of God. I want to read the promise of God to you. The promise of God is unchanging.

It's perfect. You can trust in the Word of God. This is what the Bible says, speaking of Jesus.

Surely He has borne our griefs and carried our sorrows. Yet we esteemed Him stricken, smitten by God and afflicted. But He was wounded for our transgressions.

He was bruised for our iniquity. And the chastisement of our peace was upon Him. And by His stripes we are healed.

We are healed. Holy Spirit, we welcome you tonight. You are a healing spirit.

You are the Spirit of the Lord. And I thank you in advance for every miracle tonight and for birthing a healing revival in this nation and the nations of the world. In Jesus' name.

Amen. Amen. There are several women here that have suffered with migraine headaches that started when there was sexual abuse.

And the Lord is going to heal you both on the inside and the outside. I have this sense that there are great numbers of people that have suffered with migraines for many, many years. Because of difficulties that took place.

And so I encourage you, step in that healing anointing tonight because He's going to heal you. There's at least one missionary here that is home on furlough or home perhaps for a great extended period of time. You're home because of illness that you picked up in the land that you serve in.

It may be a parasite, I'm not certain. But Jesus is healing you tonight. There's somebody here who has damage to the nerves in the right side of your body.

Especially from your waist down. But I can feel it on the whole right side of your body. And the Lord is healing that right now.

There's a number of folks that have suffered. You've had multiple concussions. And it's very difficult for you to concentrate.

It's very difficult for you to hold down a job. To advance in work like you would hope. There's a lot of ongoing problems because of multiple concussions.

And Jesus is going to turn back the clock tonight. And He's going to heal you completely of the effect of concussions. The ability to concentrate.

In fact, the Lord is going to bring a vengeance and give you a clarity of mind that you never had before the concussions. A clarity of mind, a brilliance, an excellence to your thought life that you never had before. I believe that there's a release of healing.

The last thing I'll mention, there are a number of people here that have injuries because of accidents. And we've seen literally thousands of people healed from the effects of accidents. Broken bones, reset, sometimes ongoing issues of deafness or blindness.

Those kinds of things just get healed because He restores what was stolen. And so I just prophesy tonight. He is the restorer and the vindicator of those who have suffered loss.

Amen. Okay. I've been hearing this all day.

So people that have made wrong decisions before Christ and they've done that whole immorality thing that I shared earlier. A life, just a lifestyle that we've lived. I came out of the drug world so I understand what that world is.

Injection needle marks because you shot before, you shot heroin. Hepatitis C because you've damaged your body from dirty needles, whatever. STDs, sexually transmitted diseases.

Redemption doesn't just mean that I've been purchased but redemption means I've been brought back to the original place that God put me in the garden as if I never ate the tree. And so God doesn't see you as if you're a sinner. God sees you saved from sin.

And He's made you a saint. And so what happens is He removes those scars. He removes those track marks.

He removes Hep C. He removes HIV. He removes blood disorders. He removes STDs.

And everything that came from a stain from a life that you wish you'd never lived. You can't go back and fix it but redemption means that God wants to redeem your body. It's for your spirit, soul, and body.

So if you were ever in any of those situations like that and you have cut marks on your body or you've damaged your lungs from drug addiction. You've damaged your kidneys. You've damaged your insides, your organs.

If that's you, I want you to raise your hand right now. Come on. Don't be ashamed.

Shame says it's still who you are and that's not who you are. That's who you were. That's not who you are.

God doesn't leave that mark in your body and say, well, it's to keep you humble. No. Which is more humble? To go back to the doctors and them see that it's completely gone? Or for you to hold it and keep it? No.

Jesus forgave you. Therefore, if he forgave you, then the mark and stain of sin must be removed now. Right now.

So if you have an STD, if you have a cut in your body, if you have a slice, whatever, from a life that you wish you never lived and you've been forgiven, right now I want you to raise your hand if that's you. Come on. Don't be ashamed.

Don't be ashamed. All right. Now watch.

Right now, God's going to remove scars because he's amazing and he can. Are you ready? Watch. On the count of three, we're going to yell Jesus, and I want you to look at your cuts on your arms and they'll be history.

Are you ready? Come on. On the count of three, we're going to yell Jesus. And then I want everybody, everyone that has a cut on their arm or a slice from yesterday, or anybody that has had an STD, you have to get checked for that, but we've seen it so many times.

All the stuff that came through a life of sin that you wish you never lived. Right now, God wants to redeem your body. Are you ready? On the count of three, we're going to yell Jesus.

And then we're going to look down at track marks to see them disappear. Look down at cuts to see them disappear. Come on.

Are you ready? One. Two. Three.

Jesus! If you were a cutter, I want you to look at your scars on your arm. I want you to look. If you had track marks at all, I want you to look down right now.

If they're gone, I want to hear you shout. Come on. No, no, no.

I need you to look because God removes this stuff. That's not who you are. That's who you were.

But Jesus saved you and set you free from that stuff. So I want you to look again for any kind of cut marks. And if they're disappeared, I need to see your hands waving in the air.

I need to see if track marks have disappeared. I need to see your hands in the air right now. Come on.

Come on. Wave your hands if that's you right now. If your cuts are gone, if your track marks have disappeared, I need to see both hands over your head right now.

Come on, wave them high. Come on! Come on! One more time. Same thing.

Same prayer. Are you ready? Come on. In Jesus' name, God, I thank you for complete removal of every track mark, of every sexually transmitted disease, of hepatitis C, of HIV, of every blood disorder.

Father, I thank you for complete wholeness right now from the top of our head to the bottom of our feet. In Jesus' name. Loosen, Jesus' name, now.

I need you to check again one more time. Track mark's gone. Cut's gone.

Scars disappeared. If that's you, wave your hands in the air. Come on.

If they've disappeared, I need you to jump up and down, just the people where they disappeared. Come on. Come on.

If that's you, jump up and down. Jump up and down. I need to see you.

I need to see you. Come on. Give Jesus a shout.

Are you ready to receive the anointing of God and be made whole? Now lift your hands to heaven. Blessed Holy Spirit, we welcome your divine presence in this place. Minister your power and grace in the name of Jesus.

Now let's just worship. Come on. Then sings my soul, my Savior God to thee.

How great thou art. How great thou art. Then sings my soul, my Savior God to thee.

How great, how great thou art. O Lord my God, when I in awesome wonder consider all the worlds thy hands have made. I see the stars.

I hear the rolling thunder. Thy power throughout the universe displayed. Lift your voice everywhere.

Then sings my soul, my Savior God. How great thou art. How great thou art.

Then sings my soul, my Savior God to thee. How great thou art. And when I think that God his Son not sparing sent him to die, I scarce can take it in.

That on the cross, that on the cross my burden's gladly bearing. He bled and died to take away my sin. Now softly sing it.

Then sings my soul. With shouts of acclamation and take me home. What joy shall fill my heart.

Then I shall bow. Then sings my soul, my Savior God to thee. At your right hand this moment sits Jesus your Son.

King of kings and Lord of lords. Then sings my soul. How great thou art.

Hallelujah. Just forget yourself and love him. It is Jesus.

Hallelujah. Hallelujah. Lift your hands and love him.

Hallelujah. Jesus the Son of Almighty God. Able to deliver.

Hallelujah. His mighty power and his holy name to heal everyone in this stadium. Everyone beyond the stadium, watching by television or the internet.

Hallelujah. We give you all the glory. Wonderful Jesus.

Wonderful Savior. The anointing of God is mightily flowing here. Lift your hands and receive your healing.

Hallelujah. Those sick in body, quickly place your hand on your sickness. As you continue to worship, as I pray the Lord will heal you.

He promised it. You declared he was wounded for our transgressions and bruised for our iniquities and chastised for our fears. The stripes will heal.

Heal your people, I pray. I step into my office and I'll rebuke every disease in this place. I command every spirit of infirmity and disease to go.

In Jesus' name. Just once again, a whisper. Now lift your hands and receive your healing.

Be healed. In the mighty name of the Lord Jesus, be healed. From the top of your head to the soles of your feet, be made whole.

Touch your people, Lord. Touch your inheritance, Lord. Hallelujah.

The healing anointing is flowing all over this crowd. Many of you are feeling like electricity flowing through your body. Some feel intense heat like fire.

Just one more time, just a whisper, hallelujah. Hallelujah. It's not by my, it's not by power.

By my spirit, says the Lord of hosts. Some of you feel like that woman with the issue of blood. She felt in her body, she's made whole.

Hallelujah. Receive that healing now. In Jesus' name.

Hallelujah. There's miracles happening everywhere now. There's healings everywhere.

Lift your hands, just receive your healing. To the same tune, Holy Spirit. Holy Spirit.

There's miracles everywhere now. Gentlemen, would you stretch your hands towards the crowd with me? Stephanie, come Stephanie. Take your microphone, dear.

Lift the crowd for me. The same song, Holy Spirit, please. Holy Spirit.

God, that's mighty right now here. Holy Spirit. Jeremy, come here.

Get a microphone. Holy Spirit. Michael, come stand with me.

Holy Spirit. One more time, Holy Spirit. Lift your hands and receive.

Holy Spirit. Holy Spirit. Receive freely.

From the loving hand of the master, you're healing now. Holy Spirit. Some of you feel like electricity going right through you right now.

Holy Spirit. That's His power. That's His wonderful power, glorious power.

Holy Spirit. There's thousands getting healed now, literally. Holy Spirit.

Thousands. Holy Spirit. Jesus, all-glorious.

Listen. Every one of you that feels something on your body, just wave. All over the stadium, just wave.

How many of you feel like electricity? Just wave. Those that feel the electricity. How many felt like heat come on you? Sometimes gentle heat.

Yeah. Now, we're not going to be able to get any of you up here to pray for you because that's not possible. I just want you to lift your hands and begin to praise Him in the Holy Ghost.

Out loud. In your heavenly tongue. As the Lord's showing you things.

If you're sick in your body, I want you to ask the person next to you right now. Say, put your hand on me. Go, go.

I want you to find the sick. Just quickly ask them what's wrong. Very quickly, very quickly.

Father, thank you for what you're doing right now. Are you ready to rebuke this sickness? Are you ready? Are you ready? In the name of Jesus Christ of Nazareth, we rebuke every sickness in this stadium. Every arthritis.

Every diabetes. Deafness go now in Jesus' name. Blind eyes open now in the name of Jesus.

Depression leaves now. Spirit of suicide goes now in the name of Jesus. We release the healing power of the Holy Spirit to every person watching by internet and television.

Receive your healing now in Jesus' name. Now, now test your body. Test your body now.

And when God's healed you, I want you to begin shouting all over this place. Begin shouting. Begin shouting.

Begin celebrating. If you feel a difference in your body, begin. If God's healed you, I want you to lift up your cell phone.

I want you to lift up your cell phone and put on your backlight. I want to see it all over this stadium. There they are.

Thank you, Jesus. All over this stadium. Thank you, Lord.

More. More, more, more, more, more. Healing Jesus.

Healing wonderful Jesus. They're still going. They're still going.

More, Jesus. More, more, more, more, more. More, Lord.

More. Come on, Jesus. Skip on the mountains and heal your people now like a mighty river.

Jesus, we give you praise. Oh, give Him a shout. Give Him a shout.

We give you glory.
