

# Jesus, Our Freedom

by Michael Koulianos

---

*Michael Koulianos emphasizes that Jesus is our source of freedom and healing through faith and communion.*

**Duration:** 38:47

**Scripture:** James 5:14

**Topics:** "Jesus", "Communion", "Healing"

---

## Description

Michael Koulianos emphasizes that Jesus is our source of freedom and healing, urging believers not to accept sickness as their inheritance. He highlights the power of communion as a means of liberation, drawing parallels between the Passover meal and the body and blood of Christ, which brings healing and wholeness. Koulianos encourages the congregation to focus on Jesus as the remedy for their struggles, whether physical or emotional, and to approach the table of the Lord with faith. He reassures that through Christ, every chain of bondage can be broken, and healing is available for all who believe. The sermon culminates in a powerful call for healing, with testimonies of miraculous transformations occurring during the service.

---

## Transcript

How many of you need a miracle in your body or in your mind tonight? So many of you. Well, Jesus loves you. Now, the Lord says through James' epistle that if there be any sick among you, let him call for the elders of the church, that they would anoint him with oil and the prayer of faith would save the sick.

The context there, the word if is the assumption that sickness is not our inheritance. If there be any sick among you, sickness should not be rampant in God's people. I'm not saying you have a demon if you get sick.

That's ridiculous. There are incredible saints who got sick and passed away in their sickness. And we don't need to answer every question.

All I can tell you is that we live in a fallen world. We live in... The Bible says even creation itself groans and awaits the manifestation of the sons of God, speaking of the second coming. There's so much that comes at us that can cause us to be emotionally sick or physically sick.

Rather than figuring out who did something wrong, let's focus on the remedy, which is the Lord himself. If there be any sick among you. The last thing I do want you to do is accept sickness as your inheritance.

Some people claim it and without knowing. Some of you have been through trauma. You've been traumatized.

You've been told, I'm going to be like this my whole life. I'll never trust. I'll never be free.

I'll never be free from anxiety, never be free from depression, never be free from those memories. That's a lie. That's a lie.

The Lord has given us the mind of Christ. If God can heal your eternity, God can heal your mind. He can heal your mind.

Now sometimes when people go through emotional troubles or generational troubles, we've dealt with all of this stuff. It can look so daunting, like a massive Goliath, but Goliath fell with one stone. Just got to pick the right stone.

His name is Jesus. I said his name is Jesus. And the wind carried the stone right between his eyes.

That wind is the Holy Spirit. So regardless of what you've come in with tonight, I want to tell you, Jesus is able. I said Jesus is able.

One of the worst things you can do when you receive communion is to receive it out of religion. You don't want to receive communion out of methodical repetition. You come to the table of the Lord.

Now the beautiful thing about the table of the Lord is the tables hide your brokenness. Say this out loud. The table hides my brokenness.

You remember Mephibosheth? He was dropped by his nurse and crippled. You remember that? But David called him to his table, the table of the King. David is a type and shadow of Jesus.

So he calls him to the table and when Mephibosheth is sitting there, even though his legs are crippled, nobody else can see it at the table of the King. The table is powerful. The body and blood of Jesus is powerful.

I'm going to say it to you, believe it, because I'm not going to serve you communion tonight until your faith sets in. The body and blood of Jesus is powerful. At this table, heaven meets earth.

In these elements, heaven meets earth. The eternal meets the natural at the table of communion. The moment you put this bread in your mouth and drink this precious drink, which we call the blood of Jesus, the moment that goes in, heaven is meeting earth.

The King sits at this table. I said the King sits at this table. How many of you are going through difficulty and issues right now? I have news for you.

He prepares a table before me in the presence of my enemies. A table. You say, why isn't he giving me his sword? You don't need to.

He's put a table before you. This is powerful weaponry against the devil. Now Jesus could say, oh my voice is back, hallelujah.

Jesus could say, he prepares a table before me in the presence of my enemies. You know that is a messianic song. He is sitting there with Judas.

And the scriptures declare, he prepares a table before me in the presence of my enemies. Not just Judas, the entire city wanted him dead. And here is Jesus, surrounded with a city, or by a city I should say, that wants him dead.

What does he do? Comes to the table. You see you are fighting what you are not meant to fight. You are rebuking what has already been rebuked.

You are warring against what has already been destroyed. Just come to the table. Come to the table of the king, who covers your ailments.

Who covers your crippled legs, your crippled life, your crippled mind. You sit here humbly, but regal as a son or daughter at the table of the Lord. The night Jesus was betrayed, which by the way, the Bible teaches that Satan entered Judas when he received the Passover meal.

Now do you understand why the scriptures teach that if you receive this in an unworthy manner, not discerning the body and blood of the Lord, the scriptures teach that many are sick and have fallen asleep among you. Many are sick and die early, the scriptures teach, because they don't receive communion properly. I find it amazing that the devil used fallen motives at the table to possess Judas.

Now if taking it improperly, listen church don't forget this, I feel the power of God. If taking it improperly brings sickness and death, what does taking it properly do? Say healing and life. Oh hallelujah, hallelujah.

Now you've heard this before, but as Paul said, it won't hurt you to hear it again. When you sit under the Lord's teaching, you should hear it, and hear it, and hear it, and hear it, until it's in your bone marrow. Moses led three million people out of Egypt.

This is the part you've heard, that there are three million people in the metroplex of Orlando. Last night, Friday night, we had to drive to Lakeland, the traffic was horrendous going past Disney, which is why I stay away, gladly. Bumper to bumper, all these people.

Three million people, from Disney to Sanford, and then from the 417 to the 429, from Winter Springs to Winter Garden, that one big circle, three million people. That was Moses' assignment. My God, the poor man.

And tried to judge them all himself until his father-in-law came around and said, hey, why don't you raise up some leaders? Which eventually became the Pharisees, but another teaching, another story. Moses is in charge of all these people, and God sends them into Egypt, into the cities of sin. And they are bound with chains, they are slaves of the devil, Pharaoh representing the devil, and the devil, as I said, representing Pharaoh, is forcing them to build his cities.

And that's what happens in a life of sin. The devil forces you to build his kingdom. And they were weak and broken and sick and enslaved, and God sends Moses in, he judges them with these ten plagues, because there are ten gods that are being glorified in Egypt.

God says, I know how to deal with you. The last plague takes the firstborn, because God told the Egyptians, let my firstborn come and worship. He called Israel his firstborn.

Pharaoh said, no, you can't have your firstborn. God said, fine, you don't give me mine, you don't get yours. And after God judges Egypt, which had become a nuclear waste zone.

They had no water source to turn to blood. There was no more cattle left. The animals had been killed.

The firstborn were gone. Trees were gone. Crops were gone.

There were frogs, fleas, boils, you name it. They were going through it. But there was light in Goshen and darkness in Egypt.

Light with God's people, intense darkness in Egypt. All of this took place, yet they were still bound. Don't miss this, if it's the only thing you hear tonight.

Even when God moved in such power and signs and wonders, the children of Israel were still slaves, even after the last plague. What liberated them? A meal. You missed it.

The meal liberated them. The body and blood, the Passover lamb. What does Paul call? Jesus Christ, our Passover lamb.

This meal is the meal of liberation. This meal is the meal of freedom. This meal destroys chains.

I feel the Holy Ghost. That's why the Lord said, gird yourself, tie your sandals before you take the meal because the moment you eat it, you are coming out. The children of Israel left Egypt still chewing.

I feel the excitement of Jesus and I feel devils trembling. The Bible says that on that night, the psalmist writes, there were none feeble among them. The night they took the Passover meal.

None feeble, it doesn't say there were none sick. Of course there were none sick, but the scriptures teach there wasn't even a weak person in a congregation of three million. That's what the Bible says.

Say this, the Bible wins. Oh yeah. There wasn't one feeble out of the whole city of Orlando.

There wasn't a weak 95 year old. There wasn't a weak 100 year old. Because when you eat this meal, you don't only get healed, you step into divine health.

This meal carries the very presence of the Holy Spirit. You honor the blood. You are asking for the Holy Spirit to fall.

They bear witness with each other and the Bible teaches that the life of the flesh is in the blood. I'm here to tell you tonight. You're about to examine yourself because the Bible says to do so.

If there's sin, confess it, bring it into the light. But I'm here to tell you the moment you receive these elements, every chain is coming off. Four of you believe it.

Every chain, every chain, every chain is coming off tonight. Pain is leaving your body. Confusion is leaving your mind.

Brokenness is leaving your heart. Arthritis is leaving you. Say Amen.

None feeble among them. Court, would you take your instrument, please? Lift your hands to heaven, all of you. Father, you said through your Holy Son, take, eat, this is my body which is broken for you.

Take and eat it. This is my body which is broken for you. Drink, this is my blood that is shed for the remission of sins.

Lord, your word says that we should examine ourselves. And so we do tonight, Jesus. And we ask you to forgive us.

Forgive us of pride. Forgive us of our words that don't please you. Come on, church.

Forgive us of internal motives that aren't pleasing. Forgive us for our sins we don't know about. Forgive us for fear.

Forgive our fear. You told us to fear not. It is sinful.

It's not you. Forgive division. Forgive gossip.

Forgive us, Father. Cleanse our souls tonight. We realize, Lord, that we are but dust and you know it.

The Bible says you knoweth our frame. So have mercy tonight and cleanse us. Now precious Holy Spirit, thank you for the body and blood of the Lord Jesus.

Would you take out the bread, please? Hallelujah. Oh, hallelujah. Just begin to worship him right now.

Just begin to worship him out loud with your mouth. Hallelujah. Thank you, Jesus.

Thank you for your body. Thank you, Jesus, for your body that was whipped, for your body that was tortured. Jesus, for your body that was slapped, your precious face, your beard pulled from your side.

Your word says you can count all your bones in Psalm 22. Thank you, Jesus. Thank you, Lord, for the holes in your hands.

Do I have any thankful people here tonight? Thank you. Come on, come on. Behold the Lamb right now.

Thank you for the holes in your hands and the holes in your feet and the hole in your side. Thank you for the crown of thorns that they placed upon you and beat into your skull. Thank you for every drop of blood.

Thank you, Jesus. Thank you for carrying that heavy rugged cross on your back that had no skin on it. Thank you, Jesus, for offering your body on the cross, for offering your body in the grave.

You trusted your Father, declaring that the Holy One would not see corruption. Thank you for surrendering your precious body. You said that you, the Son of Man, are the bread of heaven that comes down.

You are the bread of life. And so tonight, Jesus, we lift. Come on, lift the bread.

We lift this precious bread, your body, that is our strength and our nourishment. And Father, I thank you that the moment, the moment, the moment we receive the body, that the power of the Holy Ghost would flow through every single body here. That while this bread is one and broken, we were broken and you've made us one.

Heal every person listening to me right now, either in the room. Heal every person watching in Jesus' name. Heal every man, woman, and child, every person in the prisons, every person in the hospitals.

Heal them in Jesus' name. Now, precious Lord, thank you. Thank you for your body that we receive by faith, the holy, healing body of the Son of God.

Receive it in faith, friends. Hallelujah, hallelujah. Lift the cup, please.

Oh, Jesus said, this is the cup of the new covenant in my blood. The power of the covenant rests in the cup of his blood. The power to heal, the power to forgive, the power to surround.

Father, in Jesus' name, I plead the blood over every person right now. Come on, receive what I'm praying. I plead the blood over every mind.

I plead the blood over every thought. I plead the blood over your children. I plead the blood over your homes.

I plead the blood over your businesses and your churches and your ministries, over the peace of your life. I plead the blood over you. The devil will not have you.

Sin shall not have dominion over you. You will reign in life because of the blood. I plead the blood.

We overcome tonight. We overcome him, the enemy, tonight by the blood of the Lamb and the word of our testimony. And this is the testimony we declare tonight, that the blood has overcome and that the blood is the cup of our covenant and that the blood has set us free and that the blood protects and heals.

In Jesus' holy name, thank you for the blood that dripped out of every wound, the wound on your brow, the wounds on your face, the wounds out of your pores, Lord, just the blood in your pores, the wounds in your hands and feet and side. We honor the blood tonight and thank you for the holy blood of Jesus Christ. Thank you for every promise of the covenant being unlocked in this cup in Jesus' name.

Amen. Oh, hallelujah. Thank you.

Oh, just lift your hands and begin to thank Him. Just begin to thank Him. Every eye closed.

Every hand lifted. Just begin to thank Him out loud. Thank you for the blood.

Thank you for your body. Thank you for the cup of the new covenant. Oh, here's the presence of the Lord.

If you're in pain and you need a healing, you step out of it right now in Jesus' name. Come out of that sickness right now in Jesus' name. Come out of that sickness right now in the name of Jesus.

If you need a healing, I want you to wave both hands over your head right now. If that person's next to you, I want you to get your hand on their shoulder right now. Right now.

Don't start praying until I tell you. Everybody get in on this. Come on.

This is the precious flow of the Holy Ghost. Just get a hand on their shoulder if they need a healing. Right now, listen.

Don't start praying. I don't want you to have a conversation. I don't even want you to get the history.

I just want you to get the name of the issue they have. And I want... Oh, my gosh, I feel the power of God flowing tonight. And I want you to rebuke it.

As you say, tell it to go in Jesus' name right now. Get it from them and tell it to go right now. Rebuke the pain.

Rebuke the condition. Rebuke the fear. Rebuke the depression.

Rebuke the anxiety. You and your homes do the same thing. Tell it to go.

Doesn't take long. The prayer of faith saves the sick. In the mighty name of Jesus Christ of Nazareth, the name above every name, every sickness must bow to that name right now.

Leave, leave, leave right now. Every spirit of infirmity, go in Jesus' name. Go right now.

Every affliction, every condition, every generational condition, bow your knee right now. Leave. Leave.

Every fallen mind, receive the mind of Christ. I rebuke the spirit of fear. Fear leaves now because of the perfect love of God.

The perfect love of God casts out all fear. Hatred that has broken your heart, let it go in Jesus' name. Let it go in Jesus' name.

If you feel the power of God on you receiving prayer, you start moving your body. Don't check for your sickness. Check for your healing.

Get up and start doing something you couldn't do. It might be your mind. Maybe you've been oppressed on your mind.

You felt like a heaviness in a dark cloud. In fact, I feel this very strongly. Come on, stay with me here.

I feel this very strongly. I need more juice on courts instrument. Right now, in Jesus' name, be free.

You feel a lightness come to you. That heaviness goes. Your thoughts come back to you.

In the name of Jesus. In the name of Jesus. There's a lady here who walked in with severe stomach pain.

Be free right now in Jesus' name. You're actually on this side. On this side.

This section. Be free in the name of Jesus. Hallelujah.

The moment you feel a difference, the moment you feel a difference in your mind, in your broken heart, or in your body, I want you to begin waving your hand at me right now. Yes. Oh my.

Oh my. Thank you Jesus. Father, I'm going to pray one more time.

In Jesus' name. The blood sets you free. The body and blood of Jesus sets you free tonight.

Be whole. No more. Sleepless nights.

Sleepless nights. Torment in the night. Darkness in the night.

Demonic power in the night. Leave now in Jesus' name. Leave.

Free. Ears open. In the name of Jesus.

An ear infection. An ear infection. Go in Jesus' name.

Church, I'm telling you receive and pray. Receive and pray. Glaucoma.

Leave now in the name of the Lord. Vision clear up. In the name of the Lord.

I'm telling you there's a wave. There is a wave of Holy Ghost power flowing through this room. You in your homes, put your hand on that part of your body right now.

If you're watching it with someone else, ask them to pray and agree with you. In Jesus' name, Father I ask that the power of the Holy Ghost would flow through these cameras, through these iPhones that people are watching on, through computer screens and televisions. Fill the homes with the healing power of the Lord Jesus Christ.

Hallelujah. You healed as many as came to you. As many as touched you were made whole.

You feel that difference in your mind, in your body. The symptoms have gone. You feel a difference and you just know it like the woman with the issue of blood.

I want you to wave both hands again. Oh, there's so many. So many.

Ryan, come on, let's go. Let's go, let's go, let's go. Let's go.

Just turn the instruments down a minute. Ryan, be led of the Spirit. You gotta be led of the Spirit.

What happened to you, sir? I've had two elbow surgeries. One 10 years ago and the last one was in the beginning of June. Hold on one second.

Oh, I feel the power of God. So strong, like a wave. Jimmy and Mackenzie, come here.

Don't worry, sir. You're gonna get to share that testimony, I promise you. There's something.

Just pray in the Holy Ghost. Everyone, just pray in the Holy Ghost. Jesse, John, come here.

Hallelujah. Aaron, get up behind them. Stand right there.

Stand right there. Stand right there, both of you. Stand right there.

The minute that guy... Face me, face me. The minute that man started sharing his testimony, you guys are gonna pray for the sick and watch them recover. Give me... Jesus' name.

Let the fire of the Holy Ghost flow through them. Use them. Use them.

Sorry, sir. Go ahead. Go ahead.

I've had two elbow surgeries. One in 2006. Where are you from? Charleston, South Carolina.

Do you live there still? No. You moved here? No, we're celebrating my daughter's 21st birthday here this weekend. You drove down to be here? Yes.

Gosh. Part of our experience here was to be here Sunday. So humbling.

What happened tonight? I had elbow surgery. I went through eight weeks in a sling and then six more weeks in rehab and the pain didn't go away. It was just the same before the surgery as after the surgery.

And I've been asking God, I just was like, is this supposed to be right? Is this how it is? Does it require three or four more weeks of me having... What happened tonight? It's gone. When? But when? At what point tonight? About three or four minutes after communion. Right after communion.

There was a hand that was laid on my shoulder and immediately... All the pain's gone? I could not move my arm past there without any pain. You couldn't do it? No. I feel nothing.

And when was the last... How long have you had that issue? I've had it for two years. Two years. Did you feel anything come on you when the pain left? Like heat or power, like electricity? It was... I felt that before, but this was different.

It was just like I was putting on my favorite T-shirt, a long-sleeved T-shirt, and it just kind of... I know that feeling. Yeah. And that's it, man.

God is good. Brian. You know, listen, listen, listen.

When the Lord comes like this, it's time to enjoy Him. It's the best wine for last. The best wine for last.

This is when most people leave and miss their moment. See, everybody wants to heal the sick, but they don't want to sit through healing meetings. Because you don't teach this, you catch this.

You catch this. Jesus never taught one sermon on how to heal. Though it's okay, we should.

He didn't have to because He is healing. So you just need to get around the healer. And He's come tonight to heal His people.

Don't you love it? So smile real big. You're in the presence of the most loving healer. Where are you at, Brian? There you are.

What happened? Hi. I'm the woman with the severe stomach pain. Where are you from? Winter Springs.

Winter Springs. Uh-huh. What happened? Well, I've been dealing with severe stomach pain for about three weeks now.

And... Did you walk in with it? Well, basically what happened was around... Well, I was having a walk with my husband this afternoon, and I was talking to him about it more, and I said, I'm just believing God for a miracle. And when I got home around 2 o'clock, I felt a little bit of a shift. But I've been... I've had some anxiety that, oh, well, that was just whatever.

Uh-huh. After during communion and praying, I just felt a sense of peace knowing that He has healed me. Did you... And I feel no pain now, and I have not... Did you have pain tonight in the meeting? I did, meaning I've had some... where I felt such a bloating that I felt pregnant for weeks.

And did that leave during communion? That's gone now. I mean, like, I can sink my stomach in. Choose wisely, Ryan.

It's like an eerie movie, isn't it? Who else? Who else? Lift your hands. So many hands went up. Who in this section? Anybody in this section? Lift your hands if the Lord hears you.

Yeah, one right there, Ryan. Go right there. Yeah.

Oh, thank you, Jesus. You know, and listen carefully. Listen carefully.

If you didn't get your breakthrough yet, celebrate theirs. And God will sneak up on you. What's your name? I'm Sierra.

Sierra, where are you from? Well, here. Here. What happened tonight? So, today, actually, before coming, got my kind of personal, very personal.

I got my, as I was getting ready, I got my period and had to change and everything. It was just a mess, you know? And I, coming in and everything, I was having very bad cramps and stuff. And even during worship, I had to sit down.

And it was just like, felt like I was just getting punched, you know, down there and stuff. And I just couldn't, like, stand, you know? And when you were saying about, like, healing and stuff down there and, like, stomach issues and, like, just the communion, I just felt peace down there. And with my mind, too, it made the demonic thoughts in me.

You felt the Lord heal you here and on your mind? Yeah. Thank you, Jesus. Were you in pain earlier? You were in pain during worship.

I was. I told my friend right behind me, I was like, girl, I was like, my stomach's killing me. And how about now? Now I feel fine.

I feel fine. Wow. Come over here, Ryan.

Come over here. Oh, thank you, Lord. I want to take a few more.

I know we've gone a little over, but there's no such thing as over in heaven, no such thing as over in the spirit, no such thing as any of that. Raise your hand. Raise your hand.

Right here. Right here, Ryan. I've been struggling with anxiety and depression really bad.

What's your name? Tanya. Where are you from? I'm from here. I'm from West Virginia, but we moved six months ago down here.

Okay. What happened tonight? I've been really in a dark place, and I've just been angry, and all I feel is just darkness on me. My husband and I came up front to the altar call, and it started lifting then, and I finally feel like clarity.

The past two weeks, I've thought more about committing suicide than I ever have before. What happened tonight? It's just I feel free. I feel light now.

I just felt it come over top of me. Thank you, Lord. Thank you, Tanya.

Thank you, Lord. Lift your hand. Lift your hand.

There were a couple more down here. There were a couple more. Lift your hand if the Lord touched you.

Right here, Jordan. Jordan, what happened, Jordan? Thank you, Jesus. What happened, bro? Yes, so over the last how long, babe? Over the last two days, Kelsey and I have both had, like, a really bad stomach infection or something like that.

And I haven't had it for the last two days, but Kelsey had it really bad. And today around lunchtime, it got so bad that I was laid on the bed before coming here, and I said to Kelsey, I'm not sure if I'm going to go tonight. And even in worship, it was so bad, I sat down.

I was holding my stomach, and it has been bad until you said, if you haven't received your healing yet, stand, and just prayed for us both. And I don't feel any pain anymore in my stomach. Thank you, God.

Thank you, God. Thank you, Lord. I love it when preachers get touched by the Lord.

I had that same thing last night. It kept me up all night. Yeah.

Ryan, anybody back there? Raise your hand. Yeah, yeah, right there, right there, right there. In the bleachers, yeah.

Don't you love it? Don't you love Jesus? What's your name? I'm Olivia. Olivia, where are you from? I'm from Winter Springs. Wow.

Okay. Go ahead. What happened tonight? So my husband and I went hiking in Georgia two weeks ago.

I'm jealous, but I'll get healed of that later. And I am, like, really clumsy. I actually, like, twisted my ankle twice.

You must have. My wife's anointing. She does that.

Go ahead. Sorry. I thought I broke my ankle, and, like, I fell down, and he was, like, praying for me.

And, you know, I was able to finish the hike with no pain. Like, I really believe the Lord healed me just to get down the mountain. And for the last two weeks, it's just been hurting really bad.

Like, I can't walk normally. And, like, I can't even, like, dance and worship. Like, I can't do any of that.

And when we started praying after communion, like, my ankle, like, just feels completely healed. Wow. Test it out.

Test it out. No more pain? No more pain. And, oh, look at that.

Look at that. Look at that. Come on.

Oh, thank you, Jesus. I said, thank you, Jesus. Thank you, Jesus.

Thank you, Lord. Oh, there's something beautiful about Jesus, isn't there? Look, I know we didn't get to a lot of you, but this is what I'm going to ask you to do. Carla, what can they email? Info at [JesusImage.tv](mailto:info@JesusImage.tv). We want to keep a library of healings to glorify the Lord for the next generation so that our children's children will go back and read, oh, this is what happened when those Jesus people started that wild church.

We have stepped into something we need to steward. If we screw it up, they'll come back from heaven and torment us. That's how I want the next generation to live.

I also want the devil to remember that Christ is overcome. So I want you to send your testimonies in, and I want our team tonight, Yohan, I want you to get the people who were healed, everyone, and I want them to share a quick testimony tonight. Can you do that for me? If you've been healed tonight, do not leave.

You're going to line up right here, right by this post right here. Yohan, stand up, buddy. You're going to line up right there in this aisle next to Yohan, and I want you to share your testimonies on camera if you don't

mind, and I want to save that for our children.

Amen? Come on, let's all stand. Let's all stand. Thank you, Jesus.

Hallelujah. Oh, come on, what a night. Give the Lord praise.

Father, come on, lift your hands. Father, I bless your people in the name of Jesus. May they leave clothed in your glory, in love with you, knowing you, shining like you, loving people like you love them.

May they leave filled with the Holy Ghost. May your face shine upon them. And may the name of Jesus clothe you, the name above every name, in Jesus' name.

Amen.
