Hi, welcome to you all. We'd like to greet a group of Christians who are coming to visit us from Chamarel. Where are you? Please stand up.

May the Lord bless you. Welcome among us. We'd like to welcome all of you who are listening to us on the radio or following the meeting live on the internet.

We welcome you and we are very happy to have you with us. And it's a joy for us. So many countries involve Singapore, Sweden, France, Mauritius, England, Ukraine, USA, UK, Singapore.

So many countries. We want to welcome all of you from everywhere in the world that are watching us today. We welcome you.

May the Lord bless you. I've got a special announcement from all the Elders. There will be a special program next year.

Mainly for the young people. There will be a special program for them. There will be a biblical school, etc.

Spending time with the Elders, etc. This has been a great success. About 90% of the young people who took part in that program are serving the Lord today, somewhere in the world.

90%! So it's very clear that it was not in vain. We want to do that again. But on six months.

From February 2013, we will give you the exact dates. And I think that in 2007, there were many young people who sacrificed their time. Even those who could have a job.

They came. It was a great sacrifice for them. But they understood the plan of God for their lives.

And they didn't hesitate to put everything aside. And come. To spend that year 2007.

To build strength in the vision of the Lord for their lives. Therefore for young people here. Make that a real priority.

You are young. You have a desire to serve the Lord. It might be a great sacrifice for you.

And yet if you know in your heart that this is what the place of the Lord wants for you. Even if that means to stop working for a time. Nobody will force you to do that.

If this is a desire you have in your heart. Really do not hesitate. We want to encourage you to put the plan of God first in your life.

We will give you every detail in the weeks to come. But we ask all young people. To please take note of that.

To prepare yourself. To organize yourself. For February 2013.

For about 6 months continually. I can promise you that you will not regret it. If you feel the call of God in your life.

It will be the most important thing for you. Get in touch with the elders. Share your heart.

And be open to the Lord for what will follow. This is a very important time. We were in Zimbabwe.

When I asked some of the young people to stand up. All those who were involved in that program. And they were still serving the Lord.

25 of them stood up. Who are really busy serving the Lord. They are involved in the program of the church.

Their heart is fully in the program of the church. They are available. And they are a great help and a great blessing.

And support for the church. This is a special program for you next year. For 6 months of the year.

If I were you, I would just dive in it. If you have a desire to serve the Lord. I leave it to you.

Let's open our Bible to the book of Luke chapter 1. We will read from verse 26. I really believe that the Lord wants to build our faith. For many of us it will be a rebuilding.

To bring back our faith. The way it was. In the past.

For some of you. It will be a revival of your faith. I really believe that God.

Wants to build again something in our hearts. To build a platform for all that is ahead of us. Often we can get into a system.

Into a mold. Accept things the way they come. Without realizing.

That we can lose some precious things. That God has given us. The worst part is that at one point.

It becomes natural and normal. The first thing I pray that the Lord will revive in us. Is our faith.

It's not something manufactured. Not something that's been made up. Not something we want to impose on ourselves.

For us to become. But that the Spirit of God will seize our heart. And give us a desire.

To walk in a new living faith. Every day of our lives. That there would be an expectation in our hearts.

For God to be able to do what he wants. And that his will might be done in our lives. And that somewhere.

There would be a mold in our life. And we stop accepting that being molded by something. But that something alive would be awakened in us.

That there would be a resurrection of a living faith in our hearts. A rebuilding. And that somewhere we would become men and women of faith.

It doesn't mean that we do not have faith at all for the time being. But I hope that you understand what I'm trying to pass to you. A renewing of our faith.

A simple faith. A dependency on God. A dependency and an expectation.

A dependency and at the same time a true faith. Are you encouraged or not? I don't really know what's happening there. To become men and women of faith.

To be expecting something from God every day. To want to see God at work every day. To come out of the natural realm.

And come in the things of the spirit in the everyday life. Does that mean something to you guys? Or you just want to just carry on living. You know, in Mauritius, everywhere, the wind blows from the South-East, from the North-East, from the North.

It changes. So we shouldn't let it become the same. We shouldn't let it become the same.

That is to say, on Monday we are not pushed. We live by uncertainty. We live by unbelief.

Tuesday a little bit of faith comes back. On Wednesday we are totally discouraged. Thursday is total doubt.

On Friday we've been to a meeting and there's little faith that's starting again in our hearts. Saturday is gone. And Sunday morning we just awaken.

Do you want to carry on living that way? Isn't it a bit like this? Looking at it, it seems to me that it's a bit like this a bit of your life. I might be wrong. Looking at it, it appears to me that it might be the case.

How do you want to live your life? How do you want to live? Let me tell you, with the things that are ahead of us, if we don't walk by faith, we're cooked. We will be crushed by all kinds of things. Maybe we'll get to that verse one day.

Now in the sixth month, the angel Gabriel was sent by God to a city of Galilee named Nazareth. To a virgin betrothed to a man whose name was Joseph of the house of David. The virgin's name was Mary.

And having come in, the angel said to her, Rejoice, highly-favored one. The Lord is with you. But she was troubled by this saying and was wondering what manner of greeting that was.

Then the angel said to her, Do not be afraid, Mary, for you have found favor before God. You will conceive in your womb and bring forth a son and shall call his name Jesus. He will be great and will be called the Son of the Highest.

And the Lord God will give him the throne of his father David. He will reign over the house of Jacob forever, and of his kingdom there will be no end. Then Mary said to the angel, How can this be, since I do not know a man? The angel answered, The Holy Spirit will come upon you and the power of the highest will overshadow you.

Therefore also that the only one who is to be born will be called the Son of God. Now indeed Elizabeth, your relative, has also conceived a son in her old age, and this is now the sixth month for her who was called barren. For with God nothing is impossible.

For with God nothing is impossible. Then Mary said, Behold the maidservant of the Lord, let it be to me according to your word, and the angel departed from her. We see two important things in that scripture.

Apart from the normal reaction of a woman who is not married and who has no contact with men, she is only engaged to a man. When the angel came to her to tell her what was going to happen, she could not understand. But when the angel told her, the Holy Spirit will cover you, and the power of the most high will cover you, will overshadow you.

This is why the child that will be born from you will be called the son of God. The angel is telling her that birth will not come out from a result of a human contact, but it will come from God, and the very proof that it is coming from God is that the one who will be born will be the son of the most high. And the last thing the angel tells her, nothing is impossible to God.

Tell your neighbor, nothing is impossible to God. Nothing is impossible to God. This is why Mary said, let it be to me according to your word.

Brothers and sisters, many of us today were there in the 70s and 80s, where there were miraculous interventions of God in all aspects of human life, divine manifestations of all kinds, all kinds of divine manifestations, miracles in lives unbelievable, healings that you would hardly believe would be possible, miracles that the man's intelligence cannot even understand. Reconstruction of organs in the bodies of men and women, reconstruction of bodies, hundreds of men and women paralyzed walking, there was no limit there was no limit as a result there was a great faith in the people of God who were seeing and experiencing the power of God. And that sentence, nothing is impossible to God, was something real for those who were living in those days.

There was no limit. Of course God is able, but he was doing incredible things. Change of hearts, incredible miracles in the bodies, there was no limit.

And the church was living the reality of what the angel told Mary. It was not a big deal for a woman who was barren to believe it was possible to conceive. And that sentence, that nothing is impossible to God, was a reality in the church.

Doubt and belief, negativism, was not to be found. There was an expectation. There was an expectation.

Where we gathered, there was expectation. There were so many people who got born again. But true conversions, I'm not sure, maybe, I believe, but radical conversions, where that decision, that was it.

It was a time where God was moving in a special way. And there are many of us who are here today, who lived, who experienced, who were there at those incredible times. We had a faith in our hearts that would go anywhere to know what is God going to do this time.

It was a reaction, it was a thought, that was alive, that was good in our hearts. There was boldness. Can you understand if God's people had that same expectation today? That very same faith today? Not just that unbelief, that doubt, and that casual attitude.

Maybe God would do something if I even think about it. Those were words, those were sentences that didn't exist. We went to see.

It was like going out of your house, it was like getting out of your house and going to a movie to see a film. It was not to go and sit in a chair and see a black screen for one hour and a half and then go home. When you go to the movies, you see a film.

And when we're going to a meeting, we are expecting to see something. That was the case that was animated in the heart of the Church. It's true that it's a move of God, but what I desire in my heart is somewhere for God to build in us that attitude of faith in that God would build in us not a manufacture, not a language, but something alive in us and true and real.

And that this very sentence that nothing is impossible and that this sentence that nothing is impossible to God might become part of our lives, part of our belief, part of our everyday life. For what God will be doing ahead of us, for what he wants to do in the midst of us each time we meet, a building up of our faith, a resurrection in something that is asleep, that is slumbering. Nothing is impossible to God.

We were in a meeting lately and a brother was telling us how he was in a meeting and his whole body was not functioning with arthritis and all that kind of things. And he was just totally bound. And during that meeting a miracle happened.

A miracle happened. As he was right there, not only he saw what was happening, he heard the members of his own body coming back together and moving back into place. He said as he got home he was so much full of fear that he couldn't even sleep.

Can you understand? Do you understand? Have we got people here today? Not only see something happening but even hear the bones moving into place. Miracle, instantaneous healing. Miracle, instantaneous healing.

Blocked all his members of his body just like you heard. Nothing is impossible to God. I think we should say to our neighbor.

Nothing is impossible with God. Nothing is impossible with God. And that God would be in our backness and quicken in us, in our hearts a faith simple that we carry wherever we go in our everyday life.

Faith for everything. For our spiritual life. Before entering into the heart of the subject let's see firstly what are the elements that God would like to see in us.

The first thing I want to tell you is that the grace of God is above all incredulity, doubt or negativity. Let me tell you something that the grace of God is above every unbelief, every doubt and anything that is negative. In other words, somebody can believe nothing and yet by his grace God does a miracle for him.

He doesn't need anything. This is something we must catch. That the grace of God is above everything.

Somebody might be here today and believe in absolutely nothing and yet wherever he is the Lord can catch him and make him taste of his love and his grace right where he is. Maybe God might be doing that only thing in his life for him to catch a faith so he will believe and serve the Lord. No? And even if a Christian believes in Jesus and resists him even though it's not the state in which we want to see the Christians but just for you to understand the greatness of God's grace In other words, God could heal a rebellious Christian to seize him seize his heart and bring him to serve him the next day.

Do we agree with that? Yes, we can. Maybe there is a rebellious person among us who lives in sin and his life is not in order. But God is calling him and God is calling him and if God decides today to do a miracle in his life he might have an organ missing and he needs a miracle in his body and that the Lord might do that miracle for him today and grab his heart and set him free from his sin and set him free to receive and set him free to serve him.

God can or cannot? God can or cannot? God can. God is not limited by law, by techniques, by principle and by nothing. Oh, if I could speak to you about the law this morning again.

Wherever I go, I want to speak about law. But I can't this morning. But I would love to speak to you about law again.

Law that defines us. I hate it. As Christians, God is looking for a pure heart.

God is looking for a pure heart. This is the platform that we are setting to open the door for a miracle from God. Do we agree on that one? A pure heart.

Is a right platform. Now if you add faith to that, dynamite. Platform is to have a pure heart all the time.

Add faith to it. Add faith to it. It explodes.

Explodes. Whatever that means. I have seen.

I know. Christians who live with unforgiveness. Bitterness against someone.

And the minute they forgive and they release it from their hearts, they get their healing. They receive their healing. This is why the platform is a pure heart.

And now if you are a Christian and you are still bound pornography, immorality, robbing, you know what I am talking about. You are still bound in your heart. You desire to be free.

In your heart you desire to be free. You want to be free. Nothing is impossible to God.

Nothing is impossible to God. For true freedom. In your sincerity you are still bound.

That screen you can't do without it. You press buttons to see what you are not supposed to see. Nothing is impossible to God if in your heart you are sincere and you desire to be free.

Nothing is impossible to God. Nothing is impossible to God. Nothing is impossible to God to do a miracle in your life.

We can look at three aspects of our life today. Three aspects of our lives which we live every day. The spiritual aspect of our life to begin with.

We have started to work in our lives and we can complete that work in our lives. Often it stops somewhere. We doubt what God can do in our own life.

In the life of my husband, my wife, my kids, my brothers and sisters. Your children are not serving the Lord today. What faith do we have for them? Looking at them, not much hope.

But nothing is impossible to God. When we struggle at looking at the state of our husband or our wife, how far our kids are scattered everywhere, wasting their lives. Nothing is impossible to God.

Nothing. We can struggle in our thoughts, we can struggle with our eyes, with all the things we hear and we see. But my brothers and sisters, a little bit of faith, a little bit of faith brings us to understand and believe that nothing is impossible to God.

That child that's living not right and for whom I pray and that I know something God wants to do in his life. Nothing is impossible to God. It's in that revival of our faith that I pray that God will bring us.

We can lose the vision, we can lose our faith, we can lose our peace, we can be slowed down for the work of God for somewhere there are some things that are impossible to God. Somewhere in our heads we believe that some things are not possible to God. And yet, nothing is impossible to God.

That conversion of Paul for me is incredible. It's from darkness to light. It's a hard heart, it's a heart that is full of bitterness, bitterness of nature to a heart that's tender, soft and loves God.

In a moment of a time God works in the secret of hearts. God made a way for Paul to be there when Stephen was stoned. God was preparing.

He was busy preparing. Until the day he saw that bright light on the road to Damascus. When he heard the voice he had already understood that it was Jesus.

There is a whole work that God is busy doing in the hearts. Where is our faith? Who would have believed that Paul would have been saved? A cross on his life. And yet, nothing is impossible with God.

We can struggle in the spiritual aspect of our lives. We can see somebody struggling. We can see a brother and a sister struggling.

Nothing is impossible with God. And let me say to you, brother and sister, faith works much better and much more efficient than us when we try to do something. Faith is much more efficient when we get out of the way and we allow God to do.

And in our hearts it's written nothing is impossible to God. Nothing is impossible to God. For my brother, for my sister, for my wife, for my husband, for my child, for anyone, nothing is impossible to God.

It's our faith, our lack of faith, our unbelief mixed with our law. You know that law kills faith? Law kills faith? It kills it. It removes that dependency on God.

And when law replaces faith, it's a disaster. A disaster. It's better to have faith like a mustard seed than have faith.

Rather to have a little seed of faith, a little bit, it's better than everything we are, all the law we bring with us and everything else. Nothing is impossible to God. Nothing.

Can God find a job for us? You have lost your job? Times are going to become hard. Times is going to become harder and harder. It's not a prophecy.

But unemployment will increase somewhere. Times will become hard. Can we come at the same level as everybody else? It's not luck that will cause us to keep our job.

It's not luck that will cause us to find our job again in hard times. No. It's not our friendship with a brother that will provide for our needs.

It's our faith. That simple faith where we expect from God. Where we come because we know something is going to happen.

I'm going to sleep knowing that God will know what I need and give me what I need. We will need it. Tomorrow we will need that.

It will be no longer by luck or by coincidence. It will be a walk of faith, an expectancy, a conviction that something will happen. I come the way it is.

My heart is open. I'm going to receive something. Do you agree? What is too hard for God? What are the sicknesses that we suffer from that are too big for God? Let me say something to you this morning, brothers and sisters.

Very simple things but true. Many of us many of us we hardly believe anymore. We have given up and we don't believe in miracles anymore.

We have given up on believing in God's intervention in our life. I pray that God will awaken us and build a faith again in us. You have drunk too much and your liver is in a bad shape.

What's the big deal for God to give you a new liver? You've got an ear that doesn't hear anymore. Is that too much for God to open that ear and cause you to hear again? You've got a lump in something. Is it too big for God to remove that lump? Or not? Is that too much for God? Is it too hard for God? You've got a chronic disease in you.

Is it too hard for God to touch you and set you free? You've got organs that are damaged. Is it too big for the Lord to restore it, to heal it, to do a miracle in that area of your life? It's too silent here. You've had a backache for years.

And that requires an operation. Is it too big for God to heal you? You've got diabetes. Is it too big for God to heal you? I'm speaking to hundreds of people.

Hundreds of people right now. What is too big for God? What is too hard for the Lord? You have inherited from an hereditary disease. Is that too hard for God to set you free and heal you from that and do a miracle for you? Do you suffer from things that happen currently in your body and you don't manage to get healed from that? Is it too hard for the Lord to set us free from that? Is that too hard for God to set us free from that, too big? Gabriel said to Mary, nothing is impossible with God.

Let it be done to me according to your word. Settles it. I believe that God was to awaken something in us.

I think that God was to quicken our faith that in our hearts we expect. We have an expectation of a miracle. Natural or divine? Why do we want to choose? It's good to have a natural.

We are not against it. No. But what's the best? What's better? The natural.

When the natural doesn't work anymore, it's only the divine and the miraculous that can. Do we agree? Is cancer too big for God? Is AIDS too big for God? What is too big for God? What is impossible to God? Nothing. My brothers and sisters, nothing.

If only our hearts could be awakened a little bit in faith, it would change our lives. If there is one part of our lives that needs to change to cause us to stand firm in the future as from now, it's our faith. Each of us is going to live in different situations.

We are going to face different situations of our life. And a miracle is within our reach. A healing is within our reach.

We are children of God. We are children of God. And nothing is too big for our God.

We must be stopped by nothing. We should not allow ourselves to be moved by any situation. And God wants to prepare our hearts for everything that we are going to face ahead of us, down the road.

Nothing is impossible to God. Brothers and sisters, nothing is impossible with God, with the God that we serve. This is the God we serve.

And I pray that God will awaken our faith somewhere which would be always expected. I'm going for that. I'm waking up for a miracle.

I'm waking up for an intervention of God in my life. I'm waking up for a provision of God in my life. My work doesn't work.

It's not going well. I'm waking up for a new day with Jesus, for His intervention. It's too easy to let ourselves go and stay in a mold.

God is able. My God is able. Your God is able.

We have the same God. He is able. He is able to heal us, to give us work, to provide our needs, to heal us, to touch the heart of someone, to touch the heart of my husband.

It's rebellious for the Lord to touch him to stay in that state of faith. Do you agree with us? With me? Something needs to happen. Something needs to happen in us.

Let's stand. The power of God to touch us, change our hearts. What is it for God? To provide for our needs, to touch the heart of an individual to bless us, to meet our needs.

You know, we want to bring about lots of principles, of theories, of techniques, conditions. It's true we cannot take our life lightly, but faith in our hearts triggers many things, triggers many things. And I pray that we may each of us not to be sleeping, but to be awakened in our faith.

We can choose to live in the natural or to live with God who knows how to take care of us. He has not changed. The same God of the year 70 is the same God today.

The same God who opened the Red Sea is the same God today. The same God who did miracles is the same Jesus who did miracles is the same today. The same Jesus who opened the eyes of the blind man is the same Jesus today.

Nothing is impossible to God. Nothing is too great or too wonderful for the Lord. Is there something that is impossible for God? The disciples were amazed that Jesus would rise up in the boat and threaten the wind and the sea.

And immediately it became calm. They were amazed. The same God that we serve today the same faith that there was in the heart of that woman who for years had a flow of blood the same faith that was in the heart of that woman to come near to Jesus and know in her heart that she only needed to touch the hem of his garment to be healed.

The same faith that wants to be in our lives today and tomorrow and for what is coming. The same faith the same faith that saw Jesus passing by and heard him say, Lord, if you want it you can! You can! There is no chance that the disciples can bring back the fish where they cast the nets. No chance! Where the disciples were throwing their nets there was no fish there.

We must not even ask ourselves where will the fish come from? There was no chance! They just threw the nets. How come the fish come to Jerusalem? We don't know. God only knows how the fish just happened there, to be there then.

And yet there was nothing! One minute before there was nothing. And the next minute they were there. Nothing is impossible with God.

There is nothing and suddenly there is. Everything is gone and in the next minute everything is back. Your organ must be destroyed.

And suddenly in the next second it's back there. It's a new one. It's new.

It's new. In the next second it's new. Just a matter of a second.

We have thought so much the contrary. So much spoken the contrary. So much accepted the contrary.

It doesn't become chronic. It then becomes chronic. Our attitude becomes chronic.

It's part of us. Nothing is impossible to God. You don't have a job.

You are unemployed. In what you do, your trade, there is no work. God can find a job like this for you.

He creates a job for you. There is no work. There is none.

But God creates a job just for you. Just for you. Nothing is impossible to God with God.

Lastly, in 79, we had just built a home. As soon as the house was finished, the Lord God saved us. And we became a child of God.

In 79, there was no market to sell a house. Nobody was buying houses. I went to see a brother who was an estate agent.

He came to the house. There is no clients for such a house. He said, it's not about your price being too high, but there is no clients.

We wanted to sell the house to serve the Lord and to go in South Africa. One week was too much. That same agent, a Christian, brought a guy to our house who bought our house within a week.

Nothing is impossible with God. There was no clients. I've got nobody to bring to visit your house.

But God finds a client. He finds a fish, he creates him and brings him there. He sends him in the net.

Too much fish, help, help, help, please. Nothing is impossible with God. You might be suffering for 20 years.

Twelve. For 12 years she was suffering. For how long have you been suffering? What is degenerating in you, in me, in us? Nothing is impossible with God.

Nothing. What is falling apart goes the other way up. Nothing.

No child. His heart is so hard. He's insolent, he's rebellious.

He's in the world. Nothing is impossible with God. Nothing.

As from today, we rise up in the morning, we wake up in faith. Do we wake up? Do we agree? We wake up in faith. In faith.

Today. Now. We can rise up in faith and declare that with God nothing is impossible.

Nothing is impossible to my God. Nothing is impossible with our God. Nothing.

Tell your neighbor, nothing. Do you all agree? Who agrees? Who agrees? Who wants to receive something? Who agrees to receive something from the Lord now? Now. And whatever God puts in our hearts today, whatever it is, we are no longer ready to lose that.

We are no longer ready to let the devil steal from us, from the reality that nothing is impossible to our God. Nothing is impossible to our God. Nothing is impossible.

In other words, everything is possible to God. Hallelujah. What is missing in our lives? What is missing in our lives? In our spiritual state? We are discouraged.

I am a slave to that. I love Jesus. But I am a slave.

I can't get rid of that. I can't. Do you think today God can do that for you today? Do you think God can do that for you today? You have been a slave for five years.

That you are a slave. Five years. I come to church.

I am here. I love Jesus. But nothing is happening.

Where is your faith today? Do you have a little bit of faith? You don't need a lot. You just need a seed. A mustard seed.

You are not asking your heart to have chuchuas faith. But a mustard seed. A mustard seed is enough just to harvest the miracles of your life in your body.

In the natural things of your life. That's all. Not great explanations.

Not theories. A little bit of faith. My life I've been desperate.

A little bit of faith this morning. Have you got faith? Have you got faith for something in our life today? Let's move. Let's move.

We don't want to see anybody in adventures. I can do it again and again and again and again. He's the same God today as he always has been yesterday.

Now forever he's always been. There's no reason to die. God can do it again and again and again and again.

He's the same God today as he always has been. Yesterday. Now forever he's always been.

There's no reason to die. God can do it again and again and again and again. We're going to sing.

We're going to praise Jesus at the same time. At the same time. Those who have faith in our heart are living a miracle.

Now. Now. Do you agree? No, no, no, no.

We can do whatever we want. There's faith in our heart. There's something happening in my life now.

There's something happening in my life now. Our God is great. Nothing is impossible for him.

Nothing. Nothing. Nothing.

Nothing. Nothing. Nothing.

Nothing. He's always the same. There's no reason to die.

God can do it again. God can do it again and again and again. He's the same God today as he always has been yesterday.

Now forever he's always the same. There's no reason to die. God can do it again again.

There's no reason to die. There's no reason to die. God can do it again.

I have a question There's another one that goes... It goes, O Lord, you have made heaven and earth. Do you know this one? Nothing is impossible for you. Nothing is impossible for you.

The greatest and most powerful, the most beautiful, the most powerful, nothing, nothing, absolutely nothing, nothing is impossible for you.

O Lord, you have made heaven and earth by your great power Lord, you have made the heavens and the earth your kingdom, your kingdom Nothing is impossible for you Oh, nothing is impossible for you All-powerful and all-powerful Great counsel, great order Nothing, nothing, absolutely nothing Nothing is impossible for you Lord, you have made the heavens and the earth by your great power Lord, you have made the heavens and the earth your kingdom, your kingdom Nothing is impossible for you Nothing is impossible for you All-powerful and all-powerful Great counsel, great order Nothing, nothing, absolutely nothing Nothing is impossible for you Lord, you have made the heavens and the earth by your great power Lord, you have made the heavens and the earth your kingdom Nothing is impossible for you

Say the Lord! Say the Lord! Say the Lord! Say the Lord! Say the Lord! I want to thank you, Lord, for all that you do, Lord, for all that you are doing in our lives. You chose me, Lord.

You chose me to serve you. I want to thank you for everything you've done in my life. You are great, from eternity to eternity.

You are the same. You have not changed. This is why I want to thank you this morning.

Thank you for your life that you have given for each and every one of us. That you were there like a cross for us. You have taken everything, Lord.

I was condemned. I was sick. But you have set me free.

How can I not thank you, Lord? How can I stay insensitive? Lord, you have touched my life. You have touched the life of my family, of my kids, of my husband. I want to thank you.

I come here thanking you. You are great. You are great.

Thank you, Lord. Thank you, Jesus. He is wonderful.

He is wonderful. Words are not enough, Lord, this morning to thank you for your grace in my life, your greatness with yourself in my life. It's true.

As the brother said, we must have faith. You have given me faith. You have built me, Lord.

You have provided for my needs. I couldn't say I was looking for a house. I was confused.

I didn't know where to turn. But you have already prepared my house. And this is what I am staying now.

I want to thank you. I want to thank you. Thank you, Lord.

Thank you, Lord. I was in sin, Lord. Just remove me in sin.

I was far from you. You removed sin from me. You removed all condemnation from my heart.

Thank you, Brother Mickey. All the faith has come back to my heart where I was lost in that world. I didn't know where I was.

You removed me, Lord. Forgive me, Ruben, Steve, Jean-Claude. I have sinned against you.

I have lacked respect. The Lord is taking it away. I want to thank you, Lord, every day of my life.

I cry to you, Lord. Thank you, Lord. Thank you, Lord.

Let's thank the Lord. Let's thank the Lord. Praise the Lord.

How much He loves us. He touches our eyes. It's so good to know that the enemy is overcome.

That Jesus overcame everything on that cross. I think in our hearts we carry that faith every day of our lives. We thank Him this morning.

Amen. Try to find your place again
