## Transcript

Our God is an awesome, God He reigns. Our God is an awesome. He's my soul, my Savior.

Oh, my... ..stars are actually galaxies. Galaxies are at least a hundred billion stars. That's a lot.

But that's just a small, small part of that. Who our God is, how great our God is. The answer is to restore to us the awe and the wonder of the greatness of our God.

The God of creation. They haven't lost Him in heaven. They're worshipping the God of creation now.

But I think supremely, they do worship the God of... ..redemption. Did you see? The one through whom all things were created is the one who came to earth and hung the cross and died. He died. That you and I might be here tonight.

I think the loudest hallelujahs, the greatest crescendos of adoration, praise, and worship... ..are reserved for the God of redemption. Because you see in heaven right now, there is a man... ..with the scars of his hands, his feet, his side, and his back. They're worshipping the man whom we worship.

And when I reach my soul, my soul, I say... ..the Son of the Lord... ..and the angel said to me... ..the Lord, the God of the spirits, and the prophet said to his angel to show his servants... ..the things that must soon take place. Then these words that have echoed out over the... ..and this conference of revival... ..here and... ..coming soon. I am the Alpha and the Omega.

I am the years that come. Whoever is thirsty, let it come. And whoever wishes, let it take the pre-gift of modern life.

And he... I will reach my soul, my soul, I will reach my soul, my soul, I will reach my soul, my soul.
