## Transcript

When our exterior is getting more and more comfortable, when our flesh is getting more and more rich, when our substance is getting more and more enjoyable, our spirit is getting more and more lonely, when our inner self is getting more and more difficult to get through the moment of survival, dear friends, this is life. When I was a child, my mother took care of me, but I was very weak. When I was young, I fell down.

I fell down. I haven't fallen down for decades. Since more than ten years ago, I started to think about going back to God.

What Jesus Christ said to us yesterday, you will suffer in this world, you will be disappointed in this world, you will have tears in this world, you will have sighs in this world, you will have sorrows in this world, you will have unfulfilled wishes in this world, but you can rest assured, because I have survived this world. In the past, I had a lot of problems, but I have overcome them all. This is to make a change in this world.

I believe that in the life of Christ, you can find the true meaning of life. In the life of Christ, you can find the true moral foundation of life. In the treasure of the life of Christ, you can find the meaning of your real life.

Tonight, I will ask you with all my heart, do you know yourself? When I came here, it was about 8 years ago. Since then, my whole life has changed. I know that Jesus Christ is my Savior.

From this day on, I fell in love with Jesus Christ. My whole life is because of Jesus Christ. He loves me.

Seeing such a useless person like me, he also chose me to go back to his people. He helped my whole life because of Jesus Christ. He helped me to know him, so that my life can truly leave sin.

I feel that God really uses his woman, Pastor Tang. Every time when she walks the path, she is very touching. When you hear Pastor Tang speak, you will feel that what he speaks and what he does are all for the glory of God.

Are you willing to say today, God, I'm starting to live. I want to understand. I want to know what Jesus Christ is.

Every time I hear him speak, I have a very deep feeling. So when you encounter some difficulties, or when you serve a low-class person, listen to him. He will inspire you.

He will inspire you to love the Lord more and to serve Him better. I often feel that the most important thing of the ministry is that we encourage all low-class people to participate, to actively participate. And we use the ministry to bring people to the Lord.

Tonight, on behalf of my Lord Jesus Christ, I encourage you, invite you to the Lord. I wish you all the best. I thank you.

We have the opportunity to bring more people to the Lord so that more people can know Jesus Christ. I thank God for using me at this age. Although my knowledge is not high, the grace of God is enough for me.

Whenever I have the opportunity, I want to know Jesus Christ. He is the only Savior.
