## Transcript

Someone is appointed for me to die once. And after that comes my judgment. I have an appointment with death.

It's appointed. Just like Randy Pizzino had an appointment and Paul Brown had an appointment, there's an appointment. You have an appointment with death.

And then, your judgment. Folks, you just ponder that. You lay in bed tonight.

I'm going to die. There's an appointment. What's that like? What's that like? You think about that.

Death. We think about death. We're getting older all the time.

The older you get, the more it stares at you.
