

Stubborn Sheep Under Conviction Bite

by William Henderson

This sermon discusses the challenges of shepherding work, focusing on stubborn sheep who resist conviction by resorting to fault-finding instead of yielding to truth. The speaker highlights a couple they have been working with for two years who have reached a point of resistance to yielding and submitting. It is noted that it is common for sheep to enter a fault-finding mode to justify not moving forward.

Scripture: Proverbs 28:13, James 4:7, Hebrews 13:17, 1 Peter 5:5, Philippians 2:3

Topics: "Resistance to Conviction", "The Role of a Shepherd"

Description

This sermon discusses the challenges of shepherding work, focusing on stubborn sheep who resist conviction by resorting to fault-finding instead of yielding to truth. The speaker highlights a couple they have been working with for two years who have reached a point of resistance to yielding and submitting. It is noted that it is common for sheep to enter a fault-finding mode to justify not moving forward.

Transcript

Work a lot of you're involved with shepherding work Stubborn sheep under conviction will bite I'm glad some of you are laughing Rather than yielding to truth some will resort to fault finding we're finding this right now with a couple We've been working with two years They've gone pretty far But now they're a point where they don't want to yield and submit it is natural for sheep to go into a fault finding mode To justify not going on so just expect that
