## Transcript

This is one church where no brother is interested in your money, not the elders. We don't have a pastor, but no elders are interested in anybody's money. That's why we can speak the truth.

The person who's interested in somebody's money will never tell him the truth, because he may not get that guy's money. And there are millions and millions of people all over the world today who are being thoroughly deceived by pastors who are only interested in their money. Thank God you're not in such a church.

Never, ever join such a church unless you want to be deceived.
